lenses at his brandy glass The newcomer took him in with one sweep of his eyes then strode quickly to the bedroom opened its door and gave a quick look around inside Hey Ben protested Another six footer cut in the same model as the first stepped from the closet This was really out of the question You couldn t have got the two of them in there with a shoehorn But that didn t prevent a third one from pressing after the second While the third brute was giving the room the onceover the second headed for the bathroom and gave it a quick glance They evidently wanted to be sure Ben Farlan was alone The first had meantime checked the tiny kitchenette Ben Farlan let loose with another weak Hey

Towers of Utopia Mack Reynolds,2017-03-29 The enemy has no face It does not show on the scanners It avoids the world s most sophisticated surveillance system But it leaves a wake of profitless crime and motiveless murder and puts the future of mankind s paradise on earth in peril

Computer War Mack Reynolds,2019-10-24 The odds were right for victory The problem with computer warfare is that the computer is always logical while the human enemy is not or doesn t have to be And that s what the Betastani enemy were doing nothing that the Alphaland computers

said they would Those treacherous foemen were avoiding logic and using such unheard of devices as surprise and sabotage treason and trickery They even had Alphaland s Deputy of Information believing Betastani propaganda without even realizing it Of course he still thought he was being loyal to Alphaland because he thought that one and one must logically add up to two And that kind of thinking could make him the biggest traitor of them all **Trample an Empire Down** Mack

Reynolds,2012-12-14 UTOPIA WAS NO FUN They had a Guaranteed Annual Income and an automated world where no one had to work but there was nothing to do When Morris and his friends ran out of beer there was only one alternative they decided to overthrow the government **Dawnman Planet** Mack Reynolds,2012-12-14 Ron Bronston was sworn to protect the United Planets dream the pursuit of freedom and progress on all of the 3000 human inhabited planets of the galaxy As an operative of the secret section of the United Planets Bureau of Investigation Bronston was called upon for some very unusual missions But the present crisis was without precedent Man s sovereignty in his galaxy was challenged by a single madman and the super weapons of the Dawnmen the mysterious aliens from the unexplored vastness of the galaxy s center Bronston alone had to find a way to stop them *The Cosmic Eye* Mack Reynolds,2020-01-23 Morris should have functioned perfectly in the rigid totalitarian society of the future where every thought every word every action was controlled by the superstate A state where everyone was watched night and day by the Great Eye of the internal security forces It was a strange in many ways inhuman world but the rewards were great for those who belonged to the right caste Morris belonged to the master class which ruled the entire world by brain power or brutality depending on which was needed Morris was born right at the top he had everything the Technate Society could provide and yet he didn t belong Nonconformity could mean liquidation but he was prepared to take the risk **The Earth War** Mack Reynolds,2012-12-14 In the 21st century the nature of war has change Atomic weapons Bazookas and rockets were all banned Machine guns were just permissable An the newest secret weapon A GLIDER East and West had managed an uneasy truce in the arms race by banning all weapons developed after 1900 Yet small wars waged in front of television cameras were the means of settling industrial disputes It was a crazy way of doing things but it worked until an ambitious Major upset the status quo and threw the world s peace into deadly peril

Section G Mack Reynolds,2011-09-29 Legally the United Planets Organization could do nothing about the repressive backward planetary governments of Falange Stalin and Doria It was imperative however that something be done The UP had proof that a race of highly advanced warlike aliens existed somewhere in the depths of space the human held worlds ad to be ready to meet the challenge when it came For this reason the secret corps Section G was formed No government could be allowed to hold up the progress of mankind Section G was ordered to bring them down by any means necessary **Code Duello** Mack Reynolds,2017-09-16 United Planets spy team included a man who could never lose a bet but this time the odds were astronomical
