Library of Congress, Library of Congress. Subject Cataloging Division, 1989 The Value of Species Edward L.

McCord, 2012-05-01 In the face of accelerating extinctions across the globe what ought we to do Amid this sea of losses what is our responsibility How do we assess the value of nonhuman species In this clear spoken passionate book naturalist and philosopher Edward L. McCord explores urgent questions about the destruction of species and provides a new framework for appreciating and defending every form of life The book draws insights from philosophy ethics law and biology to arrive at a new way of thinking about the value of each species on earth With meticulous reasoning McCord demonstrates that the inherent value of species to humanity is intellectual individual species are phenomena of such intellectual moment so interesting in their own right that they rise above other values and merit enduring human embrace The author discusses the threats other species confront and delineates the challenges involved in creating any kind of public instrument to protect species No other scholar has advocated on behalf of biodiversity with such eloquence and passion and none provides greater inspiration to defend nonhuman forms of life

Electric Animal Akira Mizuta Lippit, 2000-05-01 Differentiation from animals helped to establish the notion of a human being but the disappearance of animals now threatens that identity This is the argument underlying Electric Animal a probing exploration of the figure of the animal in modern culture Akira Mizuta Lippit shows us the animal as a crucial figure in the definition of modernity essential to developments in the natural sciences and technology radical transformations in modern philosophy and literature and the advent of psychoanalysis and the cinema Moving beyond the dialectical framework that has traditionally bound animal and human being Electric Animal raises a series of questions regarding the idea of animality in Western thought Can animals communicate Do they have consciousness Are they aware of death By tracing questions such as these through a wide range of texts by writers ranging from Friedrich Nietzsche to Jacques Derrida Sigmund Freud to Vicki Hearne Lewis Carroll to Franz Kafka and Sergei Eisenstein to Gilles Deleuze Lippit arrives at a remarkable thesis revealing an extraordinary logical consensus in Western thought animals do not have language and hence cannot die The animal has accordingly haunted thought as a form of spectral and undead being Lippit demonstrates how in the late nineteenth century this phantasmic concept of animal being reached the proportions of an epistemological crisis engendering the disciplines and media of psychoanalysis modern literature and cinema among others Against the prohibitive logic of Western philosophy these fields opened a space for rethinking animality Technology usually thought of in opposition to nature came to serve as the repository for an unmournable animality a kind of vast wildlife museum A highly original work that charts new territory in current debates over language and mortality subjectivity and technology Electric Animal brings to light fundamental questions about the status of representation of the animal and of

ourselves in the age of biomechanical reproduction *Psychic Pets - How Animal Intuition and Perception Has Changed Human Lives* Emma Heathcote James, 2010-11-01 Is your pet special When you talk to it do you feel it listening and even understanding Has an animal ever saved your life physically emotionally or spiritually Like humans animals are spiritual beings Their many qualities include unconditional love joy forgiveness patience courage and gratitude virtues that are often lacking in our high tech world We all know a pet that can anticipate its owners return home but did you know that some dogs have the ability to spot cancerous tumours Horses have been known to drag their injured rides back to the stables the US Epilepsy Institute say dogs can tell when someone is about to have a seizure and all types of animals are now used in alternative therapy In this riveting collection of testimonials from around the world Emma Heathcote James investigates and celebrates inspirational tales of amazing animals Do pets possess an innate psychic ability which gives them powers of perception and even permits them to see into the future It s time to take a look at what we humans might be missing and to give our pets the respect that they are due **Weekly World News** , 1988-03-22 **Art for Animals** J. Keri Cronin, 2018-04-09 Animal rights activists today regularly use visual imagery in their efforts to shape the public s understanding of what it means to be kind cruel and inhumane toward animals Art for Animals explores the early history of this form of advocacy through the images and the people who harnessed their power Following in the footsteps of earlier formed organizations like the RSPCA and ASPCA animal advocacy groups such as the Victoria Street Society for the Protection of Animals from Vivisection made significant use of visual art in literature and campaign materials But enabled by new and improved technologies and techniques they took the imagery much further than their predecessors did turning toward vivid pointed and at times graphic depictions of human animal interactions Keri Cronin explains why the activist community embraced this approach details how the use of such tools played a critical role in educational and reform movements in the United States Canada and England and traces their impact in public and private spaces Far from being peripheral illustrations of points articulated in written texts or argued in impassioned speeches these photographs prints paintings exhibitions magic lantern slides and films were key components of animal advocacy at the time both educating the general public and creating a sense of shared identity among the reformers Uniquely focused on imagery from the early days of the animal rights movement and filled with striking visuals Art for Animals sheds new light on the history and development of modern animal advocacy Field and Stream , 1927 Animals , 1906
