America The current admonition See America first has awakened many good and patriotic Americans to the picturesqueness and historical interest of their own land It has not however suggested the extent of the America that is to be seen and it is well that this is not signified by its crafty wording for the average traveler would be somewhat disheartened at the realization that to see his country exhaustively would preclude his ever finding time to cross the seas Scenic America is represented largely in its national parks of which there are eight principal ones in the United States alone aggregating about 6 800 square miles This does not include the Grand Canyon which is technically a forest reserve but which nevertheless is included in this book To visit them all is to realize the boundless possibilities of this under exploited country and to see America in its most typical phases About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
