Jolliffe,1974 **Sensory Experience and the Metropolis on the Jacobean Stage (1603-1625)** Hristomir A. Stanev,2016-04-01 At the turn of the seventeenth century Hristomir Stanev argues ideas about the

senses became part of a dramatic and literary tradition in England concerned with the impact of metropolitan culture Drawing upon an archive of early modern dramatic and prose writings and on recent interdisciplinary studies of sensory perception Stanev here investigates representations of the five senses in Jacobean plays in relationship to metropolitan environments He traces the significance of under examined concerns about urban life that emerge in micro histories of performance and engage the involuntary and sometimes pre rational participation of the five senses With a dominant focus on sensation he argues further for drama's particular place in expanding the field of social perception around otherwise less tractable urban phenomena such as suburban formation environmental and noise pollution epidemic disease and the impact of built in city space The study focuses on ideas about the senses on stage but also to the extent possible explores surviving accounts of the sensory nature of playhouses The chapters progress from the lower order of the senses taste and smell to the higher hearing and vision before considering the anomalous sense of touch in Platonic terms The plays considered include five city comedies a romance and two historical tragedies playwrights whose work is covered include Shakespeare Jonson Webster Fletcher Dekker and Middleton Ultimately Stanev highlights the instrumental role of sensory flux and instability in recognizing the uneasy manner in which the London writers and perhaps many of their contemporaries approached the rapidly evolving metropolitan environment during the reign of King James I

The Growth of English Schooling, 1340-1548 Jo Ann Hoepfner Moran, 2014-07-14 In contrast to the prevailing view this book reveals the educational revolution of the 1500s to have grown from an earlier expansion of elementary and grammar education in the fourteenth fifteenth and early sixteenth centuries Originally published in 1985 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Bulletin ... of Books Added to the Public Library of Detroit, Mich, 1896 *Medicine and the Seven Deadly Sins in Late Medieval Literature and Culture* Virginia Langum, 2016-09-15 This book considers how scientists theologians priests and poets approached the relationship of the human body and ethics in the later Middle Ages Is medicine merely a metaphor for sin Or can certain kinds of bodies physiologically dispose people to be angry sad or greedy If so then is it their fault Virginia Langum offers an account of the medical imagery used to describe feelings and actions in religious and literary contexts referencing a variety of behavioral discussions within medical contexts The study draws upon medical and theological writing for its philosophical basis and upon more popular works of religion as well as poetry to show how these themes were articulated explored and questioned more widely in medieval culture **The Seven Deadly Sins** Stanford M. Lyman, 1989-01-01 When Stanford M Lyman authored *The Seven Deadly Sins Society and Evil* in 1978 it was hailed by

Alasdair MacIntyre as a book of absorbing interest and importance_ that places us all in his debt By Nelson Hart as a masterful and thought provoking book_ that is the only scholarly treatment of sin that is so well informed by the best of ancient through modern perspectives By James A Aho as a work whose abstract hardly does justice to the scholarly and detailed analysis of sin And by Harry Cohen as a book_ that stands as a beautiful illustration of what holistic idiosyncratic interdisciplinary and creative thinking and writing can bring to bear on the age old problem of society and evil The American Sociological Association s section on the Sociology of the Emotions selected this book as one of the works that laid the foundations for the study of pride lust envy and anger basic sentiments embedded in the social process For this revised and expanded edition Lyman has written a new chapter Sentiments Sin and Social Conflict Toward a Sociology of the Emotions The new edition will be a valuable work for courses in social psychology ethics deviance and the sociology of morals and of religion

Citizen Comedy in the Age of Shakespeare Alexander Leggatt,1972-12-15 This is the first book to survey comprehensively the field of Elizabethan and Jacobean citizen comedy Most studies of the period focus on major authors this one follows recurring themes and motifs through a variety of plays by many authors from the moralizing comedies of the boys companies Professor Leggatt provides not only a fresh perspective on familiar plays by such figures as Jonson Middleton and Dekker but also a new look at a number of neglected comedies some by unfamiliar authors some by major authors working together Standard figures the usurer the prodigal and the prostitute and standard plots notably intrigues based on money or sex or both are traced to show the changes that occur in apparently stereotyped material at the hands of individual authors The result is to display the range and internal variety of a genre that too often is seen as all of a piece and to show the different ways in which social thinking can interact with the demands and comic form This book will interest students of Renaissance English drama both for its treatment of a neglected type of play and for its comments on individual citizen comedies Those who are concerned with drama as a vehicle for social commentary will find many points for discussion

Supplementary Catalogue of the Public Library of New South Wales, Sydney, Reference Department Public Library of New South Wales. Reference Dept,1902 **Sociability and Power in Late-Stuart England** Susan E. Whyman,1999 This highly original study looks at rituals of sociability in new and creative ways Based upon thousands of personal letters it reconstructs the changing country and London worlds of an English gentry family and reveals intimate details about the

social and cultural life of the period Challenging current influential views the book observes strong connections instead of deep divisions between country and city land and trade sociability and power Its very different view undermines established stereotypes of omnipotent male patriarchs powerless wives and kin autonomous elder sons and dependent younger brothers Gifts of venison and visits in a coach reveal unexpected findings about the subtle power of women over the social code the importance of younger sons and the overwhelming impact of London Successfully combining storytelling and historical analysis the book recreates everyday lives in a period of overseas expansion financial revolution and political turmoil
