Global Governance and Japan Glenn D. Hook, Hugo Dobson, 2007-08-07 Leading specialists from Europe and Japan examine the institutional mechanisms of governance at the global level and provide concrete evidence of the role Japan plays in these institutions An

excellent introduction to the concept of global governance the volume analyzes how global governance actually works through the global institutional mechanisms of governance It provides an up to date and contemporary analysis of the six most important global institutions namely the Group of 7 8 the Organisation for Economic Cooperation and Development the World Bank the International Monetary Fund the World Trade Organization the United Nations Written clearly and concisely the book provides a thorough and accessible discussion on Japan s role within these institutions and uses supporting case studies to ask whether Japan is reactively or proactively involved in trying to shape these institutions in order to promote its own interests As such it will be a valuable resource for undergraduates and scholars with an interest in global governance

Japanese politics and political economy **Chinese Models of Development** Tse-Kang Leng, Yu-Shan Wu, 2014-11-20

Discussion of the Chinese Model abounds with the rise of China This volume analyzes the Chinese case in a theoretical framework provides an evolutionary perspective and compares it with other models of development Instead of focusing on one specific case the book s contributors shed light on the application of theories of international relations comparative politics and development studies to the topic under deliberation This book reflects that the uniqueness of the Chinese model should also be put in an historical and evolutionary context It also provides insights into comparisons with other models of development such as the East Asian model and experiences of the former Soviet Union The authors in the book argue that while globalization constrains state power it may also open new windows of accommodation and adjustments Linkages between the domestic dynamics of development and external forces of change become pertinent in understanding the Chinese models of development **The New Global Politics of the Asia-Pacific** Michael K. Connors, Rémy Davison, Jörn

Dosch, 2017-10-30 Now in its new and fully updated third edition The New Global Politics of the Asia Pacific continues to provide a compelling analysis of a region undergoing dramatic changes Based on new research and offering fresh interpretation this edition evaluates the prospects for continuing US dominance in the Asian Century Whilst presenting evidence for a multifaceted Beijing Strategy which aims to counter the US by building an alternative regional order it also explains Japan s definitive departure from its limited military role Providing an introductory guide for the main frameworks needed to understand the region including realism liberalism and critical theory this new edition is reader friendly and offers sophisticated competing explanations Key content includes Intra regional conflicts in the South China Sea and the Korean peninsula The different responses within the Asia Pacific to the globalization of Western ideas of democracy and political economy The underappreciated success of the Association of Southeast Asian Nations in building a regional identity The European Union s soft power in the region A highly topical account which offers an overview of the main actors institutions and contemporary issues in the Asia Pacific the book will be essential reading for undergraduate students of Asian Studies International Politics and anyone interested in the region *The Political Economy of Business Ethics in East Asia* Ingyu

Oh, Gil Sung Park, 2016-09-28 The Political Economy of Business Ethics in East Asia A Historical and Comparative Perspective

deals with modes of ethical persuasion in both public and private sectors of the national economy in East Asia from the periods of the fourteenth century to the modern era Authors in this volume ask how and why governments in pre modern Joseon Korea modern Korea and modern Japan used moral persuasion of different kinds in designing national economic institutions Case studies demonstrate that the concept of modes of exchange first developed by John Lie 1992 provides a more convincing explanation on the evolution of pre modern and modern economic institutions compared with Marx s modes of production as historically specific social relations or Smith s free market as a terminal stage of human economic development The pre modern and modern cases presented in this volume reveal that different modes of exchange have coexisted throughout human history Furthermore business ethics or corporate social responsibility is not a purely European economic ideology because manorial market entrepreneurial and mercantilist moral persuasions had widely been used by state rulers and policymakers in East Asia for their programs of advancing dissimilar modes of exchange In a similar vein the domination of the market and entrepreneurial modes in the twenty first century world is also complemented by other competing modes of change such as state welfarism public sector economies and protectionism Compares Chinese Japanese and Korean business ethics from a comparative and historical context Explores recent theoretical approaches to capitalist development in modern history in non Western regions Discusses the theoretical usefulness of new institutionalism modes of exchange and neoclassical discussions of business ethics Evaluates historical texts in their own languages in its attempt to compare Chinese Japanese and Korean business ethics in the pre modern and modern times
