Polish Liberal Thought Before 1918:

Polish Liberal Thought Before 1918 Maciej Janowski, 2004 Annotation It is a first attempt at presenting a comprehensive analysis of nineteenth century Polish liberalism Polish liberal tradition has generally been considered weak or even nonexistent Janowski on the other hand argues that in the mid nineteenth century liberalism was a dominant trend in Polish intellectual life even if it did not create political movements separating liberal aims from patriotic ones **Liberalism after the Habsburg Monarchy, 1918-1935** Oskar Mulej, 2024-08-13 This book explores what it meant to be liberal in interwar Czech Austrian and Slovenian politics Up until 1918 these countries shared the common political framework of Cisleithania the Austrian part of the Habsburg Monarchy Within this framework was the predominantly pejorative function of the label liberal and as a result after 1918 no major political party employed it to describe its own political orientation Despite making considerable efforts to dissociate themselves from liberalism many parties continued to be referred to as liberal by the contemporary public This association with liberalism the book argues was primarily due to the parties historical background rather than any ideological commitment to liberalism and for that reason the author refers to them as national liberal heirs Examining the discontinuities of liberal party traditions the book presents three representative cases of national liberal heirs the Czechoslovak National Democracy the Greater German People's Party and the Slovenian sections of the Yugoslav Democratic Party the Independent Democratic Party and the Yugoslav National Party Forming a distinctive part of early twentieth century party landscapes in Central Europe the national liberal heirs had inherited organisational structures parts of electorate as well as rootedness in specific cultural and social milieus from their liberal predecessors Following the political trajectories of the national liberal heirs the author seeks to answer in which spheres in which manners and to what extent liberalism survived or even continued to develop in the interwar Czech lands Austria and Slovenia **A History of Modern Political Thought in East Central Europe** Balázs Trencsényi, Maciej Janowski, Monika Baár, Maria Falina, Michal Kopeček, 2016 The volume offers the first ever synthetic overview of the history of modern political thought in East Central Europe *The Jews in Poland and Russia* Antony Polonsky, 2010-06-17 A comprehensive survey socio political economic and religious of Jewish life in Poland and Russia Wherever possible contemporary Jewish writings are used to illustrate how Jews felt and reacted to new situations and ideas *Antisemitism in Galicia* Tim Buchen, 2020-08-01 In the last third of the nineteenth century the discourse on the Jewish question in the Habsburg crownlands of Galicia changed fundamentally as clerical and populist politicians emerged to denounce the Jewish assimilation and citizenship This pioneering study investigates the interaction of agitation violence and politics against Jews on the periphery of the Danube monarchy In its comprehensive analysis of the functions and limitations of propaganda rumors and mass media it shows just how significant antisemitism was to the politics of coexistence among Christians and Jews on the eve of the Great War *In-Between Empire* Raymond Patton, 2024-10-17 Exploring how Polish writers positioned themselves as neither colonized nor colonizers

In *Between Empire* analyses their literary works on empire during the 19th and 20th centuries to explore how they negotiated their in-between position in the global imperial hierarchy. Leveraging this vantage point, they claimed the unique ability to represent the South to the West, constructing a Polish national identity in conversation with both imperial and anti-imperial currents and influencing international discourse on colonialism and its legacy. Written at the nexus of historical and literary studies of imperial and colonial discourse, Patton centres Poland and Eastern Europe in debates that have frequently excluded these perspectives. Showing how these Polish writers attempted to portray anticolonial solidarity with non-European victims of colonialism yet also employed European colonial tropes, each writer demonstrated a distinctive ability to identify the tensions and flaws of imperialism whilst simultaneously reconciling those tensions to themselves as exceptional Europeans innocent of colonialism by alternating between metropolitan and peripheral perspectives. In doing so, they informed transnational discourses and policies on colonialism, decolonization, the Cold War, and beyond. *Liberalism, Nationalism and Design Reform in the Habsburg Empire* Matthew Rampley, Markian Prokopovych, Nóra Veszprémi, 2020-01-20

Liberalism and Design Reform in the Habsburg Empire is a study of museums of design and applied arts in Austria-Hungary from 1864 to 1914. The Museum for Art and Industry, now the Museum of Applied Arts, as well as its design school, occupies a prominent place in the study. The book also gives equal attention to museums of design and applied arts in cities elsewhere in the Empire, such as Budapest, Prague, Cracow, Brno, and Zagreb. The book is shaped by two broad concerns: the role of liberalism as a political, cultural, and economic ideology motivating the museums' foundation and their engagement with the politics of imperial, national, and regional identity of the late Habsburg Empire. This book will be of interest to scholars of art history, museum studies, design history, and European history. **Habsburg Galicia and the Romanian Kingdom** Raluca Goleşteanu-Jacobs, 2023-12-01

This comparative attempt, intended for postgraduates and scholars of Eastern Central Europe, investigates the political, economic, and cultural landscape of Habsburg Galicia and the Romanian Kingdom in the second half of the 19th century. Often in historiography and in the public sphere alike, the two cases under study have been separately regarded as contexts that provided atypical answers to modernity and parts of a region that has been regarded as atypical in itself. Recently, efforts have been made to integrate each of the cases in a post-imperial paradigm, identifying the complex interactions between their socio-political modernisation and historical memory. This book continues this trend by investigating for the first time the two cases together as parts of a space of alterity, as labs of shifting ideologies and labels. The public figures and the institutions depicted in the book are physically located in Central and in Eastern Europe, but by sometimes competing experiences, they are illustrative for several identities and historical realms: local, regional, and continental. Secondly, the current work addresses dilemmas related to Nationalism and nation-building for the sake of separating those discourses which reflected on civic nationalism from those which directed the public mind to the values of ethnic nationalism. *The Limits of Loyalty* Laurence Cole, Daniel L. Unowsky, 2007

The overwhelming

majority of historical work on the late Habsburg Monarchy has focused primarily on national movements and ethnic conflicts with the result that too little attention has been devoted to the state and ruling dynasty This volume is the first of its kind to concentrate on attempts by the imperial government to generate a dynastic oriented state patriotism in the multinational Habsburg Monarchy It examines those forces in state and society which tended toward the promotion of state unity and loyalty towards the ruling house These essays all original contributions and written by an international group of historians provide a critical examination of the phenomenon of dynastic patriotism and offer a richly nuanced treatment of the multinational empire in its final phase

Backwardness and Modernization: Poland and Eastern Europe in the 16th-20th Centuries Jacek Kochanowicz, 2018-01-31 The subject of this book is the economic backwardness of Poland and Eastern Europe in the modern era The studies in the first part analyse various aspects of the region s economic and social history in the period from the 16th to the 20th centuries such as the nature of peasant economics the character of economic evolution and the ambiguity of social and economic relations between Poland and the West The second part deals with the change following the fall of state socialism Papers in this part argue that for understanding the present it is necessary to take into consideration historical legacies It is also important to look at the process of this recent change comparatively both within Eastern Europe and comparing this region with other parts of the world Professor Kochanowicz s contention in these essays is that the so called transformation has had to cope not only with the effects of state socialism but also with a much longer legacy of backwardness

Poland, 1918-1945 Peter D. Stachura, 2004 Poland 1918 1945 is a challenging revisionist analysis and interpretation supported by documentary evidence of a crucial and controversial period in Poland s recent history

Poland, 1918-1945 Peter Stachura, 2004-06-17 Based on extensive range of Polish British German Jewish and Ukranian primary and secondary sources this work provides an objective appraisal of the inter war period Peter Stachura demonstrates how the Republic overcame giant obstacles at home and abroad to achieve consolidation as an independent state in the early 1920s made relative economic progress created a coherent social order produced an outstanding cultural scene advanced educational opportunity and adopted constructive and even handed policies towards its ethnic minorities Without denying the defeats suffered by the Republic Peter Stachura demonstrates that the fate of Poland after 1945 with the imposition of an unwanted Soviet dominated Communist system was thoroughly undeserved

Intellectual Origins of the Republic: Ahmet Ağaoğlu and the Genealogy of Liberalism in Turkey Hilmi Ozan Özavcı, 2015-07-28 Few studies tracing the history of liberalism have taken into account that its reception in non Western or westernising countries in the form of the denial or acceptance of its core values and institutions is an important aspect of the liberal tradition In *Intellectual Origins of the Republic* Ahmet A ao lu and the *Genealogy of Liberalism in Turkey* zıvcı investigates the histories of liberalism and nationalism in the late Russian and Ottoman Empires and early Republican Turkey through the prism of the life ideas and times of the revolutionary writer Ahmet A ao lu This is the first in depth study in the English language that places under

Rieber, 2014-03-20 A major new account of the Eurasian borderlands as shatter zones which have generated some of the world s most significant conflicts Poland From Partitions to EU Accession Piotr Koryś, 2018-11-29 This book surveys Poland s move from being a post feudal backward peripheral country to being a modern capitalist European state from the partition of the commonwealth of Poland and Lithuania to the abolishment of second serfdom late industrialization to state socialism post partition fragmentation to post Second World War westward dislocation and from the Solidarno movement to accession into the European Union Could Poland really be considered an underdeveloped nation throughout the last 200 years What factors contributed to its backwardness Has Poland yet managed to catch up with the West This book the first overview of the modern economic history of Poland to be published in English addresses these and many other questions crucial for developing our understanding of the economic history of modern Central Eastern Europe The economic development of Poland is analyzed through data and statistics as well as through analysis of the ideas that paved the way for the politics of economic and social modernization **On Behalf of the Emperor, On Behalf of the Fatherland** Jussi Jalonen, 2015-08-25 Jussi Jalonen s On Behalf of the Emperor On Behalf of the Fatherland approaches the Russian suppression of the Polish Uprising in 1830 1831 from a new transnational perspective The Russian mobilization involved people from the farthest reaches of the Empire and one notable group was the Finnish Battalion of the Imperial Guard For the Finnish elites the war was a demonstration of loyalty to the Tsar and the service of young Finnish gentlemen in the Russian Guards produced a sense of militarized patriotism Relying on a rich variety of original sources this study places the campaign in Poland in the context of the development of Finnish national awareness providing a unique portrayal of 19th century war experience and nationalism *Historians and Nationalism* Monika Baár, 2010-02-25 Peripheral cultures have
