Throughout History and The Trial of Lizzie Borden **Nathaniel Hawthorne and the Romance of the Orient** Luther S. Luedtke,1989-09-22 This volume argues that by focusing on British and American backgrounds readers have underestimated the impact of Asia and the East on American novelist and short story writer Nathaniel Hawthorne s 1804 1864 writing The central force in Hawthorne s intellectual development was New England Puritanism It fascinated even when it sometimes repelled him It exercised a pull on his imagination which a lifetime of varied experience did not loosen The author recreates Hawthorne s heritage and examine his readings in material dealing with the East he examines three of Hawthorne s early tales that were all written before 1830 and he looks at Hawthorne s The Story Teller the two volume book of sketches and tales Hawthorne unsuccessfully tried to publish in 1834 and issued piecemeal thereafter in periodicals as annuals The author also evaluates the role of the Eastern world in Hawthorne s view of Romance and studies some of Hawthorne s remarkable heroines Beatrice Rapaccini Hester Zenobia and Miriam in particular The author maintains that the Puritan element in Hawthorne s ancestry has been overstressed and that insufficient attention has been paid to the equally important travel adventure exploration aspect of Hawthorne s heritage and craft **South Asian Folklore** Peter J. Women in Medicine in Nineteenth-Century American Literature Sara L. Crosby, 2018-09-14 This book investigates how popular American literature and film transformed the poisonous woman from a misogynist figure used to exclude women and minorities from political power into a feminist hero used to justify the expansion of their public roles Sara Crosby locates the origins of this metamorphosis in Uncle Tom's Cabin where Harriet Beecher Stowe applied an alternative medical discourse to revise the poisonous Cassy into a doctor The newly medicalized poisoner then served as a focal point for two competing narratives that envisioned the American nation as a multi racial egalitarian democracy or as a white and male supremacist ethno state Crosby tracks this battle from the heroic healers created by Stowe Mary Webb Oscar Micheaux and Louisa May Alcott to the even more monstrous poisoners or vampires imagined by E D E N Southworth Oliver Wendell Holmes Theda Bara Thomas Dixon Jr and D W Griffith

Abject Eroticism in Northern Renaissance Art Yvonne Owens, 2020-10-29 Hans Baldung Grien the most famous apprentice and close friend of German artist Albrecht Dürer was known for his unique and highly eroticised images of witches In paintings and woodcut prints he gave powerful visual expression to late medieval tropes and stereotypes such as the poison maiden venomous virgin the Fall of Man death and the maiden and other motifs and eschatological themes which mingled abject and erotic qualities in the female body Yvonne Owens reads these images against the humanist intellectual milieu of Renaissance Germany showing how classical and medieval medicine and natural philosophy interpreted female anatomy as toxic defective and dangerously beguiling She reveals how Hans Baldung exploited this radical polarity to create moralising and titillating portrayals of how monstrous

female sexuality victimised men and brought them low Furthermore these images issued from and contributed to the contemporary understanding of witchcraft as a heresy that stemmed from natural feminine defect a concept derived from Aristotle Offering new and provocative interpretations of Hans Baldung's iconic witchcraft imagery this book is essential reading for historians of art culture and gender relations in the late medieval and early modern periods

Images of Sex and Desire in Renaissance Art and Modern Historiography Angeliki Pollali, Berthold Hub, 2017-12-06 Studies on gender and sexuality have proliferated in the last decades covering a wide spectrum of disciplines This collection of essays offers a metanarrative of sexuality as it has been recently embedded in the art historical discourse of the European Renaissance It revisits canonical forms of visual culture such as painting sculpture and a number of emblematic manuscripts The contributors focus on one image either actual or thematic and examine it against its historiographic assumptions Through the use of interdisciplinary approaches the essays propose to unmask the ideologies of representation of sexuality and suggest a richer image of the ever shifting identities of gender The collection focuses on the Italian Renaissance but also includes case studies from Germany and France

Schick,2020-05-05 Gender and sexuality have long held an important place in western attitudes towards the people and regions of the world from the titillating accounts of harem life in the Middle East to terrifying captivity narratives of North America *The Erotic Margin* is a first attempt to pull together the large disparate and often contradictory literature and view it as a corpus Schick argues that such images served to construct spatial difference and thereby helped Europe represent its own place in the world during an age of rapid geographical expansion Informed by the recent literature on human geography as well as feminist and postcolonial theory *The Erotic Margin* focuses on erotica and sexual anthropology as well as travel literature in which from the eighteenth century on both traveler and destination were portrayed in unmistakably gendered and sexualized terms Reviewing examples ranging from the New World to India the Near East to black Africa and the South sea islands to the Barbary Coast the book reflects on why foreign women were variously portrayed as alluring or threatening foreign men as effeminate weaklings or dangerous rapists and foreign lands as sexual idylls or hearts of darkness
