The Power Of Point Of View Alicia Rasley, 2008-03-11 Every Character Has a Voice Point of view isn't just an element of storytelling when chosen carefully and employed consistently in a work of fiction it is the foundation of a captivating story It's the character voice you can hear as clearly as your own It's the unique worldview that intrigues readers persuading them to empathize with your characters and invest in their tale It's the masterful concealing and revealing of detail that keeps pages turning and plots fresh It's the hidden agenda that makes narrators complicated and compelling It's also something most writers struggle to understand In *The Power of Point of View* RITA Award winning author Alicia Rasley first teaches you the fundamentals of point of view POV who is speaking why and what options work best within the conventions of your chosen genre Then she takes you deeper to explain how POV functions as a crucial piece of your story something that ultimately shapes and drives character plot and every other component of your fiction Through comprehensive instruction and engaging exercises you'll learn how to choose a point of view that enhances your characters and plots and encourages reader involvement navigate the levels of a character's point of view from objective viewing to action to emotion craft unusual perspectives including children animal narrators and villains A story changes depending on who's telling it and *The Power of Point of View* will help you determine which of your characters can make your story come to life *Official Gazette of the United States Patent and Trademark Office* United States.
