Police Roman:

Policing the Roman Empire Christopher J. Fuhrmann, 2012-01-12 Drawing on a wide variety of source material from art archaeology administrative documents Egyptian papyri laws Jewish and Christian religious texts and ancient narratives this book provides a comprehensive overview of Roman imperial policing practices **Hellenistic and Roman Egypt**

Roger S. Bagnall, 2024-12-11 This second collection by Roger Bagnall brings together a further two dozen of his studies this time covering Hellenistic Roman and Byzantine Egypt published over the last thirty years Many of the articles deal with issues of historical and papyrological method the restoration of papyrus texts the direction of archaeological work in Egypt economic models for Roman Egypt the usefulness of postcolonial theory and approaches to the defective literary tradition for the Library of Alexandria Others concentrate on particular bodies of evidence ranging from inscriptions to ascetic literature from registers to women's letters **The Oxford Handbook of Roman Law and Society** Paul J du Plessis, Clifford

Ando, Kaius Tuori, 2016-10-20 The Oxford Handbook of Roman Law and Society surveys the landscape of contemporary research and charts principal directions of future inquiry More than a history of doctrine or an account of jurisprudence the Handbook brings to bear upon Roman legal study the full range of intellectual resources of contemporary legal history from comparison to popular constitutionalism from international private law to law and society thereby setting itself apart from other volumes as a unique contribution to scholarship on its subject The Handbook brings the study of Roman law into closer alignment and dialogue with historical sociological and anthropological research into law in other periods It will therefore be of value not only to ancient historians and legal historians already focused on the ancient world but to historians of all periods interested in law and its complex and multifaceted relationship to society **People of the State of Illinois V.**

Melchor, 2005 Novak V. Illinois Department of Corrections, State of Illinois, 1985 **Roman Law in the Modern World: Manual of Roman law illustrated by Anglo-American law and the modern codes** Charles Phineas

Sherman, 1917 *The Romans of Britain* Henry Charles Coote, 1878 *Facing the Mob* Benjamin Browning, 2022-02-25

Whether you are reading the story of Pilate's encounter with angry crowds during the trial of Jesus or reading one of the numerous accounts of mob violence in the book of Acts you will find that the threat of crowd violence is a common theme in the New Testament particularly in the Gospels and Acts In *Facing the Mob* Benjamin Browning provides a thorough examination of how government officials in the early Roman Empire responded to civil unrest He then uses these insights from the ancient world to provide readers of the New Testament with tools that will help them to interpret civil unrest passages more effectively *A Companion to Greco-Roman and Late Antique Egypt* Katelijn Vandorpe, 2019-03-19 An authoritative and multidisciplinary Companion to Egypt during the Greco-Roman and Late Antique period With contributions from noted authorities in the field *A Companion to Greco-Roman and Late Antique Egypt* offers a comprehensive resource that covers almost 1000 years of Egyptian history starting with the liberation of Egypt from Persian rule by Alexander the

Great in 332 BC and ending in AD 642 when Arab rule started in the Nile country The Companion takes a largely sociological perspective and includes a section on life portraits at the end of each part The theme of identity in a multicultural environment and a chapter on the quality of life of Egypt's inhabitants clearly illustrate this objective The authors put the emphasis on the changes that occurred in the Greco Roman and Late Antique periods as illustrated by such topics as Traditional religious life challenged Governing a country with a past between tradition and innovation and Creative minds in theory and praxis This important resource Discusses how Egypt became part of a globalizing world in Hellenistic Roman and Byzantine times Explores notable innovations by the Ptolemies and Romans Puts the focus on the longue dur e development Offers a thematic and multidisciplinary approach to the subject bringing together scholars of different disciplines Contains life portraits in which various aspects and themes of people's daily life in Egypt are discussed Written for academics and students of the Greco Roman and Late Antique Egypt period this Companion offers a guide that is useful for students in the areas of Hellenistic Roman Byzantine and New Testament studies

Pulp Surrealism Robin Walz, 2023-12-22 In addition to its more well known literary and artistic origins the French surrealist movement drew inspiration from currents of psychological anxiety and rebellion running through a shadowy side of mass culture specifically in fantastic popular fiction and sensationalist journalism The provocative nature of this insolent mass culture resonated with the intellectual and political preoccupations of the surrealists as Robin Walz demonstrates in this fascinating study Pulp Surrealism weaves an interpretative history of the intersection between mass print culture and surrealism re evaluating both our understanding of mass culture in early twentieth century Paris and the revolutionary aims of the surrealist movement Pulp Surrealism presents four case studies each exploring the out of the way and impertinent elements which inspired the surrealists Walz discusses Louis Aragon's *Le paysan de Paris* one of the great surrealist novels of Paris He goes on to consider the popular series of *Fant mes* crime novels the Parisian press coverage of the arrest trial and execution of mass murderer Landru and the surrealist inquiry *Is Suicide a Solution* which Walz juxtaposes with reprints of actual suicide faits divers sensationalist newspaper blurbs Although surrealist interest in sensationalist popular culture eventually waned this exploration of mass print culture as one of the cultural milieux from which surrealism emerged ultimately calls into question assumptions about the avant garde origins of modernism itself In addition to its more well known literary and artistic origins the French surrealist movement drew inspiration from currents of psychological anxiety and rebellion running through a shadowy side of mass culture specifically in fantastic popular fictio
