Polish Poetry Of The Last Two Decades Of Communist Rule Spoiling Cannibals Fun:

Polish Poetry of the Last Two Decades of Communist Rule Stanisław Barańczak, Clare Cavanagh, 1991 The past thirty years have witnessed some of the most traumatic and inspiring moments in Polish history This turbulent period has also been a time of unprecedented achievement in all forms of Polish poetry lyric religious political meditative This comprehensive volume includes work from virtually every major Polish poet active during these critical decades drawing from both official and underground migr sources The Journey Charles Merrill, 1996 Filled with both sad and comic stories while making disturbing comparisons between the Russians in Eastern Europe and the Americans in Latin America mafia politics in Warsaw and in New York boardrooms **Contemporary East European Poetry** Emery Edward George, 1993 An anthology featuring 160 poets writing in 15 languages By the standards of Western Europe the subjects are heavy on social and political issues which only reflects the difference between the two Europes **Polish Literature in Transformation** Ursula Phillips, 2013 This volume emerged from the conference Polish Literature Since 1989 held at the University College London School of Slavonic and East European Studies It shows how the profound political and economic transformation that has taken place in Poland since the end of communism in 1989 has affected literary culture and literary scholarship such as changing conceptions of Polish nationhood and identity the impact of European integration since 2004 the effects of migration revised conceptions of the foreign or the marginal and new understandings of what is understood by emigre or emigrant literature sensitivity to issues of gender and sexual identity as well as the impact of feminism and queer studies the huge impact of revived interest in the Jewish heritage in Holocaust memory and in Polish Jewish relations Series Polonistik im Kontext Vol 2 **Seamus Heaney and the Adequacy of Poetry** John Dennison, 2015 Seamus Heaney s prose poetics return repeatedly to the adequacy of poetry its ameliorative restorative response to the violence of public historical life It is a curiously equivocal ideal and as such most clearly demonstrates the intellectual origins the humanist character and the inherent strains of these poetics the work of one of the world s leading poet critics of the last thirty years Seamus Heaney and the Adequacy of Poetry is the first study of the development of Heaney s thought and its central theme Eschewing the tendency of Heaney critics to endorse or expand on the poet s poetics in largely adulatory terms it draws on archival as well as print sources to trace the emerging dualistic shape redemptive logic and post Christian nature of Heaney s thought from his undergraduate formation to the expansive affirmations of his late cultural poetics Through a meticulous and wholly new examination of Heaney s revisions to previously published prose it reveals the logical strain of his conceptual constructions so that it becomes acutely apparent just how appropriate that ambivalent ideal adequacy is This book takes seriously the post Christian frequently religious tenor of Heaney s language explicating the character of his thought while exposing its limits Heaney s belief in poetry s adequacy ultimately constitutes an Arnoldian substitute for indeed an afterimage of Christian belief This is the deep significance of the idea of adequacy to Heaney s thought it allows us to identify precisely the late

humanist character and the limits of his troubled trust in poetry The Columbia Guide to the Literatures of Eastern Europe Since 1945 Harold B. Segel, 2003 The Iron Curtain concealed from western eyes a vital group of national and regional writers Marked by not only geographical proximity but also by the shared experience of communism and its collapse the countries of Eastern Europe Poland Hungary Albania Romania Bulgaria and the former states of Yugoslavia Czechoslovakia and East Germany share literatures that reveal many common themes when examined together Compiled by a leading scholar the guide includes an overview of literary trends in historical context a listing of some 700 authors by country and an A to Z section of articles on the most influential writers **The Polish American Encyclopedia** James S. Pula, 2010-12-22 At least nine million Americans trace their roots to Poland and Polish Americans have contributed greatly to American history and society During the largest period of immigration to the United States between 1870 and 1920 more Poles came to the United States than any other national group except Italians Additional large scale Polish migration occurred in the wake of World War II and during the period of Solidarity's rise to prominence This encyclopedia features three types of entries thematic essays topical entries and biographical profiles The essays synthesize existing work to provide interpretations of and insight into important aspects of the Polish American experience The topical entries discuss in detail specific places events or organizations such as the Polish National Alliance Polish American Saturday Schools and the Latimer Massacre among others The biographical entries identify Polish Americans who have made significant contributions at the regional or national level either to the history and culture of the United States or to the development of American Polonia **Who's Who in Contemporary Women's Writing** Jane Eldridge Miller, 2019-07-23 Unique in its breadth of coverage Who's Who in Contemporary Women's Writing is a comprehensive authoritative and enjoyable guide to women's fiction prose poetry and drama from around the world in the second half of the twentieth century Over the course of 1000 entries by over 150 international contributors a picture emerges of the incredible range of women's writing in our time from Toni Morrison to Fleur Adcock all are here This book includes the established and well loved but also opens up new worlds of modern literature which may be unfamiliar but are never less than fascinating **A Study Guide for Adam Zagajewski's "Try to Praise the Mutilated World"** Gale, Cengage Learning, 2016 **The American Bibliography of Slavic and East European Studies** Patt Leonard, Rebecca Routh, 2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology Tradition, Literature and Politics in East-Central Europe Carl Tighe, 2020-12-30 Milan Kundera warned that in the states of East Central Europe attitudes to the west and the idea of Europe were complex and could even be hostile But few could have imagined how the collapse of communism and membership of the EU would confront these countries with a life that was suddenly and disconcertingly modern and which challenged sustaining traditions in literature culture politics and established views on

identity Since the countries of East Central Europe joined the European Union in 2004 the politicians and oppositionists of the centre left who once led the charge against communism have often been forced to give way to right wing authoritarian populist governments These governments while keen to accept EU finance have been determined to present themselves as protecting their traditional ethno national inheritance resisting foreign interference stemming the gay invasion halting Islamic replacement and reversing women s rights They have blamed Communists liberals foreigners Jews and Gypsies revised abortion laws tampered with their constitutions to control the Justice system and taken over the media to an astonishing degree By 2019 amid calls for the suspension of their voting rights both Poland and Hungary had been taken to the European Court of Justice and the European Parliament and had begun to explore ways to put conditions on future EU funding This book focuses on the interface between tradition literature and politics in east central Europe focusing mainly on Poland but also Hungary and the Czech Republic It explores literary tradition and the role of writers to ask why these left liberals who were once ubiquitous in the struggles with communism are now marginalised often reviled and almost entirely absent from political debate It asks in what ways the advent of capitalism normalised literature and what the consequences might be It asks whether the rise of chauvinism is normal in this part of the world and whether the literary traditions that helped sustain independent political thought through the communist years now instead of supporting literature feed nationalist opinion and negative attitudes to the idea of Europe

Women and Gender in Central and Eastern Europe, Russia, and Eurasia Mary Zirin,Irina Livezeanu,Christine D. Worobec,June Pachuta Farris,2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the past millennium The coverage encompasses the relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30 000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross referenced and each volume includes indexes

Wanderers Across Language Kinga Olszewska,2017-12-02 Exile has become a potent symbol of Polish and Irish cultures Historical political and cultural

predicaments of both countries have branded them as diasporic nations but in Adorno's dictum for an exile writing becomes home Olszewska offers a multifaceted picture of the figure of exile in postwar Poland and Ireland juxtaposing politics and culture whereas Irish exile appears more in an economic and cultural context the essence of Polish exile is political This comparative study of works by Polish and Irish authors Stanislaw Baranczak Adam Zagajewski Marek Hlasko Kazimierz Brandys Brian Moore Desmond Hogan and Paul Muldoon shows a literature which not only depicts the experience of exile but which uses exile as a literary device

Holocaust Literature: Agosin to Lentin S. Lillian Kremer, 2003 Review This encyclopedia offers an authoritative and comprehensive survey of the important writers and works that form the literature about the Holocaust and its consequences The collection is alphabetically arranged and consists of high quality biocritical essays on 309 writers who are first second and third generation survivors or important thinkers and spokespersons on the Holocaust An essential literary reference work this publication is an important addition to the genre and a solid value for public and academic libraries The Top 20 Reference Titles of the Year American Libraries May 2004

Rereading Russian Poetry Stephanie Sandler, 1999-01-01 Russia's poets hold a special place in Russian culture perhaps revealing more about their country than poets within any other nation In this unique and wide ranging collection of writings on poets and poetic trends in Russia contributors from the United States Britain and Russia examine the place of poetry in Russian culture Through a variety of critical approaches these scholars translators and poets consider a broad cross section of Russian poets from Pushkin to Brodsky Shvarts and Kibirov

The Palgrave Handbook of Cold War Literature Andrew Hammond, 2020-09-04 This book offers a comprehensive guide to global literary engagement with the Cold War Eschewing the common focus on national cultures the collection defines Cold War literature as an international current focused on the military and ideological conflicts of the age and characterised by styles and approaches that transcended national borders Drawing on specialists from across the world the volume analyses the period's fiction poetry drama and autobiographical writings in three sections dominant concerns socialism decolonisation nuclearism propaganda censorship espionage common genres postmodernism socialism realism dystopianism migrant poetry science fiction testimonial writing and regional cultures Asia Africa Oceania Europe and the Americas In doing so the volume forms a landmark contribution to Cold War literary studies which will appeal to all those working on literature of the 1945-1989 period including specialists in comparative literature postcolonial literature contemporary literature and regional literature

Being Poland Tamara Trojanowska, Joanna Nityska, Przemyslaw Czapliński, 2018-01-01 Being Poland offers a unique analysis of the cultural developments that took place in Poland after World War One a period marked by Poland's return to independence Conceived to address the lack of critical scholarship on Poland's cultural restoration Being Poland illuminates the continuities paradoxes and contradictions of Poland's modern and contemporary cultural practices and challenges the narrative typically prescribed to Polish literature and film Reflecting the radical changes rifts and restorations that swept through Poland in this period

Polish literature and film reveal a multitude of perspectives Addressing romantic perceptions of the Polish immigrant the politics of post war cinema poetry and mass media Being Poland is a comprehensive reference work written with the intention of exposing an international audience to the explosion of Polish literature and film that emerged in the twentieth century **Encyclopedia of Literary Translation Into English: A-L** O. Classe,2000 **In Gratitude for All the Gifts** Magdalena Kay,2012-06-30 In Gratitude for All the Gifts explores the literary and cultural links between the bestselling Nobel Prize winning Northern Irish poet Seamus Heaney and the preeminent Eastern European poets of the twentieth century including fellow Nobel laureate Czeslaw Milosz and Zbigniew Herbert Magdalena Kay opens new ground in comparative literary studies with her close analysis of Heaney s poetic work from the perspective of the English speaking West s attraction and especially Heane s own attraction to Eastern European poetry While placing Milosz and Herbert in their cultural contexts and keeping an eye on the poems in their original Polish this innovative and energetic study focuses on how Heaney encountered their work in translation In Gratitude for All the Gifts thus allows us to see what happens when poetic forms histories and themes travel between countries and encourages us to understand cultural crossing not just thematically but also in terms of form voice and aesthetic intent
