intelligence matters while the second considers the impact of Britain's relatively disappointing economic performance upon the funding of British defence since 1945. It then goes on to explore the role and impact of all the key policy actors from the Prime Minister Cabinet and core executive to the Ministry of Defence and its relations with the broader Whitehall village and the Foreign Office and Treasury in particular. **The Making of British Foreign Policy** David Vital,2021-11-21 How is foreign policy made Who makes it To what conscious and unconscious influences are policy makers subject What is distinctive about the immensely complex process as it unfolds in Britain And what therefore is distinctive and characteristic about Britain s foreign policy today Who in Britain has the decisive word Why is the Foreign Office the king pin of the system Why does Parliament count for so little Does public opinion count at all Originally published in 1968 these are some of the questions which this book considers in the course of a tightly argued but very readable analysis Some had been considered on their own elsewhere but this study represented the first attempt by a contemporary political scientist to pull together in brief compass all the relevant threads including the constitutional the political the institutional and the sociological It is done moreover on the basis of a sharp assessment of the type of foreign policy problem that most notably confronted Britain at the time The author has been successively journalist official of the Israel Government and university lecturer in politics Throughout his special interests and activities have been in the sphere of international affairs and it was while teaching International Relations at the University of Sussex that he wrote this book He combines the experience of one who has seen the policy being made from the inside with the theoretical insight of the political scientist he assesses with a sympathetic but unemotional detachment the constraints on the formation of British foreign policy **Britain, Sweden and the Cold War, 1945-54 J.**

Aunesluoma,2003-05-13 Juhana Aunesluoma considers the ways in which Scandinavia s in particular neutral Sweden s relationship was forged with the Western powers after the Second World War He argues that during the early cold war Britain had a special role in Scandinavia and in the ways in which Western oriented neutrality became a part of the international system New evidence is presented on British American and Swedish foreign and defence policies regarding neutrality in the cold war The British Labour Party in Opposition and Power 1979-2019 Patrick Diamond,2021-01-18 This book provides a novel account of the Labour Party s years in opposition and power since 1979 examining how New Labour fought to reinvent post war social democracy reshaping its core political ideas It charts Labour s sporadic recovery from

political disaster in the 1980s successfully making the arduous journey from opposition to power with the rise and ultimately fall of the governments of Tony Blair and Gordon Brown Forty years on from the 1979 debacle Labour has found itself on the edge of oblivion once again Defeated in 2010 it entered a further cycle of degeneration and decline Like social democratic parties across Europe Labour failed to identify a fresh ideological rationale in the aftermath of the great financial crisis Drawing on a wealth of sources including interviews and unpublished papers the book focuses on decisive points of transformational change in the party s development raising a perennial concern of present day debate namely whether Labour is a party capable of transforming the ideological weather shaping a new paradigm in British politics or whether it is a party that should be content to govern within parameters established by its Conservative opponents This text will be of interest to the general reader as well as scholars and students of British politics British political party history and the history of the British Labour Party since 1918
