# Poles Apart Parallel Visions Of The Arctic And Antarctic

**Michael Smith**

## **Poles Apart Parallel Visions Of The Arctic And Antarctic:**

*Poles Apart* ,1995 In *Poles Apart* Galen Rowell takes us on an exhilarating visual journey to the top and the bottom of the world using the parallel visions of his camera to reveal the fascinating differences between these polar opposites

**Antarctic News Clips** ,1996      **The United States in Antarctica** ,1997 This document represents the final report of the United States Antarctic Program External Panel The report has the unanimous approval of all 11 panel members and draws upon our collective experience which includes some 44 individual trips to Antarctica involving visits to all three U S stations each research ship support icebreakers and numerous field sites As a panel we visited McMurdo Station and South Pole Station and toured support facilities at Christchurch We received approximately 70 briefings and conducted 80 one on one meetings with individuals involved in virtually all aspects of the Antarctic Program Over 200 inputs were received in response to our request for public comments During visits to McMurdo and the Pole the Panel conducted informal Town Meetings and was the beneficiary of numerous comments by members of those communities having first hand experience in day to day operations We are most appreciative of the candor and professionalism with which we were treated by all those with whom we came into contact and in particular the members of the National Science Foundation who so expertly and constructively supported our efforts We believe the U S Antarctic Program is well managed involves high quality science and is important to the region as well as to the United States We also believe that in the current budget environment costs must be reduced preferably through increased efficiency and reinvention but if not through reduced scope Recommendations are offered herein to help ensure the continued viability of the program into the 21st century      **Slicing the Silence** Tom

Griffiths,2007 The author reflects on his experiences exploring Antarctica the last true wilderness      **Lonely Planet Antarctica** Lonely Planet,Alexis Averbuck,Cathy Brown,2017-12-01 Lonely Planet The world s leading travel guide publisher Lonely Planet Antarctica is your passport to the most relevant up to date advice on what to see and skip and what hidden discoveries await you Get up close and personal with the local penguin populations cruise the picture perfect Lemaire Channel or pay a visit to Ernest Shackleton s eerily preserved hut all with your trusted travel companion Get to the heart of Antarctica and begin your journey now Inside Lonely Planet Antarctica Travel Guide Colour maps and images throughout Highlights and itineraries help you tailor your trip to your personal needs and interests Essential info at your fingertips hours of operation phone numbers websites transit tips prices Honest reviews for all budgets eating sleeping sight seeing hidden gems that most guidebooks miss Cultural insights give you a richer more rewarding travel experience history landscapes wildlife environment Over 24 maps Covers the South Pole the Antarctic Peninsula Ross Ice Shelf Lemaire Channel Deception Island Cuverville Island Cape Royds Cape Denison Cape Evans Port Lockroy Paradise Harbor and more About Lonely Planet Lonely Planet is a leading travel media company and the world s number one travel guidebook brand providing both inspiring and trustworthy information for every kind of traveller since 1973 Over the past four decades we ve printed over 145 million

**Important Notice** The digital edition of this book may not contain all of the images found in the physical edition **Ocean** Sylvia A. Earle,Linda K. Glover,2009 Delve into this underwater world with ocean experts Sylvia A Earle and Linda K Glover who have devoted their lives to understanding the ocean and who share their insights in this atlas along with those of 27 other scientists and specialists Other stunning data and imagery are revealed by the skills of expert photographers cartographers and illustrators Ocean An Illustrated Atlas distills decades of research firsthand observations scientific data and analyses and engages and informs all who may want to more deeply explore the nature of this blue planet Accompanying the text are more than 100 maps including 5 extraordinary new maps showing the nature of the seafloor of the major ocean basins in detail not published before More than 170 photographs and three dozen illustrations provide new ways of looking at this amazing place with a perspective on the past present and future of the ocean and on how it relates to human economies health security and the very existence of life **BOOK JACKET** **An Unsung Hero** Michael Smith,2010-03-03 The story of the remarkable Tom Crean who ran away to sea aged 15 and played a memorable role in Antarctic exploration He spent more time in the unexplored Antarctic than Scott or Shackleton and outlived both Among the last to see Scott alive Crean was in the search party that found the frozen body An unforgettable story of triumph over unparalleled hardship and deprivation

*Research Handbook on International Environmental Law* Malgosia Fitzmaurice,David M. Ong,Panos Merkouris,2010 an impressive volume and the editors have put together a high quality collection *Research Handbook on International Environmental Law* ought to be an invaluable reference source for both teachers and students of international environmental law in the years to come *Web Journal of Current Legal Issues* This wide ranging and comprehensive Handbook examines recent developments in international environmental law IEL and the crossover effects of this expansion on other areas of international law such as trade law and the law of the sea The expert contributors offer analyses of foundational issues in IEL such as responsibility for environmental damage sustainable development and the precautionary principle alongside studies in topical subject areas including marine protection and the law of international watercourses This Research Handbook offers an in depth analysis of IEL both as a field of law in its own right and as part of the wider system of international law It gives a comprehensive view of IEL in all its forms and complexity With thorough examination of specific environmental regimes and

compliance mechanisms this Handbook will be an indispensable resource for legal scholars students and practitioners alike

**Atlas of Improbable Places** Travis Elborough, 2021-07-06 Atlas of Improbable Places shows the modern world from surprising new vantage points that will inspire urban explorers and armchair travellers alike to consider a new way of understanding the world we live in *I Am Just Going Outside: Captain Oates - Antarctic Tragedy* Michael Smith, 2002-09-10 On 17 March 1912 Lawrence Titus Oates crawled bootless from a tent to his death in blizzard conditions of 40 C Oates always an outsider on Scott's Polar expedition died on his 32nd birthday His parting words were I am just going outside and may be some time Oates was the epitome of the Victorian English gentleman a public schoolboy who became a dashing cavalry officer and hero in the Boer War Stationed in Ireland from 1902 to 1906 his passion became horse racing and he won numerous victories at racecourses throughout Ireland Oates austere and dominating mother blamed Scott for her son's death and was among the first to challenge the accepted version of events She continued to control his memory long after his death keeping his diary and letters hidden even ordering their destruction from her deathbed Oates always had difficulty forming lasting relationships with women He died without realising that he was a father The story of how Oates died unaware of his daughter has been a closely guarded secret until now This is a compelling and heart rending story of endurance bravery and folly From the author of TOM CREAN AN UNSUNG HERO **Wildlife Review**, 1995 **Fisheries Review**, 1995 The Transantarctic Mountains Gunter Faure, Teresa M. Mensing, 2010-09-21 This book presents a summary of the geology of the Transantarctic Mountains for Earth scientists who may want to work there or who need an overview of the geologic history of this region In addition the properties of the East Antarctic ice sheet and of the meteorites that accumulate on its surface are treated in separate chapters The presentation ends with the Cenozoic glaciation of the Transantarctic Mountains including the limnology and geochemical evolution of the saline lakes in the ice free valleys The subject matter in this book is presented in chronological order starting about 750 million years ago and continuing to the present time The chapters can be read selectively because the introduction to each chapter identifies the context that gives relevance to the subject matter to be discussed The text is richly illustrated with 330 original line drawings as well as with 182 color maps and photographs The book contains indexes of both subject matter and of authors names that allow it to be used as an encyclopedia of the Transantarctic Mountains and of the East Antarctic ice sheet Most of the chapters are supplemented by Appendices containing data tables additional explanations of certain phenomena e.g the formation and seasonal destruction of stratospheric ozone and illustrative calculations e.g <sup>38</sup>Cl dates of meteorites The authors have spent a combined total of fourteen field seasons between 1964 and 1995 doing geological research in the Transantarctic Mountains with logistical support by the US Antarctic Program Although Antarctica is remote and inaccessible tens of thousands of scientists of many nationalities and their assistants have worked there and even larger numbers of investigators will work there in the future Mountain Research and Development, 1997 **Antarctic**, 2001 Backpacker, 1998-01 Backpacker brings the

outdoors straight to the reader's doorstep inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure Backpacker is the world's first GPS enabled magazine and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature, and product innovation, has become the gold standard against which all other outdoor industry awards are measured. Summit Magazine, 1996      **Summit Guide**, 1995      *Lands and Peoples: Central and South America, Antarctica*, 2005      *Library Journal*, 1995. Includes beginning Sept 15, 1954 and on the 15th of each month. Sept-May a special section. School library journal. ISSN 0000-0035 called Junior Libraries, 1954-May 1961. Also issued separately.
