Police Chronicles:

The Tragedy of Bleiburg and Viktring, 1945 Florian Rulitz, 2016-03-07 The atrocities and mass murders committed by Josip Broz Tito's Partisan units of the Yugoslav Army immediately after the Second World War had no place in the conscience of Socialist Yugoslavia. More than once the annual Croatian commemoration of the Bleiburg victims was subject to attacks carried out by the socialist Yugoslav state. Abroad in the West, on Austrian soil, the Yugoslav secret service UDBA did not shy away from murdering the protagonist of the Croatian memory culture, Nicola Martinovic, as late as 1975. The official history was aligned with a firm interpretational paradigm that called for a glorification of the anti-fascist people's liberation resistance. With the breakup of Yugoslavia and its socialist regime in 1991, the identity-establishing accounts of contemporary witnesses which had mainly been cherished in exile circles abroad increasingly reached public awareness in Croatia and Slovenia. In the 1990s, Croatia witnessed the emergence of a memory that had been suppressed by the socialist Yugoslav regime, namely the Bleiburg tragedy. The situation in Slovenia was similar in terms of identity and remembrance culture. Among the Slovenes, the communist crimes committed during the turmoil are known as the drama of Viktring or the Viktring tragedy, named after the largest refugee camp of the Slovenes. Reports on the communist postwar crimes and on the countless discoveries of mass gravesites have also begun circulating in the media of the German-speaking world in the last few years. Florian Rulitz's meticulously researched book, now available for the first time in English, provides a corrective to the historical memory that had been previously accepted as truth. Rulitz focuses on two essential questions: First, did the so-called final encirclement battles indeed occur in Carinthia in the Ferlach, Hollenburg, Viktring, and Dravograd/Poljana Bleiburg areas, resulting in military victories for the Yugoslav Army? Second, were the battles after the capitulation fought by the refugees with the aim of reaching the British-controlled areas in Carinthia? To answer these questions, Rulitz presents a detailed reconstruction of those days in May 1945. He furthermore considers the question of the murders on Austrian territory, which were hushed up in Partisan literature and presented as casualties of the final military operations. This groundbreaking study will interest scholars and students of modern European history. K9 Chronicles Book One, 2006-11

Chronicles of Crime Camden Pelham,1891 *The Vatican Chronicles* Joseph W. Harned,2021-03-26 The Vatican Chronicles is a tongue in cheek novel about the most dangerous act of nuclear terrorism in the twenty first century a romp of international intrigue and espionage by a man who spent thirty three years in the field The explosive story begins in Washington and focuses on the most recent shipment of plutonium by Japan from Cherbourg to Nagasaki a shipment that could produce three hundred Nagasaki size bombs A bizarre attack on His Holiness at the Vatican s summer palace and the murder of a well known cardinal in the Vatican hospital lead a much loved and popular pope and an unloved and unpopular intelligence agency to form an unlikely joint venture to save a key priest at an obscure monastery near Kyoto As readers we are treated to a Japan no Westerner is permitted to see and made privy to a Vatican initiative so daring it may not be revealed The harrowing escapade of nuclear terrorists will succeed unless a handful of Americans and Japanese aided by the Vatican can discover who is behind the threat and stop them Wikipedia defines roman clef French for novel with a key as a novel about real life events that is overlaid with a fa ade of fiction The fictitious names in the novel represent real people The reasons an author might choose roman clef format include writing about a controversial subject and or reporting inside information and the opportunity to turn the tale the way the author would like it to have gone **While the City Sleeps** Lila Caimari,2017 While the City Sleeps is an extraordinary work of scholarship from one of Argentina s leading historians of modern Buenos Aires society and culture In the late nineteenth century the city saw a massive population boom and large scale urban development With these changes came rampant crime a chaotic environment in the streets and intense class conflict In response the state expanded institutions that were intended to bring about social order and control Lila Caimari mines both police records and true crime reporting to bring to life the underworld pistoleros the policemen who fought them and the crime journalists who brought the conflicts to light In the process she crafts a new portrait of the rise of one of the world s greatest cities **An Argument for the Legislative Prohibition of the Liquor Traffic** Frederic Richard Lees,1857 *Connected Histories* Eva Pfanzelter,Dirk Rupnow,Éva Kovács,Marianne Windsperger,2024-09-23 The World Wide Web WWW and digitisation have become important sites and tools for the history of the Holocaust and its commemoration Today some memory institutions use the Internet at a high professional level as a venue for self presentation and as a forum for the discussion of Holocaust related topics for potentially international transcultural and interdisciplinary user groups At the same time it is not always the established institutions that utilise the technical possibilities and potential of the Internet to the maximum Creative and sometimes controversial new forms of storytelling of the Holocaust or more traditional ways of remembering the genocide presented in a new way with digital media often come from people or groups who are not in the realm of influence of the large memorial sites museums and archives Such private stagings have experienced a particular upswing since the boom of social media This democratisation of Holocaust memory and history is crucial though it is as yet undecided how much it will ultimately reinforce old structures and cultural regional or other

inequalities or reinvent them The Digital space as an arbitrary and limitless archive for the mediation of the Holocaust spanning from Russia to Brazil is at the centre of the essays collected in this volume This space is also considered as a forum for negotiation a meeting place and a battleground for generations and stories and as such offers the opportunity to reconsider the transgenerational transmission of trauma family histories and communication Here it becomes evident there are new societal intentions and decision making structures that exceed the capabilities of traditional mass media and thrive on the participation of a broad public
