Politburo Has Decided That You Are Unwell:

The Politburo Has Decided that You are Unwell John Waters, 2004 For nearly fifteen years John Waters has been a dissident voice writing in his weekly column for The Irish Times invariably confronting the conventional wisdom on issues ranging from fatherhood and the official denial of the rights of parents and children to the absurdity of Ireland's seemingly endless tribunals He is known for an elegant representation of common sense in the face of ideology received thinking and self-serving cant In these controversial and highly charged pieces he revisits his principal themes and concerns of a most turbulent decade in Ireland and the world providing an invigorating look at how Ireland and its place in the world have changed in that time *Feckers: 50 People Who Fecked Up Ireland* John Waters, 2011-10-06 Which 50 People turned Ireland into the fecked up country she is today Bono Haughey Louis Walsh de Valera It's time to name and shame the great the good and the gobshites Conventional wisdom has it that Ireland after a violent and tragic history had began to get things right But when the ill wind of recession cruelly snatched that self-satisfied achievement away it all seemed like exceedingly back luck In his 50 brilliantly acerbic portraits Waters reveals a consistent pattern of self-delusion myopia inferiority complex bravado defeatism cynicism sentimentalism and conceit He traces Ireland's story from the paranoid insularism and cultural myopia that followed national Independence through the post-Sixties obsession with a faux self-confidence to the final salutary meltdown of the Celtic Tiger and strangely lacking either Celts or tigers Once among the oldest civilization in Europe Ireland has ended up as a second-rate version of the England it tried to discard It threw out not merely the bathwater and the baby but also the bathtub the sponge and the rubber duck **Was It For This?** John Waters, 2012-05-24 Ireland today stands at a defining moment The prosperity of the Celtic Tiger years has given way to the sudden crash the turbulence of the euro crisis and the loss of our sovereignty to the faceless technocrats of Europe and the IMF Our leaders seem impotent and rage bewilderment and despair have swept through Irish society Was It For This delves into the Irish psyche to answer the questions What happened to our hopes and dreams What is at the heart of the sense of betrayal that we feel In the rush to modernity did we throw away everything of true value Have we lost the ideals of nationhood and patriotism set out by those who dreamt of the Irish Republic John Waters' remarkable new book sweeps through the pages of our recent history to get to the heart of our political social and existential identity crisis Ranging across a vast canvas Was It For This argues that the Celtic Tiger was built on a collective delusion and that the seeds of its destruction were sown many years before it even began when we exchanged our colonial shackles for a no less destructive dependency for short-term gain Ireland's sovereignty was given up long before the IMF came to town Along the way Waters ponders our love-hate relationship with Fianna Fáil the undercurrents that ran through the 2011 presidential election why our political leaders and commentators have clung onto the remnants of 1960s revolutionary fervour long after the revolution was won how our denial of an authoritative father figure has led to a leaderless sibling society the emptiness of our youth culture and the suppression of real thought and

discussion through cynicism and irony and why we have lost the very language that once enabled us to speak of Ireland with pride

Jiving At The Crossroads (New Edition) John Waters, 2011-10-13 In 1991 Ireland was in the midst of a devastating recession thousands of young Irish men and women had emigrated over the previous decade and divisive social and moral debates on abortion and divorce had rocked Irish society The great pillars of society politics and religion were beginning to crumble a process that continued in subsequent years as both institutions were hit by scandal A questioning of the values on which Ireland had been built had begun with an apparently unbridgeable divide opening between traditionalists and modernizers At the start of the decade the modernizers appeared to have won with the election as President of the iconic Mary Robinson Irish Times columnist John Waters captured the zeitgeist of the time with the hugely successful *Jiving at the Crossroads* which sold over 50 000 copies A defining book of the era its success was partly due to its remarkable blending of social cultural commentary with personal memoir At the emotional core of the book was the relationship between John and his father and the story of Ireland was intricately woven into this powerful narrative It was the first in a long line of books to question the very notion of modern Irish identity and to examine the deep rooted tensions at the heart of the Irish psyche Twenty years later much has changed in Ireland and yet *Jiving at the Crossroads* remains a deeply resonant book particularly in the light of the remarkable rise and precipitous fall of the Celtic Tiger and the fresh questioning of how we got where we are now This twentieth anniversary reissue of a landmark book with a new Afterword will be welcomed by those who remember it and will be a fascinating insight for a new generation of Irish people

Cultural Politics and Irish Education Since the 1950s Denis O'Sullivan, 2005 *Books Ireland*, 2005 *Inside Gorbachev's Kremlin* Yegor Ligachev, Stephen Cohen, 2018-02-23 This memoir by the second most powerful Communist Party leader during the early Gorbachev years provides an important alternative view of the USSR's transformation a view that is gaining ground in Russian politics today In a substantial new piece for this edition Mr Ligachev outlines the political agenda of today's communist coalition the establishment of a new Soviet Union with strong economic and political integration of its member states Yegor Ligachev a seasoned Party boss from Siberia made a solid career for himself in the capital during the Khrushchev era but following Khrushchev's ouster chose to retreat to the provinces In 1985 his political patrons brought him back to Moscow to help them build a dynamic new leadership team under Mikhail Gorbachev The two reform minded communists launched an effort to inject life and energy into the Party economy and society through a series of liberalizing measures But when Ligachev saw the reforms moving into a revolutionary phase that could result in the Party's loss of control over the helm of state he found himself increasingly siding with the opposition In this gripping book Ligachev describes the evolving confrontation between opposing forces at high level Party meetings and sessions of the Politburo as well as in less formal conversations Along the way he gives revealing glimpses not only of Gorbachev but also of Yuri Andropov Andrei Gromyko Alexander Yakovlev Eduard Shevardnadze Boris Yeltsin and other top leaders Notorious events

such as the 1989 massacre in Tbilisi and the Gdlyan Ivanov affair in which Ligachev argues he was unjustly implicated are also highlighted

Stalin and the Soviet Communist Party Абдурахман Авторханов, 1959

The Lumenots Norbert Stewart, 2014-08-29 In 1908 an enormous explosion occurs over Siberia leveling thousands of hectares of forest land Seventeen years later Dr Miroslav Oborski a politically unpopular Russian physicist has collected evidence that suggests there is far more to the explosion than commonly believed He unwittingly enlists the help of a criminal organization headed by the Barkov brothers to find a powerful and technically advanced object that survived the explosion Unknown to Dr Oborski the Barkovs have another agenda Financed by a group of paranoid and corrupt government officials they have been ordered to dispose of the troublesome Dr Oborski and secure the valuable object But the Barkovs no strangers to greed and corruption themselves have a different plan in mind Its up to the

National Science and Development Foundation and its chairman Viktor Treschev to save Dr Oborski and find the object before the Barkovs get to it The situation rapidly becomes complicated when a Russian farm family a reclusive hunter and Norman MacLeod a Canadian Merchant Marine seaman are reluctantly drawn into the deadly high stakes game that crisscrosses Russia and find its way into eastern Canada in a race to find a device that could change history forever

untimely death For Schattenberg this is the story of a flawed and ineffectual idealist for the West this biography makes a convincing case that Brezhnev should be reappraised as one of the most interesting and important political figures of the twentieth century
