Political Culture And Public Opinion

Claudia Strauss

Political Culture And Public Opinion:

Political Culture and Public Opinion Arthur Asa Berger, 1989-01-01 *Political Culture and Public Opinion* *British Political Culture and the Idea of 'Public Opinion', 1867-1914* James Thompson, 2013-08-29 Newspapers periodicals pamphlets and books all reflect the ubiquity of public opinion in political discourse in late nineteenth and early twentieth century Britain Through close attention to debates across the political spectrum James Thompson charts the ways in which Britons sought to locate public opinion in an era prior to polling He shows that public opinion was the principal term through which the link between the social and the political was interrogated charted and contested and charts how the widespread conviction that the public was growing in power raised significant issues about the kind of polity emerging in Britain He also examines how the early Labour party negotiated the language of public opinion and sought to articulate Labour interests in relation to those of the public In so doing he sheds important new light on the character of Britain's liberal political culture and on Labour's place in and relationship to that culture **Political Culture** Walter A. Rosenbaum, 1975 For introductory and intermediate undergraduate courses in political science *Public Opinion* Bernard C. Hennessy, Erna Hennessy, 1981 **Public Opinion in State Politics** Jeffrey E. Cohen, 2006-08-25 Since the Reagan presidency more and more public policymaking authority has devolved to the states a trend that the contributors to this volume argue is unlikely to abate soon Public Opinion in State Politics is an innovative collection of recent research developed in response to signs of this growing importance of state politics It updates and expands the previous work on public opinion and state politics taking into account new data and methods and drawing comparisons across states The book is organized around three major themes the conceptualization and measurement of public opinion in the states explanations of variation in state public opinion and the impact of public opinion on state politics and policy **Hispanics and the U.S. Political System** Chris Garcia, 2015-12-22 As the Hispanic population in the U S grows so too does its influence The general election in 2000 marked an era of increased influence and awareness by Hispanics in politics both as voters and politicians While it is clear that Latinos are influencing and changing politics the impact on politics in the U S is still not clear Authored by leading scholar F Chris Garcia and Gabriel Sanchez Hispanics and the U S Political System Moving into the Mainstream focuses on the historical contemporary and future role of Hispanics in the United States **The Concept of Political Culture** Stephen Welch, 2016-07-27 erudite thought provoking and well written Archie Brown Professor of Politics Oxford University The return to prominence of the concept of political culture offers an opportunity to re evaluate its contribution to the social sciences This study casts a broader net embracing not only political science with equal emphasis placed on the concept's use in communist studies but also sociology and history On this basis a distinctive theory of political culture and not merely another typology is developed Political culture instead of being a token in the sterile debate between interest and culture based explanation offers the means of transcending that debate **American Democracy in Context** John Anthony Maltese, Joseph A. Pika, W. Phillips

Shively, 2019-11-08 Discover what makes American democracy unique and how its government impacts your life American Democracy in Context provides a combined comparative and historical approach to inspire students to better understand American government and become active citizens Bestselling authors Maltese Pika and Shively explain the distinctive features of how Americans practice democracy how they vote translate election results into representation of interests make policy decisions enforce laws and maintain justice and how those practices differ from other democracies throughout the world The emphasis is always on the American political system but the search for understanding encourages students to examine how the American system has developed over time historical context and how it compares with similar practices in other democracies comparative context This combined approach motivates students to understand why politics is relevant to their everyday lives and how they can affect changes and make a difference This title is accompanied by a complete teaching and learning package Digital Option Courseware SAGE Vantage is an intuitive digital platform that delivers this text's content and course materials in a learning experience that offers auto graded assignments and interactive multimedia tools all carefully designed to ignite student engagement and drive critical thinking Built with you and your students in mind it offers simple course set up and enables students to better prepare for class Assignable Video with Assessment Assignable video available with SAGE Vantage is tied to learning objectives and curated exclusively for this text to bring concepts to life LMS Cartridge formerly known as SAGE Coursepacks Import this title's instructor resources into your school's learning management system LMS and save time Don't use an LMS You can still access all of the same online resources for this title via the password protected Instructor Resource Site

Political Institutions and Lesbian and Gay Rights in the United States and Canada Miriam Smith, 2008-08-18 This book examines why the US and Canada have produced such divergent policy outcomes in affording rights to their gay and lesbian citizens Smith's contribution will prove vital as movements for lesbian and gay rights continue to recast the social landscape in North America and beyond

Divided America on the World Stage Howard J. Wiarda, 2009-10-31 How America's political divisions influence our foreign policy

Post-communist Studies And Political Science Jr. Fleron, Erik P Hoffmann, 2019-08-15 Serious stock taking is in progress now among practitioners of what has been called Sovietology meaning studies of the Union of Soviet Socialist Republics The reason is that the field for the most part had not been expecting what happened in 1991 The USSR collapsed and went out of existence as a unified state system governing a sixth of the world's territory having allowed its East European empire to free itself from Soviet dominance somewhat earlier It might be said in defense of Sovietology that by the beginning of the 1980s it understood that economic and political crises were brewing in the Soviet Union and its outer empire But the field as a whole failed to grasp the full depth of the systemic crisis in Soviet Russia and the destructive or self destructive potentialities inherent in it As the editors of this valuable volume write in the Introduction Sovietology was not prepared for perestroika and postcommunism

Public Opinion William A. Blade, 2002 Twenty four news networks a

plethora of newspapers and magazines vibrant news talk radio and the ubiquitous Internet highlight our society as information driven With such a steady stream of hard facts mixed with publicised opinions the mainstream population has an opinion on everything Most anyone seems itching to argue their side of an issue making once private beliefs fodder for general consumption A staple of any medium s content is a regular public opinion poll on whatever hot topic strikes the editor s fancy From the significant to the mundane public opinion permeates society Accordingly politicians have taken note of these opinions and adopted stands and values that put them in tune with public sentiment An understanding of the nature of public opinion therefore is paramount in today s world This book assembles and presents a carefully chosen bibliography on public opinion in its many forms The collection of references makes for a valuable resource in studying and researching the critical issue of public opinion Easy access to these pieces of literature are then provided with author title and subject indexes

Making Sense of Public Opinion Claudia Strauss,2012-10-15 This book proposes that Americans form views on immigration and social welfare programs from conventional ways of speaking rather than from ideologies

Public Opinion and Canadian Identity Mildred A. Schwartz,2023-11-15 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1967

American Government Cal Jillson,2013-01-04 History matters America s past is present in all aspects of the contemporary political system Cal Jillson uses political development and the dynamics of change as a tool to help students understand how politics works now and how institutions participation and policies have evolved over time to produce this political environment Going one step further Jillson helps students think critically about how American democracy might evolve further focusing in every chapter on reform and further change These revisions make the Seventh Edition better than ever The latest details on all aspects of American politics including the 2012 elections keep students current Coverage of Obama s full first term and heightened polarization in Congress help students see the importance of institutional development A renewed emphasis throughout on the importance of race ethnicity and gender in the development of American politics helps students understand the full picture of political participation In a streamlined presentation Jillson delivers a concise and engaging narrative to help students understand the complexities and importance of American politics Along the way several pedagogical features foster critical thinking and analysis New Struggling towards Democracy discussion questions to provoke both critical thinking and class discussion on the most relevant issues The Constitution Today chapter opening vignettes illustrate the importance of conflicting views on constitutional principles Key terms defined in the margins on the page where they appear help students study important concepts Focus questions at the beginning of every chapter highlight the central learning objectives for students to look for and marginal notes throughout the chapter indicate the relevant discussions for addressing these

questions Colorful figures and charts help students visualize important information Let s Compare boxes analyze how functions of government and political participation work in other countries Pro Con boxes bring to life a central debate in each chapter from questions over campaign finance bias in the media and the balance between the president and Congress in war making to judicial activism and restraint gay marriage and equitable taxes Timelines in every chapter gives students an at a glance reference to important stages in historical development End of chapter summaries suggested readings and web resources help students master the material and guide them to further critical investigation of important concepts and topics

Political Theory Hoveyda Abbas,Ranajay Kumar,2012 Political Theory is about the description observation analysis and inquiry into the issues of political science Divided into 15 chapters the book captures all relevant aspects of political science and analyses them in the light of examples from India and the rest of the world Through a thorough examination of various political institutions the role of different social groups and the evolution of our politics this book will help students

understand the basic concepts and notions of political theory and illustrate how these concepts apply to political systems across the world

Political Culture, Public Policy, and the American States John Kincaid,1982 **Studies in Public Opinion** Willem E. Saris,Paul M. Sniderman,2004 Building on and reaching beyond themes in the work of Philip Converse one of the pioneers in the study of public opinion Studies in Public Opinion brings together a group of leading American and European social scientists to explore a number of new factors with a particular emphasis on the structure of political choices In twelve chapters that reflect different perspectives on how people form political opinions and how these opinions are manipulated this book offers an unparalleled view of the state of the art research on these important questions as it has developed on two continents

Outside Looking In Nicholas P. Lovrich,Francis A. Benjamin,John C. Pierce,William D. Schreckhise,2021-10-05 The recent advent of gridlock and hyper partisanship in the United States Congress has raised questions about whether similar divides are occurring in state governments and if so why To find out researchers working in 2018 and 2019 under a National Institute for Civil Discourse NICD grant conducted a survey of registered lobbyists and public agency legislative liaison officers in all fifty states They received over 1 200 completed surveys The researchers hope that understanding reasons behind politicians inability to demonstrate civility and reach bipartisan agreements will yield effective purposeful interventions In Outside Looking In scholars from across the country interpret the survey results Using a variety of lenses they present unique perspectives revealing both regional and national insights Chapters address findings on a variety of topics including effects of political culture heritage on perceptions of civil discourse phenomena and the impact of legislative professionalization sentiments about civil discourse and perceptions of their own state legislature among lobbyists a multivariate cross state comparison of the relative impact of political culture professionalism and term limits presumed and actual impact of term limits on civility a comparison of lobbyists with and without prior legislative service and effects of the rural urban divide and state level inequality across the states Also discussed are the efforts by the National

Conference of State Legislatures to advance the cause of civil discourse and NICD interventions to support civil discourse in state legislatures Offering rare insights on discourse in state legislatures this work is a must read for political science scholars studying state governments state level lobbying and civility in government as well as for state legislators and public interest groups committed to enhancing civility in government **Comparative Public Opinion** Cameron D.

Anderson, Mathieu Turgeon, 2022-07-22 This book presents a comprehensive examination of public opinion in the democratic world Built around chapters that highlight key explanatory frameworks used in understanding public opinion the book presents a coherent study of the subject in a comparative perspective emphasizing and interrogating immigration as a key issue of high concern to most mass publics in the democratic world Key features of the book include Covers several theoretical issues and determinants of opinion such as the effects of personality age and life cycle ideology social class partisanship gender religion ethnicity language and media highlighting over time the effects of political social and economic contexts Each chapter explores the theoretical rationale mechanisms of effect and use in the scholarly literature on public opinion before applying these to the issue of immigration comparatively and in specific places or regions Widely comparative using a nine country sample Australia Canada France Germany Italy Portugal Switzerland the United Kingdom and the United States of America in the analysis of individual level determinants of public opinion about immigration and extending to other countries like Belgium Brazil and Japan when evaluating contextual factors This edited volume will be essential reading for students scholars and practitioners interested in public opinion political behaviour voting behaviour politics of the media immigration political communication and more generally democracy and comparative politics
