Policing Terrorism, Crime Control, and Police-Community Relations Badi Hasisi, 2014-08-14 This timely and important work takes a critical look at the shifting role of police who are becoming increasingly responsible for handling terrorism threats on top of their regular responsibilities With an unprecedented empirical study the authors of this book examine whether this increased focus on security related threats may come at the expense of addressing classic police responsibilities such as fighting crime and dealing with local day to day community problems They also examine whether this shift has had a detrimental effect on police community relationships and perceptions of police legitimacy as their role changes from service to suspicion Through a four year multi method study specifically focused on the Israel National Police the authors of this work have examined the effects of this shifting role on a number of key areas of policing concern namely police effectiveness at fighting crime and police legitimacy drawing conclusions applicable to any democratic police force The results of the study provide a number of concrete recommendations for maintaining effectiveness and community relationships of the police with increasing responsibilities challenges and limited resources This work will be of interest for researchers in criminology and criminal justice particularly with a focus on police studies and counter terrorism police administrators and researchers in related disciplines such as sociology and public administration *Police-community Relations in Reno, Nevada* United States Commission on Civil Rights. Police Community Support Officers Megan O'Neill, 2019-04-25 Police Community Support Officers Cultures and Identities within Pluralised Policing presents the first in depth ethnographic study of Police Community Support Officers PCSOs since the creation of the role in 2002 Situated within the tradition of police ethnographies this text examines the working worlds of uniformed patrol support staff in two English police forces Based on over 350 hours of direct observation and 33 interviews with PCSOs and police constables in both urban and rural contexts Police Community Support Officers offers a detailed analysis of the operational and cultural realities of pluralised policing from within Using a dramaturgic framework the author finds that PCSOs have been undermined by their own organisations from the beginning which has left a lasting legacy in terms of their relationships and interactions with police officer colleagues The implications of this for police cultures community policing approaches and the success of pluralisation are examined The author argues that while PCSOs can have similar occupational experiences to constables their particular circumstances have led to a unique occupational culture one which has implications for existing police culture theories The

book considers these findings in light of budget reductions and police reforms occurring across the sector processes in which PCSOs are particularly vulnerable *Police-Community Relations: Bridging the Gap* Wayne L. Davis PH.D., 2015-02-16 This book provides an overview of police community relations First this book examines elderly people and some of their concerns To best serve the public the police must understand the concerns of the public Second this book discusses various criminal theories and their limitations Theories are effective for understanding problems and for solving the problems However every theory has a limitation Third this book discusses ethical systems and police department orientations which are used to judge good police officer behavior Fourth this book discusses communication deviance and dealing with disadvantaged individuals Fifth this book discusses hot spots crime prevention through environmental design community policing and community intervention Finally this book discusses how to estimate the implementation of a police community relations program and provides several examples of how to evaluate a program via academic research *Document Retrieval Index*, 1974
