Political Class In Advanced Democracies A Comparative Handbook

Rudy B. Andeweg, Robert Elgie, Ludger Helms, Juliet Kaarbo, Ferdinand Müller-Rommel

Political Class In Advanced Democracies A Comparative Handbook:

The Political Class in Advanced Democracies Jens Borchert, Jürgen Zeiss, 2003 *The Political Class in Advanced Democracies* Jens Borchert, Jürgen Zeiss, 2003-12-11 Professional politicians have increasingly come under public attack in democratic countries yet they have received little attention in political science This text shows that there are both similarities between professional politicians in different countries and notable national peculiarities **The Political Class in Advanced Democracies** Jens Borchert, 2005 Professional politicians have increasingly come under public attack in democratic countries yet they have received little attention in political science This text shows that there are both similarities between professional politicians in different countries and notable national peculiarities The Oxford Handbook of Political Executives Rudy B. Andeweg, Robert Elgie, Ludger Helms, Juliet Kaarbo, Ferdinand Müller-Rommel, 2020-07-30 Political executives have been at the centre of public and scholarly attention long before the inception of modern political science In the contemporary world political executives have come to dominate the political stage in many democratic and autocratic regimes The Oxford Handbook of Political Executives marks the definitive reference work in this field Edited and written by a team of world class scholars it combines substantive stocktaking with setting new agendas for the next generation of political executive research **Handbook of Politics** Kevin T. Leicht, J. Craig Jenkins, 2009-11-28 Political sociology is the interdisciplinary study of power and the intersection of personality society and politics The field also examines how the political process is affected by major social trends as well as exploring how social policies are altered by various social forces Political sociologists increasingly use a wide variety of relatively new quantitative and qualitative methodologies and incorporate theories and research from other social science cognate disciplines The contributors focus on the current controversies and disagreements surrounding the use of different methodologies for the study of politics and society and discussions of specific applications found in the widely scattered literature where substantive research in the field is published This approach will solidly place the handbook in a market niche that is not occupied by the current volumes while also covering many of the same theoretical and historical developments that the other volumes cover The purpose of this handbook is to summarize state of the art theory research and methods used in the study of politics and society This area of research encompasses a wide variety of perspectives and methods that span social science disciplines The handbook is designed to reflect that diversity in content method and focus In addition it will cover developments in the developed and underdeveloped worlds **Democracy and the Cartelization of Political Parties** Richard S. Katz, Peter Mair, 2018-07-04 Political parties have long been recognized as essential institutions of democratic governance Both the organization of parties and their relationships with citizens the state and each other have evolved since the rise of liberal democracy in the 19th and early 20th centuries Going into the 21st century it appears that parties losing popular support putting both parties and potentially democracy in peril This book traces the evolution of parties from the model of the mass party through the

catch all party model to argue that by the late 20th century the principal governing parties and their allied smaller parties collectively the political mainstream were effectively forming a cartel in which the form of competition might remain and indeed even appear to intensify while its substance was increasingly hollowed out. The spoils of office were increasingly shared rather than restricted to the temporary winners; contentious policy questions were kept off the political agenda and competition shifted from large questions of policy to minor questions of managerial competence. To support this cartel the internal arrangements of parties changed to privilege the party in public office over the party on the ground. The unintended consequence has been to stimulate the rise of extra cartel challengers to these cozy arrangements in the form of anti party system parties and populist oppositions on the left but especially on the right.

Comparative Politics is a series for researchers, teachers and students of political science that deals with contemporary government and politics. Global in scope, books in the series are characterised by a stress on comparative analysis and strong methodological rigour. The series is published in association with the European Consortium for Political Research. For more information visit www.ecprnet.eu. The series is edited by Emile van Haute, Professor of Political Science, Université libre de Bruxelles; Ferdinand Müller, Director of the Center for the Study of Democracy, Leuphana University; and Susan Scarrow John and Rebecca Moores, Professor of Political Science, University of Houston.

The Palgrave Handbook of Political Elites Heinrich Best, John Higley, 2017-11-08

This handbook presents a comprehensive view of the current theory and research surrounding political elites which is now a pivotal subject for academic study and public discourse. In 40 chapters by leading scholars it displays the field's richness and diversity. The handbook is organized in six sections each introduced by a co-editor focusing on theories about political elites, methods for studying them, their main structural and behavioral patterns worldwide, the differentiation and integration of political elite sectors, elite attributes and resources, and the dilemmas of political elites in this century. Forty years since Robert Putnam's landmark *Comparative Study of Political Elites*, this handbook is an indispensable resource for scholars and students engaged in the study of this vibrant field.

Democratic Representation in Multi-level Systems Thomas Däubler, Jochen Müller, Christian Stecker, 2020-05-21

This comprehensive volume studies the vices and virtues of regionalisation in comparative perspective including countries such as Belgium, Germany, Spain and the UK and discusses conditions that might facilitate or hamper responsiveness in regional democracies. It follows the entire chain of democratic responsiveness starting from the translation of citizen preferences into voting behaviour up to patterns of decision making and policy implementation. Many European democracies have experienced considerable decentralisation over the past few decades. This book explores the key virtues which may accompany this trend such as regional level political authorities performing better in understanding and implementing citizens preferences. It also examines how, on the other hand, decentralisation can come at a price especially since the resulting multi level structures may create several new obstacles to democratic representation including information responsibility and accountability problems. This book was originally

published as a special issue of the journal *West European Politics* **Politics, Media and Democracy in Australia** Brian McNair, Terry Flew, Stephen Harrington, Adam Swift, 2017-02-10 In Australia as in many comparable democracies the role of the media in the political process is high on the public agenda There is a perception of widespread disillusionment with and disengagement from politics amongst voters and criticism of the media for failing to fulfil their democratic responsibilities adequately This book evaluates public perceptions of the performance of the political media in the context of the declared aims and objectives of media producers From there the authors present findings for improving the capacity of political media to engage and inform their audiences in ways which enhance the quality and popular legitimacy of the democratic process These conclusions are of import not only to Australians but to observers of mediated politics in the UK the US and other countries where similar debates around the crisis of public communication are on going **Diploma Democracy** Mark Bovens, Anchrit Wille, 2017-06-16 Lay politics lies at the heart of democracy Political offices are the only offices for which no formal qualifications are required Contemporary political practices are diametrically opposed to this constitutional ideal Most democracies in Western Europe are diploma democracies ruled by those with the highest formal qualifications Citizens with low or medium educational qualifications currently make up about 70 percent of the electorates yet they have become virtually absent from almost all political arenas University graduates have come to dominate all political institutions and venues from political parties parliaments and cabinets to organised interests deliberative settings and Internet consultations This rise of a political meritocracy is part of larger trend In the information society educational background like class or religion is an important source of social and political divides Those who are well educated tend to be cosmopolitans whereas the lesser educated citizens are more likely to be nationalists This book documents the context contours and consequences of this rise of a political meritocracy It explores the domination of higher educated citizens in political participation civil society and political office in Western Europe It discusses the consequences of this rise of a political meritocracy such as descriptive deficits policy incongruences biased standards and cynicism and distrust Also it looks at ways to remedy or at least mitigate some of the negative effects of diploma democracy **The Good Politician** Nick Clarke, Will Jennings, Jonathan Moss, Gerry Stoker, 2018-04-26 Surveys show a lack of trust in political actors and institutions across much of the democratic world Populist politicians and parties attempt to capitalise on this political disaffection Commentators worry about our current age of anti politics Focusing on the United Kingdom using responses to public opinion surveys alongside diaries and letters collected by Mass Observation this book takes a long view of anti politics going back to the 1940s This historical perspective reveals how anti politics has grown in scope and intensity over the last half century Such growth is explained by citizens changing images of the good politician and changing modes of political interaction between politicians and citizens Current efforts to reform and improve democracy will benefit greatly from the new evidence and conceptual framework set out in this important study **Contemporary European Politics** José M. Magone, 2013-07-03 In this important new introductory

textbook Jos Magone provides an accessible and comprehensive introduction to contemporary European politics The unification of the European continent since the Fall of the Berlin wall in 1989 and the collapse of communist regimes in Central and Eastern Europe has changed the nature of European politics This book seeks to address the new European politics that emerged out of this coming together of West and East Utilizing a pan European comparative approach the book covers key topics with chapters on the history theory institutions parties and party systems interest groups systems of interest intermediation and civil society the impact of European public policy and the emergence of a European common and foreign policy provides detailed comparisons of the national political systems across Europe including Central and Eastern Europe and the Balkans contextualises national politics in the growing importance of European integration examines the European Union multi level governance system approach highlighting relationships and interactions between the global supranational national regional and local levels analyses the change from modern politics in which the nation state was still in command of domestic politics and its own borders to postmodern politics in which de territorialisation de nationalisation and internationalisation processes have transformed the national politics of European states facilitates learning through a wide range of pedagogical features including chapter summaries guides to further reading questions for revision and extensive use of maps figures case studies and tables Richly illustrated throughout this work is an indispensable resource for all students and academics of European politics

Cartelisation, Convergence or Increasing Similarities? Henrik Enroth, Magnus Hagevi, 2018-03-02 It is often suggested that political parties are becoming increasingly alike and that party politics has turned into an elite affair where political professionals collude to further their self interest rather than work to represent the interests of their constituents In recent decades this diagnosis has been famously associated with Richard Katz and Peter Mair s cartel party theory Yet so far this controversial thesis has not been subjected to systematic empirical scrutiny nor has its conceptual and normative underpinnings been properly considered In this volume a group of political scientists with different specialisations take on this task focusing empirically on the Swedish party system which the originators of the cartel party theory have suggested is especially conducive to the formation of party cartels Collecting new and unique qualitative and quantitative data the volume casts serious doubt on the validity of the cartel party theory as an explanation for party system change

Ambitious Politicians Patrik Öhberg, 2017-05-12 Those people who must want to rule people are ipso facto those least suited to do it This is how writer Douglas Adams neatly expressed the common view of political ambition And yet it s hard to imagine any politician getting far without it Ambitious Politicians brings a welcome study and insight to this conundrum Focusing first on the party centered politics of European democracies where career ambitions are necessarily different than those in the United States Patrik Öhberg looks closely at what motivates those aiming at the highest level of the political hierarchy how these motivators differ between more and less equalitarian societies and how such ambitions play out His book which draws upon a uniquely extensive survey conducted by the Swedish National

Election Study Program is the first thorough study of elite politicians who aspire to the top echelons of the parliamentary system. Politicians with career ambitions have a distinct idea of representation; however, findings show they display a higher degree of political self-regard and are more responsive to the wishes of the party elite in developing strategies. These findings vary among European democracies and differ from the traits and trajectories of political ambition in the United States. By identifying the subtleties and charting the differences, however, the book offers a valuable lesson on whether and how representative democracies are served by politicians driven by personal ambition or by those subverting such ambitions to the needs of party or state. Ambition, this timely book reminds us, has been crucial for political thinkers from Aristotle through the Founding Fathers to the latest candidate for higher office. Informed by history and social science theory and grounded in a wealth of data, *Ambitious Politicians* expands our understanding of the important and changing role of such ambition in collective decision making in our day. **How German Parties Select Candidates of Immigrant Origin** Sara

Ceyhan, 2020-10-31 This book analyzes the threshold candidates of immigrant background need to overcome to run for legislative office. Understanding whether political parties are able to adapt their selection criteria helps to assess their ability to respond to the underrepresentation of citizens of immigrant origin in parliament. Although Germany's ethnic diversity is on a steady rise, citizens of immigrant origin remain descriptively underrepresented. Despite the pivotal role the intra-party candidate selection plays in shaping who runs for election, the question of how candidates of immigrant background fare in political parties' candidate selection in comparison to native-born candidates remained a blind spot of research. Therefore, the author presents in-depth empirical evidence on the selection of candidates of immigrant background in German political parties. The book addresses scholars of political science interested in electoral studies as well as policy makers and party officials interested in a balanced representation of their political representatives. *Toxic Parliaments* Marian Sawer, Maria

Maley, 2024-04-10 This open access book shows how the MeToo movement and revelations of sexual harassment and bullying have spurred on reform of the parliamentary workplace in four Westminster countries: Australia, Canada, New Zealand, and the UK. Long-standing conventions included extreme power imbalances between parliamentarians and staff and a lack of professionalised employment practices. Codes of conduct and independent complaints bodies were resisted on grounds of parliamentary privilege; the ballot box was supposedly the best means of holding parliamentarians accountable for their conduct. The taken-for-granted status of adversarial politics and its silencing effects also rendered gendered mistreatment invisible. The authors examine the institutional backdrop and the different trajectories of reform in the four countries with most detail on the dramatic developments in Australia after angry women marched on parliament houses in 2021. They show how the different parliaments have responded to escalating evidence of misconduct, the role of policy borrowing, and the possibilities of lasting institutional change. *Politics in Scotland* Duncan McTavish, 2016-06-23 *Politics in Scotland* is an authoritative introduction to the contemporary political landscape in Scotland and an essential text for undergraduate and

postgraduate students of Scottish Politics Written by leading experts in the field it is coherently organised to provide a clear and comprehensive overview of a range of themes in contemporary Scottish Politics Key topics include Government and electoral behaviour Representation and political parties in Scotland Public policy and Scotland's relationship with the rest of the world Scottish politics both in the run up to and after the 2014 referendum The Future of Scottish government and politics This textbook will be essential reading for students of Scottish politics British Politics devolution government and policy

The Weight of the Printed Word Steve Wright, 2021-08-16 In *The Weight of the Printed Word* Steve Wright explores the creation and use of documents as a key dimension in the activities of the Italian workerists during the 1960s and 1970s From leaflets and newspapers to books internal documents and workers enquiries the operaisti deployed a wide variety of printed materials in their efforts to organise amongst new subjectivities of mass rebellion As Wright demonstrates the practice of working with print was a central part of what it meant to be a workerist or autonomist militant during these years one that throws light both on the meaning of political engagement as well as the challenges posed by the use of technologies of communication and by emergent social subjects

Cybersecurity in Switzerland Myriam Dunn Cavelty, 2014-10-11 Gives the reader a detailed account of how cyber security in Switzerland has evolved over the years using official documents and a considerable amount of inside knowledge It focuses on key ideas institutional arrangements on the publication of strategy papers and importantly on processes leading up to these strategy documents The peculiarities of the Swiss political system which influence the way cyber security can be designed and practiced in Switzerland are considered as well as the bigger global influences and driving factors that shaped the Swiss approach to cyber security It shows that throughout the years the most important influence on the Swiss policy approach was the international level or rather the developments of a cyber security policy in other states Even though many of the basic ideas about information sharing and public private partnerships were influenced by amongst others the US approach to critical infrastructure protection the peculiarities of the Swiss political system has led to a particular Swiss solution which is based on the federalist structures and subsidiary principles characterized by stability and resilience to external shocks in the form of cyber incidents Cybersecurity in Switzerland will be a stimulating read for anybody interested in cyber security policy including students researchers analysts and policy makers It contains not only specific material on an interesting case but also a wealth of background information on different variations of cyber security as well as on information sharing and public private partnerships

Political Class In Advanced Democracies A Comparative Handbook Introduction

In the digital age, access to information has become easier than ever before. The ability to download Political Class In Advanced Democracies A Comparative Handbook has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Political Class In Advanced Democracies A Comparative Handbook has opened up a world of possibilities. Downloading Political Class In Advanced Democracies A Comparative Handbook provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Political Class In Advanced Democracies A Comparative Handbook has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Political Class In Advanced Democracies A Comparative Handbook. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Political Class In Advanced Democracies A Comparative Handbook. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Political Class In Advanced Democracies A Comparative Handbook, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal

information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Political Class In Advanced Democracies A Comparative Handbook has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Political Class In Advanced Democracies A Comparative Handbook Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Political Class In Advanced Democracies A Comparative Handbook is one of the best book in our library for free trial. We provide copy of Political Class In Advanced Democracies A Comparative Handbook in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Political Class In Advanced Democracies A Comparative Handbook. Where to download Political Class In Advanced Democracies A Comparative Handbook online for free? Are you looking for Political Class In Advanced Democracies A Comparative Handbook PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Political Class In Advanced Democracies A Comparative Handbook. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Political Class In Advanced Democracies A Comparative Handbook are for sale to free while some are payable. If

you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Political Class In Advanced Democracies A Comparative Handbook. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Political Class In Advanced Democracies A Comparative Handbook To get started finding Political Class In Advanced Democracies A Comparative Handbook, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Political Class In Advanced Democracies A Comparative Handbook So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Political Class In Advanced Democracies A Comparative Handbook. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Political Class In Advanced Democracies A Comparative Handbook, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Political Class In Advanced Democracies A Comparative Handbook is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Political Class In Advanced Democracies A Comparative Handbook is universally compatible with any devices to read.
