Policewomen Who Made History Robert L. Snow, 2010-06-16 Beginning with a history of women in police work Snow traces their rise through the ranks focusing first on the first women to be given a patrol assignment In their own words policewomen describe the challenges and advantages of being a woman on the force and demonstrate the perseverance many of them needed to make it in this mostly boys club Facing obstacles such as sex discrimination and harassment requirements meant to block their ascent and personal issues that arise when family members don't understand their call to duty these women broke new ground and paved the way for others who would go on to leadership positions and other higher ranking roles This vivid and inspiring account illustrates both the barriers women faced and continue to cope with in the field of police work but also celebrates their achievements and triumphs along the way

Police Women Sandra K. Wells, Betty L. Alt, 2005-09-30 It is often said that a woman must do a job twice as well as a man in order to get half the credit This is particularly true of women in law enforcement Women have been involved in various forms of policing for the last 100 years but it wasn't until the Equal Employment Act of 1970 that women could move from the job of meter maids to patrol and detective work Yet less than 1% of all top level cops are women and there remain significant obstacles in the career paths of women in the force This book looks at the history of women police officers and provides first hand accounts of women at every level including those who drop out It addresses discrimination competition lack of mentoring differential treatment and sexual harassment examining what issues play into the decision to stick it out or leave that many policewomen face It also considers the family issues these women return home to at the end of the day It is often said that a woman must do a job twice as well as a man in order to get half the credit This is particularly true of women in law enforcement Women have been involved in various forms of policing for the last 100 years but it wasn't until the Equal Employment Act of 1970 that women could move from the job of meter maids to patrol and detective work Yet less than 1% of all top level cops are women and there remain significant obstacles in the career paths of women in the force This book looks at the history of women police officers and provides first hand accounts of women at every level including those who drop out It addresses discrimination competition lack of mentoring differential treatment and sexual harassment It looks at what plays into the decision to stick it out or leave that many policewomen face It also considers the family issues these women return home to at the end of the day Unlike other treatments of the subject Alt and Wells show how women have changed police work into a more community oriented model of policing reduced police violence served as a strong force to promote a more effective response to domestic violence within police departments and helped with community police relations With a combination of first hand accounts careful research and lively analysis the authors are able to convey the actual experiences of women who have made their careers behind the shield

Policewomen Kerry Segrave, 2014-02-24 Women in policing have seen three phases of acceptance Beginning in about 1880 they were admitted as police matrons with extremely limited duties Next they were accepted as policewomen around 1910 1916 when that title was officially bestowed on them Finally came assignment of females as general duty officers in the late 1960s and early 1970s Not coincidentally an active women s movement was the driving force behind all three phases As women in policing went from matrons to regular officers they faced harassment and discrimination that only worsened as they neared equality Many still face it today This book examines the history of policewomen from 1880 to 2012 particularly in the U S and tells the story of their gradual recognition by the professional establishment of male officers
