Our Mutual Friend By Charles Dickens:

Our Mutual Friend Charles Dickens, 1865 *Our Mutual Friend* written in the years 1864-65 is the last novel completed by Charles Dickens and is one of his most sophisticated works combining psychological insight with social analysis. It centres on, in the words of critic J Hillis Miller, 'money money money and what money can make of life' but is also about human values. In the opening chapters a body is found in the Thames and identified as that of John Harmon, a young man recently returned to London to receive his inheritance. Were he alive, his father's will would require him to marry Bella Wilfer, a beautiful mercenary girl whom he had never met. Instead, the money passes to the working-class Boffins, and the effects spread into various corners of London society.

Our Mutual Friend Charles Dickens, 2020-12-25 *Our Mutual Friend (1865)* by Charles Dickens (Classics) Charles Dickens, 2016-03-04 books give you the best possible editions of Charles Dickens's novels, including all the original illustrations, useful and informative introductions. Following his father's death, John Harmon returns to London to claim his inheritance, but he finds he is eligible only if he marries Bella Wilfer. To observe her character, he assumes another identity and secures work with his father's foreman, Mr Boffin, who is also Bella's guardian. Disguise and concealment play an important role in the novel, and individual identity is examined within the wider setting of London life in the 1860s, the city was aflame with spiralling financial speculation while thousands of homeless scratched a living from the detritus of the more fortunate; indeed, John Harmon's father has amassed his wealth by recycling waste.

Our common friend in original English. *Our Mutual Friend* is the latest complete novel by the English writer Charles Dickens, published in installments between 1864 and 1865. In many ways, it is one of his most sophisticated and complex works, combining a great depth of psychological insight with a rich social analysis. At first glance, it seems to focus, in the words of critic J Hillis Miller, on 'money money money and what money can make of life', which is a quote from the novel itself from Bella at the end of Book III, chapter IV, but a deeper analysis shows that, above all, it focuses on human values and their application in Victorian society. For many critics and writers, such as Italo Calvino, the novel is an absolute masterpiece in which Dickens pessimistically and already maturely demonstrates the full force of his prose and inventiveness in an authentic exercise of literary virtuosity. In the initial chapter, a young man goes to London to receive the paternal inheritance, which, according to his father's will, can only be received if he marries Bella Wilfer, a beautiful young woman whom he has never met. However, before arriving, a corpse is discovered floating on the River Thames, and the police identify him as his own, so that he is considered dead. The inheritance then passes to the Boffins, his father's uneducated worker; he cannot read, and the effects of this extend to all extremes of London society. John Harmon, heir to the Harmon family property, but on the condition that he marry Bella Wilfer, allegedly killed during most of the novel, in fact lives under the name of John Rokesmith and works as a secretary for the Boffins in order to know better the reaction of Bella, the Boffin.

and the people in general to his death He also used the name of Julius Handford on his first return to London

How is this book unique? Font adjustments, enchanting mercenary Bella Wilfer, the social climbing Veneerings, and the unscrupulous street trader Silas Wegg. The novel is richly symbolic in its vision of death and renewal in a city dominated by the fetid Thames and the corrupting power of money. *Our Mutual Friend* uses text of the first volume edition of 1865 and includes original illustrations, a chronology, and revised further reading. As Adrian Poole writes in his introduction to this new edition: "In its vast scope and perilous ambitions it has much in common with *Bleak House* and *Little Dorrit*, but its manner is more stealthy, on edge, enigmatic."

Our Mutual Friend Charles Dickens, 1994

In his last completed novel published in 1864, Dickens confirmed his reputation as a story teller of genius while extending the sphere of his imagination to new worlds. Like all Dickens novels, *OUR MUTUAL FRIEND* weaves together many stories, uniting them in the bizarre symbolism of the wealth which derives from a rubbish tip. With all the energy of his earlier novels, this one has an extra resonance and depth of shade.

First published serially between 1864 and 1865, *Our Mutual Friend* is the last novel completed by Charles Dickens. The death of a wealthy miser who is estranged from all except his trusted employees, Nicodemus and Henrietta Boffin, brings his son John Harmon back to London in order to claim his inheritance. The patrimony carries with it one condition: that he marries a woman he has never met, Miss Bella Wilfer. When a body is found floating in the Thames, it is presumed to be John, and the inheritance instead passes to the Boffins. The kind-hearted working-class Boffins take into their household the disappointed bride-to-be, Miss Wilfer, and treat her as their own daughter, pampering her with their newfound wealth. They also accept the generous offer of John Rokesmith to attend to their financial affairs for free. Rokesmith, who also goes by the alias of Julius Handford, is in fact the heir John Harmon, presumed to be dead. Dickens's novel is a thematically rich one, addressing the struggle of man between societal expectations and the desire to follow one's heart. Rich with a symbolism of rebirth, *Our Mutual Friend* brilliantly dramatizes the impact that wealth plays upon society. Please provide your review after purchase for our future enhancements.
