(Special/Express/NA) , Python beyond Python Paul N. Reinsch, B. Lynn Whitfield, Robert G. Weiner, 2017-07-14 This collection of original interdisciplinary essays addresses the work of Monty Python members beyond the comedy show films and live performances. These men are prolific creators in a variety of artistic realms beyond the confines of the comedy troupe. Their work as individuals before and after coming together as Monty Python demonstrates a restless curiosity about culture that embraces absurdity but seldom becomes cynical. Python members collectively and individually create unique approaches to theatre, film, video games, comic books, business training videos, and more. Python Beyond Python increases our understanding of this often neglected work and the meanings of Monty Python. *Michael Palin's Hemingway Adventure* Michael Palin, 2010-05-27 A winning combination of No. 1 travel writer Michael Palin and one of the great literary figures of the century. When Michael Palin was researching for his novel *HEMINGWAY'S CHAIR*, his interest was stimulated by Hemingway's appetite for travel and Papa's evocations of the places he knew. Hemingway remains a compelling figure, and Palin's goal was to revisit Hemingway's world. This book includes the American West, wide lawns and narrow minds, Idaho, Michigan, fly fishing, hunting, Europe in the First World War where Hemingway was wounded serving in the Ambulance Brigade, Cuba where Hemingway wrote *FOR WHOM THE BELL TOLLS*, Paris in the Roaring Twenties, and Spain during the Spanish Civil War, Sun Valley and Key West where the Hemingway lookalike competition is an annual event. *Monty Python* Richard Topping, 2014-03-03 Have you ever wanted to be a lumberjack? Had trouble with a dead parrot? Or gone for a silly walk? Combining outrageous humour, unbridled creativity, and surreal animation, John Cleese, Michael Palin, Graham Chapman, Terry Gilliam, Terry Jones, and Eric Idle entertained millions and inspired generations of future comedians. Including all Monty Python material ever produced, from the Flying Circus to the Life of Brian to Spamalot, with biographies, programme guides, and a filmography, this is a must-have plethora of Pythonism and a fitting tribute to comedic pioneers. **Encyclopedia of Television** Horace Newcomb, 2014-02-03 The Encyclopedia of Television, second edition, is the first major reference work to provide description, history, analysis, and information on more than 1100 subjects related to television in its international context. Imaginary Europe Elisabeth Bekers, Maggie Ann Bowers, Sissy Helff, 2019-06-24 The 20th century has witnessed crucial changes in our perceptions of Europe. Two World Wars and many regional conflicts, the end of empires and of the Eastern Bloc, the creation and expansion of the European Union, and the continuous reshaping of Europe's population through emigration, immigration, and globalization have led to a proliferation of images of Europe within the continent and beyond. While Eurocentrism governs current public debates in Europe, this book takes a special interest in literary and cinematographic imaginings of Europe that are produced from more distant, decentred, or peripheral vantage points and across differences of political power, ideological or ethnic affinity, cultural currency, linguistic practice, and geographical location. The contributions to this book demonstrate how these particular imaginings of Europe often without first-hand

experience of the continent do not simply hold up a mirror to Europe but dare to conceive of new perspectives and constellations for Europe that call for a shifting of critical positions In so doing the artistic visions from afar confirm the significance of cultural imagination in re conceptualizing the past present and future of Europe This book was originally published as a special issue of the Journal of Postcolonial Writing **People of the Day 2** Peter Wynter Bee,2007-10
