Poland And The European Union:

Poland in the European Union Michał Dobroczyński, 2003 **Poland Within the European Union** Aleks Szczerbiak, 2012 Provides a detailed empirical case study of the impact of the EU on Poland and Poland's impact on the EU in the first three years of membership from 2004-2007 Poland in the European Union Kamil Zajäckowski, Artur Adamczyk, 2015 Poland in European Union Alojzy Nowak, Konstanty Adam Wojtaszczyk, Łukasz Zamecki, 2016-01-22

Poland and the European Union Karl Cordell, 2002-09-11 This authoritative volume assesses how the recently democratised political system in Poland is adapting to the challenges posed by the country's desire to rejoin Europe. Its excellent panel of highly respected Polish academics considers various issues not generally well known to the English speaking world but of great importance in the light of Poland's impending entry into the European Union **Poland's EU Accession** Sergiusz Trzeciak, 2018-01-12 This book examines the process of Poland's accession negotiations to the European Union between 1998-2003. An empirical study based on Robert Putnam's two level game model, it charts the influence and role of key domestic actors and groups on the negotiations, especially in three critical controversial areas: areas where EU accession threatened to bring about a profound transformation to Polish life, agriculture with particular emphasis on direct payments and production quotas, the purchase of real estate by foreigners and the free movement of labour. This book demonstrates the complex interaction between the domestic and international level of negotiations and furthermore shows how critical this link can be to negotiation outcomes at the international level. It reveals how susceptible Poland's negotiation process was to domestic pressure, particularly public opinion and interest groups. Drawing heavily on qualitative analysis such as press releases, news wires, policy documents as well as quantitative analyses such as the use of opinion polls and supported by in depth unrestricted interviews with key Polish decision makers, this book examines the dynamics of policy formation in Poland and shows how this translated into the final conditions of accession Poland's role in the development of an 'Eastern Dimension' of the European Union Andreas Lorek, 2006-12-30 Master's Thesis from the year 2006 in the subject Politics Region Eastern Europe grade 1.5 European University Viadrina Frankfurt Oder language English abstract Im Zuge des Beitrittsprozesses zur EU entwickelte Polen sein Konzept der Eastern Dimension. Der ehemalige polnische Außenminister Bronisław Geremek erklärte bei der Eröffnung der Beitrittsverhandlungen im Jahre 1998 zum ersten Mal den Wunsch einer gemeinsamen europäischen Ostpolitik. Bisher wurde dieser Vorschlag Polens nicht bzw. nur in Bruchstücken umgesetzt. Alle polnischen Regierungen bis heute benennen die Implementierung einer Eastern Dimension als Ziel der eigenen Außenpolitik. Auch die EU erkannte die Notwendigkeit einer gemeinsamen Politik für die neuen Nachbarn zu entwickeln. Der Rat der Europäischen Union beratschlagte im April 2002 zum ersten Mal über Wider Europa und die Beziehungen der erweiterten EU zu den östlichen Nachbarn. In den folgenden Ratssitzungen wurde das Thema vertieft. Allerdings wurde spätestens beim Europäischen Rat in Kopenhagen im Dezember 2002 klar, dass eine gemeinsame europäische Nachbarschaftspolitik ENP für alle Nachbarl

nder der EU entwickelt werden sollte die neue Politik sollte neben den osteuropäischen Staaten also auch die Länder des Mittelmeerraumes und zusätzlich die Kaukasus Staaten umfassen In meiner Master Arbeit mit dem Titel Poland's role in the development of an Eastern Dimension of the European Union bin ich der Frage nachgegangen wieso der polnische Vorschlag nicht umgesetzt wurde Welche Interessensunterschiede oder Umstände führten dazu dass keine neue Regionalpolitik für die östlichen Anrainerstaaten definiert wurde Durch einen Vergleich der zentralen Dokumente der Eastern Dimension und der ENP konnte ich die wesentlichen Unterschiede dieser beiden Politiken analysieren Wichtig war natürlich auch der derzeitige Stand der Beziehungen zwischen der EU und den östlichen Nachbarn Die Teilnahme der Ukraine und Belarus in der ENP ist vorgesehen bisher ist allerdings erst die Ukraine in die Gemeinschaftspolitik integriert Die Teilnahme von Belarus in der ENP kann erst erfolgen wenn demokratische Reformen durchgeführt werden Die bilateralen Beziehungen zwischen Russland und der EU stellen sich als schwierig dar Russland lehnt es ab im Rahmen der ENP mit der EU zu kooperieren

Accession of the Czech Republic, Hungary, and Poland to the European Union Frank Fuller, 2000 *Social Networks and Public Support for the European Union* Elizabeth Radziszewski, 2013-11-26 Although political conversations on European integration are common they are not part of existing explanations for attitude formation on the EU This book examines the impact of social interactions specifically interpersonal and informal discussions on shaping individuals views on European integration Looking at opinion formation through the lens of social networks the author develops an innovative argument about the role that social networks play in delivering information and moulding individuals identities Including original survey data and an

extended case study on Poland the book identifies three processes through which informal discussions could affect views on integration and shows that differences in discussion dynamics explain why some people change their opinions while others remain loyal to their views It shows that well connected leaders in small communities can use informal talks to ensure the spread of local ideas such as opposition to the EU even when such ideas are unpopular at the national level This book demonstrates that people who engage in informal talks about politics behave differently than those who are excluded from such interactions Social Networks and Public Support for the European Union will be of interest to students and scholars of European Union politics public opinion social networks political marketing deliberation Eastern Europe and comparative politics

The European Union in a Changing World Order Antonina Bakardjieva Engelbrekt, Niklas Bremberg, Anna Michalski, Lars Oxelheim, 2019-08-06 This book explores how the European Union responds to the ongoing challenges to the liberal international order These challenges arise both within the EU itself and beyond its borders and put into question the values of free trade and liberal democracy The book's interdisciplinary approach brings together scholars from economics law and political science to provide a comprehensive analysis of how shifts in the international order affect the global position of the EU in dimensions such as foreign and security policy trade migration populism rule of law and climate change All chapters include policy recommendations which make the book particularly useful for decision makers and policy advisors besides researchers and students as well as for anyone interested in the future of the EU

Common Culture and the Ideology of Difference in Medieval and Contemporary Poland Teresa Pac, 2022-02-10 Teresa Pac provides a much needed contribution to the discussion on shared culture as foundational to societal survival Through the examination of common culture as a process in medieval Kraków Poznań and Lublin Pac challenges the ideology of difference institutional religious ethnic and nationalistic Similarly Pac maintains twenty first century Polish leaders utilize anachronistic approaches in the invention of Polish Catholic identity to counteract the country's increasing ethnic and religious diversity As in the medieval period contemporary Polish political and social elites subscribe to the European Union's ideology of difference legitimized by a European Christian heritage and its intended basis for discrimination against non Christians and non white individuals under the auspices of democratic values and minority rights among which Muslims are a significant target
