Christine Fair,2010-10-04 The past decade has seen a marked policy focus upon Bangladesh home to nearly 150 million Muslims it has attracted the attention of the world due to weak governance and the rising tide of Islamist violence This book provides a broad ranging analysis of the growth and impact of political Islam in Bangladesh and reactions to it Grounded in empirical data experts on Bangladesh examine the changing character of Bangladeshi politics since 1971 with a particular focus on the convergence of governance Islamism and militancy They examine the impacts of Islamist politics on education popular culture and civil society and the regional and extraregional connections of the Bangladeshi Islamist groups Bringing together journalists and

academics all of whom have different professional and methodological backgrounds and field experiences which impact upon these issues from different vantage points the book assesses Bangladesh's own prospects for internal stability as well as its wider impact upon South Asian security. It argues that the political environment of Bangladesh, the appeal of Islamist ideology to the general masses and the dynamic adaptability of Islamist organizations all demonstrate that Bangladesh will continue to focus the attention of policy makers and analysts alike. This is a timely incisive and original explanation of the rise of political Islam and Islamic militancy in Bangladesh. *Bangladesh* Ali Riaz, 2016-06-08

Bangladesh is a country of paradoxes. The eighth most populous country of the world, it has attracted considerable attention from the international media and western policy makers in recent years, often for the wrong reasons: corruption, natural disasters caused by its precarious geographical location and volatile political situations with several military coups following its independence from Pakistan in 1971. Institutional corruption, growing religious intolerance and Islamist militancy have reflected the weakness of the state and undermined its capacity. Yet the country has demonstrated significant economic potential and has achieved successes in areas such as female education, population control and reductions in child mortality. Ali Riaz here examines the political processes which engendered these paradoxical tendencies, taking into account the problems of democratization and the effects this has had and will continue to have in the wider South Asian region. This comprehensive and unique overview of political and historical developments in Bangladesh since 1971 will provide essential reading for observers of Bangladesh and South Asia. *Politics and Governance in Bangladesh* Ipshita Basu, Joe Devine, Geoff Wood, 2017-09-08

Since its Independence in 1971, Bangladesh has made remarkable progress in terms of reducing poverty levels, achieving high levels of economic growth over a sustained period of time and meeting its Millennium Development Goals (MDG) targets set by the United Nations. With some justification, Bangladesh is considered an international development success story and the country appears to be well on track to meet its policy target of becoming a middle income country by 2021, the same year the country will celebrate 50 years of Independence. This book explores the central issue of Bangladeshi politics: the weakness of governance. The coexistence of a poor governance track record and a relatively strong socioeconomic performance makes Bangladesh an intriguing case which throws up exciting and relevant conceptual and policy challenges. Structured in four sections: Political Settlement, Elites and Deep Structures, Democracy, Citizenship and Values, Civil Society, Local Context and Political Change, Informality and Accountability, the book identifies and engages with these challenges. Chapters by experts in the field share a number of conceptual and epistemological principles and offer a combination of theoretical and empirical insights and cover a good range of contemporary issues and debate. Employing a structurally determinist perspective, this book explains politics and society in Bangladesh from a novel perspective. Academics in the field of governance and politics in developing countries with a focus on South Asia and Bangladesh will welcome its publication. Understanding Fifty Years of Bangladesh Politics Harun-Or-Rashid, 2024-03-13

Nurul Momen,Jannatul Ferdous,2023-04-08 This book adopts the multidimensional nature of innovation as its point of focus and offers a comprehensive analysis of contemporary governance issues in Bangladesh Each chapter views those issues from its own disciplinary perspective but all share a common focus on the current process in the governance of innovation The authors show how the processes of innovation and public service delivery are influenced while there is simultaneously a striving for a digital Bangladesh The book presents innovation as a complex phenomenon with multidisciplinary viewpoints affecting its governance As well new practices developments and empirical research are shown here The aim is to point out the most persistent difficulties in public administration and public service delivery with an emphasis on how to deliver public service in Bangladesh in a sustainable manner Although significant transformations have been made recently for a better organized public sphere public services still must be more closely in line with what citizens need rather than what service providers are prepared to deliver This published work speaks strongly to a wide ranging audience from scholars of governance and innovation management to academics researchers and postgraduate students interested in public service delivery innovations in Bangladesh and South Asia Indeed the book serves as a text and valuable resource for postgraduate courses in politics business administration economics political science development and governance in South Asia      **The Bangladesh Liberation War, the Sheikh Mujib Regime, and Contemporary Controversies** Caf Dowlah,2016-10-19 The study provides an in depth up to date and scholarly analysis of the liberation war and the Sheikh Mujib Regime of Bangladesh Situating the emergence of Bangladesh in the broader historical context of the partition of British India in 1947 the study re examines a how Mujib successfully galvanized the legitimate grievances of Bangladeshi people during the united Pakistan period 1947 71 and how a highly

successful guerilla warfare of Bangladeshi people led to dismemberment of Pakistan in 1971 with crucial military and political support from neighboring India b how in the post liberation Bangladesh the Mujib regime toyed with contradictory political ideologies of democracy and socialism and eventually ended up with a one party monolithic rule c how in the economic sphere the Mujib regime vacillated between petty bourgeoisie and socialist inclinations by half heartedly pursuing socialization of agriculture and nationalization of industries which resulted in plundering of the economy and plunging of millions of people in famine and near famine situations d how in 1975 the assassination of Mujib and collapse of his ill fated regime that failed to deliver both economically and politically evoked little sympathy from the masses and e how the trial of the killers of Mujib after 21 years of his death and the trial of the collaborators of the liberation war after four decades of the country s liberation war orchestrated by Sheikh Hasina government keep the nation s political discourse still sharply divided

Bangladesh's Road to Long-term Economic Prosperity M. G. Quibria, 2019-02-19 A must read for anyone interested in understanding complexities of development process Fakhruddin Ahmed former Governor of the Central Bank of Bangladesh Policy makers and general readers including specialists would find this lucid analysis very useful Nurul Islam Deputy Chairman of the First Planning commission of Bangladesh The author provides both valuable caution and useful guides to everyone interested in Bangladesh s economic future Salim Rashid Emeritus Professor of Economics University of Illinois USA This book examines the recent emergence of Bangladesh as one of the fastest growing economies in the world Identified by Goldman Sachs as being on a meteoric economic rise the country has dwarfed India in social improvement also Attempting to build on these successes the Bangladeshi government has set the ambitious aim of attaining the status of fully developed country by 2041 This study identifies the trifecta of major risks which could derail Bangladesh s upwards trajectory the rapid development of robotics and artificial development the uncertain political and economic global landscape and the constant threat of climate change and natural disasters In order to stay on track the government will need to address various social political policy and institutional challenges facing the economy including poor governance inadequate physical infrastructure skill and educational bottlenecks demographic burden dwindling social capital and lack of transformational leadership

**Electoral Corruption in Bangladesh** Muhammad Akhter, 2017-11-30 This title was first published in 2001 Rigging elections in favour of those in power has become a common practice in Bangladesh Muhammad Yeahia Akhter focuses on the significance of elections in this ostensibly democratic state and portrays how electoral corruption has damaged the process of democratic consolidation The author reveals the failure of both civilian and military governments to obtain democratic legitimacy and or credibility through free and fair elections The study examines the relatively democratic but largely non transparent nature of electioneering under non partisan caretaker governments The study provides a source of understanding of fair electoral process for the politicians and electoral officials in Bangladesh and other democratizing polities It provides valuable information to the policy makers and practitioners in order to reform the electoral process in

Bangladesh and in other similar countries      **Civil Society in Bangladesh** Farhat Tasnim, 2021-02-13 This book is the first of its kind to offer an understanding analysis and prediction of the state of civil society in Bangladesh in relation to development and democracy It is a research attempt to reveal the paradox found in developing countries like Bangladesh where there are numerous and active civil society organizations CSOs that have had almost no influence in consolidating democracy This book however also qualifies the normative assumption on the positive relationship between civil society and democracy asserted by the mainstream neo Tocquevillean School that has a profound influence on donor policies Readers are introduced to civil society in Bangladesh from a broad perspective Rather than confining the analysis to NGOs chapters explore the origin nature and function of both modern and conventional CSOs which helps to provide a more authentic understanding of the genuine state of civil society in relation to other actors in the political system Combining survey data analyses and empirical observations with carefully chosen case studies the book reveals that CSOs participate very actively in social services This research also reveals that these highly active CSOs in the field of social development lack the necessary attributes for ensuring participation proper interest articulation and monitoring of the state Through systematic analysis the book shows that political structures and for Bangladesh particularly political parties along with vertical social relationships such as clientelism patronage nepotism and corruption have contributed to a non vigilant civil society in Bangladesh although it often is spoken of in different terms This book is highly recommended for researchers students and development practitioners interested in South Asia as well as in understanding the potentials and limitations of civil society in relation to development and democracy Farhat Tasnim s book is a comprehensive treatment of civil society in Bangladesh It will serve as a useful resource for future researchers in this field for a long time to come Harry Blair Yale University USA Farhat Tasnim provides in this book a new perspective on one of the essential cases of civil society study Bangladesh Her penetrating analysis of the relationship of civil society organizations and democracy in Bangladesh should attract a wide readership This is an important book not only for students of Bangladesh but for scholars and practitioners interested in the relationship of civil society organizations and democracy Robert J Pekkanen University of Washington USA      The State, Class Formation, and Development in Bangladesh S. M. Shamsul Alam, 1995-12-19 This book studies postcolonial Bangladesh and shows how the state failed to create an industrial bourgeoisie class The author explores concepts of the postcolonial state colonialism during the British period postcolonial Bangladesh under various regimes the influences of democracy and alternatives through which Bangladesh may become a civil society This highly analytical and interpretive study offers a solution to the problem by calling for a participatory development and abandoning the idea of modernity A table of contents and a list of abbreviations make this book an especially thorough and pragmatic reference tool      Institutions of Political Islam in Bangladesh Shafi Md Mostofa, 2024-12-31 This book examines the socio political histories religio political agendas and politico militant and for some non violent strategies of institutions of political Islam in Bangladesh Focusing on Jammat e

Islami Hefazet e Islam Jammatul Mujahedeen Bangladesh JMB Ansar al Islam Neo Jammatul Mujahedeen Bangladesh Neo JMB Tablighi Jamaat and Islami Andolon Bangladesh it shows how these groups are key actors in the securitization of the postcolonial socio cultural economic and political histories and future of Bangladesh The volume illustrates the complex ways in which every day lived experiences of peoples of Bangladesh and securitized political and cultural pathways of state governance have shaped and impacted the histories and activities of these groups and the strategies and agendas of these groups to gain political and socio religious legitimacy within and sometimes beyond the secularized cultural landscapes of Bangladesh Moreover the book argues that even though these Islamist groups bear the same agenda of transforming Bangladesh into an Islamic state their strategies are different and unique It also discusses the connections of some of these groups to other transnational institutions of political Islam and extremist groups such as Al Qaeda and the Islamic State IS This book will be a major intervention in the field of politics religion and South Asian studies
