Political Pilgrims Travels Of Western Intellectuals To The Soviet Union China And Cuba 1928 1978:

Political Pilgrims Paul Hollander, 1989 **Political Pilgrims**, 1978 Hvad var det der f r kendte vestlige intellektuelle til at beundre forskellige kommunistiske systemer og forkaste deres egne landes liberale Hvorfor s ge idealer i fjerne ikke s godt kendte lande **Susan Sontag** Leland Poague, Kathy A. Parsons, 2021-12-12 Susan Sontag An Annotated Bibliography catalogues the works of one of America s most prolific and important 20th century authors Known for her philosophical writings on American culture topics left untouched by Sontag s writings are few and far between This volume is an exhaustive collection that includes her novels essays reviews films and interviews Each entry is accompanied by an annotated bibliography **The CIA and the Congress for Cultural Freedom in the Early Cold War** Sarah Miller Harris, 2016-08-05 This book questions the conventional wisdom about one of the most controversial episodes in the Cold War and tells the story of the CIA s backing of the Congress for Cultural Freedom For nearly two decades during the early Cold War the CIA secretly sponsored some of the world s most feted writers philosophers and scientists as part of a campaign to prevent Communism from regaining a foothold in Western Europe and from spreading to Asia By backing the Congress for Cultural Freedom the CIA subsidized dozens of prominent magazines global congresses annual seminars and artistic festivals When this operation QKOPERA became public in 1967 it ignited one of the most damaging scandals in CIA history Ever since then many accounts have argued that the CIA manipulated a generation of intellectuals into lending their names to pro American anti Communist ideas Others have suggested a more nuanced picture of the relationship between the Congress and the CIA with intellectuals sometimes resisting the CIA s bidding Very few accounts however have examined the man who held the Congress together Michael Josselson the Congress s indispensable manager and secretly a long time CIA agent This book fills that gap Using a wealth of archival research and interviews with many of the figures associated with the Congress this book sheds new light on how the Congress came into existence and functioned both as a magnet for prominent intellectuals and as a CIA operation This book will be of much interest to students of the CIA Cold War History intelligence studies US foreign policy and International Relations in general **George Kennan and the Dilemmas of US Foreign Policy** David Mayers, 1990-04-12 One of a select group of American foreign service officers to receive specialized training on the Soviet Union in the late 1920s and early 1930s George Frost Kennan eventually became the American government s chief expert on Soviet affairs during the height of the Cold War Drawing upon a wealth of original research David Mayers fascinating life of George Kennan examines his high level participation in foreign policy making and interprets his political and philosophical development within a historical framework Mayers presents an engaging and lucid account of Kennan s training his rise to prominence during the late 1940s and his policy failures and his later roles as critic of America s external policy advocate of détente with the Soviet Union and proponent of nuclear arms limitation Mayers also explores Kennan s complicated relationships with such important political figures and analysts as Dean Acheson John Foster Dulles and Walter

Lippmann **Modernization from the Other Shore** David C. Engerman, 2004-01-15 From the late 19th century to the eve of World War II America's experts on Russia watched as Russia and the USSR embarked on a course of rapid industrialization In his examination of this era Engerman underscores the key role economic development played in America's understanding of Russia and explores its profound effects on U S policy **Political Tourists** Sheila Fitzpatrick, Carolyn Rasmussen, 2008-03-15 For Socialists and many liberals the Soviet Union of the 1920s 1940s was the site of the great Socialist Experiment Most Australians who travelled there wrote about their extraordinary experiences and the recent opening of the Soviet archives gave access to the Soviets' reactions to their visitors Collecting the research of leading historians and writers *Political Tourists* explores Soviet tourism through figures such as Eric Ashby RM Crawford Reg Ellery Neill Greenwood Esmonde Higgins Katharine Susannah Prichard Betty Roland and Jessie Street Drawing on both Australian and Soviet archives this is a unique insight into the Soviet experience in the 1920s 1940s *Social Stratification, Class, Race, and Gender in Sociological Perspective, Second Edition* David Grusky, 2019-09-05 The volume offers essential reading for undergraduates who need an introduction to the field for graduate students who wish to broaden their understanding of stratification research and for advanced scholars who seek a basic reference guide Although most of the selections are middle range theoretical pieces suitable for introductory courses the anthology also includes advanced contributions on the cutting edge of research The editor outlines a modified study plan for undergraduate students requiring a basic introduction to the field *Joseph Stalin* Helen Rappaport, 1999-12-13 To get to the top Joseph Stalin outmaneuvered Lenin Trotsky Kirov and a legion of equally ruthless revolutionaries This accessible and easy to read reference work reveals the more personal side of the Machiavellian mastermind who not only orchestrated the Great Terror but also forged the USSR into a world power *Joseph Stalin A Biographical Companion* offers balanced coverage and makes use of new information from Soviet archives while at the same time avoids mind numbing communist jargon and terminology Also included are scores of rare illustrations some never before published in the West *Public Intellectuals* Richard A. Posner, 2003-10-30 In this timely book which has a new Preface and Epilogue Posner charts the decline of the public intellectual a venerable institution that includes worthies from Socrates to John Dewey 2 line illustrations *America Views China* Jonathan Goldstein, Jerry Israel, Hilary Conroy, 1991 U S historians present 16 essays on the American view of the Chinese from the 18th century to the present Among the perspectives are art commerce missionary activity diplomacy popular culture and a comparison with images of Japan Includes a general bibliography Annotation copyrighted by Book News Inc Portland OR *The China Journals* Hugh Trevor-Roper, 2020-02-20 These private journals made available here for the first time record Hugh Trevor Roper's visit to the People's Republic of China in the autumn of 1965 shortly before the outbreak of the Cultural Revolution and describe the controversial aftermath of his journey on his return to England The visit was a catalogue of frustrations which he relates with the verve and irony of a master narrator who relished the human comedy His efforts to meet the real

life and mind of China in whose history and politics he had long been interested were blocked at every turn by the resources of state propaganda and the claustrophobic attention of sullen Party guides The visit was arranged by the London based Society for Anglo Chinese Understanding which was ostensibly committed to the impartial interchange of culture and ideas It proved to be run by a Communist clique whose ruthless methods of control outwitted the well connected membership Back in England and with help from MI5 he resolved to get to the bottom of the society s affairs His investigations provoked a tumultuous public row which Trevor Roper no shirker of controversy zestfully traces in these pages Through the book which closes with an account of his visit to Taiwan and South East Asia in 1967 there run the wisdom of historical perspective that he brought to contemporary events and his lifelong commitment to the defence of liberal values and practices against their ideological adversaries

The People's West Lake Qiliang He,2023-07-31 The People s West Lake examines the Chinese Communist Party s CCP efforts to reconfigure Hangzhou s urban space alter the natural environment in West Lake Xihu and refashion the city s culture in post 1949 China It pieces together five initiatives between the 1950s and the 1970s the dredging of the lake the construction of the public park of Watching Fish at the Flower Harbor Huagang guanyu the afforestation movement the development of collectivized pig farming around West Lake and the two campaigns to remove lakeside tombs These projects were intended to generate visible and tangible results a lake with a good depth a scenic public garden greener hills surrounding the lake a growing swine population and rising productivity of fertilizer and a tourist site cleansed of burial grounds while also being readily subject to the Party s propaganda These initiatives were designed both to achieve economic cultural and ecological utilities and to forge and popularize a sense of socialist nationhood The CCP s endeavor to fundamentally transform the West Lake area also opened up possibilities for both human and nonhuman actors to variously benefit from get along with and undermine the political authorities planning This book thus emphatically foregrounds and unifies the agency of both humans and nonhuman entities that are not necessarily tied to intentionality bringing into question the legitimacy of the human nonhuman binary Author Qiliang He explores the agency of both humans and nonhumans including water microbes aquatic plants the park pigs trees pests and tombs to affect deflect and undercut the CCP s sociopolitical programs thereby diminishing the efficacy of state propaganda Highlighting the nonpurposive agency of both actors problematizes the long held resistance accommodation paradigm which presumes the resisters a priori subjectivities independent of the socialist system in studying the state society relationship in the People s Republic of China Using a project based approach The People s West Lake gives the nature human relationship in Mao s China best known as Mao s war against nature historical and cultural specificities to reexamine the PRC regime s central planning and the issues related to it

Annals of Gullibility Stephen Greenspan,2008-12-30 The first book to provide a comprehensive look at the problem of gullibility this

groundbreaking work covers how and why we are fooled in areas that range from religion politics science and medicine to personal finance and relationships First laying the groundwork by showing gullibility at play in the writings of historic authors we all know developmental psychologist Stephen Greenspan follows with chapters that describe social duping across the gamut of human conduct From people who pour bucks into investment scams to those who follow the faith of scientologists believe in fortunetellers or champion unfounded medicine akin to snake oil we all know someone who has been duped A lot of us have been duped ourselves out of naive trust It s not a matter of low intelligence that moves us to without evidence believe the words of politicians salesmen academics lawyers military figures or cult leaders among others Greenspan shows us the four broad reasons we become drawn into gullible behavior and he presents ways people can become less gullible Greenspan takes us into the vast realm of gullibility from the fictional Pied Piper to the historical Trojan Horse then through modern day military maneuvers political untruths police and criminal justice scams and financial and love lies While there have been earlier books focused on liars and manipulators of all sorts this is the first to focus on the gullible who are their victims and how the gullible can become less likely to be taken again

Red Britain Matthew Taunton, 2019-04-04 Red Britain sets out a provocative rethinking of the cultural politics of mid century Britain by drawing attention to the extent diversity and longevity of the cultural effects of the Russian Revolution Drawing on new archival research and historical scholarship this book explores the conceptual discursive and formal reverberations of the Bolshevik Revolution in British literature and culture It provides new insight into canonical writers including Doris Lessing George Orwell Dorothy Richardson H G Wells and Raymond Williams as well bringing to attention a cast of less studied writers intellectuals journalists and visitors to the Soviet Union Red Britain shows that the cultural resonances of the Russian Revolution are more far reaching and various than has previously been acknowledged Each of the five chapters takes as its subject one particular problem or debate and investigates the ways in which it was politicised as a result of the Russian Revolution and the subsequent development of the Soviet state The chapters focus on the idea of the future numbers and arithmetic law and justice debates around agriculture and landowning and finally orality literacy and religion In all of these spheres Red Britain shows how the medievalist romantic oral pastoral anarchic and ethical emphases of English socialism clashed with and were sometimes overwritten by futurist utilitarian literate urban statist and economic ideas associated with the Bolshevik Revolution

Bloody Old Britain Kitty Hauser, 2015-06-04 O G S Crawford 1886 1957 thought history held the answers to everything A field archaeologist he later became a photographer flying over the Western Front during the First World War an experience that made him a pioneer of aerial archaeology An impassioned Marxist it seemed to him that 1930s Britain would soon disappear conquered by history s inevitable march to world socialism and he made a photographic study of everyday things churches and advertising hoardings as future evidence of how unenlightened British society had once been Later there came angry disillusionment and a book too bitter to be published called Bloody Old Britain

In recounting Crawford's extraordinary story Kitty Hauser uses many of his photographs and penetrates neglected but fascinating aspects of British life and belief that have themselves become history *A Soviet Journey* Alex La Guma, 2017-04-18 In 1978 the South African activist and novelist Alex La Guma 1925-1985 published *A Soviet Journey* a memoir of his travels in the Soviet Union Today it stands as one of the longest and most substantive first hand accounts of the USSR by an African writer La Guma's book is consequently a rare and important document of the anti apartheid struggle and the Cold War period depicting the Soviet model from an African perspective and the specific meaning it held for those envisioning a future South Africa For many members of the African National Congress and the South African Communist Party the Soviet Union represented a political system that had achieved political and economic justice through socialism a point of view that has since been lost with the collapse of the USSR and the end of the Cold War This new edition of *A Soviet Journey* the first since 1978 restores this vision to the historical record highlighting how activist intellectuals like La Guma looked to the Soviet Union as a paradigm of self determination decolonization and postcolonial development The introduction by Christopher J Lee discusses these elements of La Guma's text in addition to situating La Guma more broadly within the intercontinental spaces of the Black Atlantic and an emergent Third World Presenting a more expansive view of African literature and its global intellectual engagements *A Soviet Journey* will be of interest to readers of African fiction and non fiction South African history postcolonial Cold War studies and radical political thought **The Survival of the Adversary Culture** Paul Hollander, 1988-01-01 *The Survival of the Adversary Culture* shows that contrary to much popular and journalistic opinion the rejection of American society conceived during the 1960s has not substantially declined but has taken root and endured despite surface changes These writings represent the insights and observations of an author who has long been a commentator and student of social scientists who have examined American institutions and social problems in comparative context *Seeds of Exchange* Maria Fedorova, 2025-08-15 *Seeds of Exchange* examines the US and Soviet exchange of agricultural knowledge and technology during the interwar period Maria Fedorova challenges the perception of the Soviet Union as a passive recipient of American technology and expertise She reveals the circular nature of this exchange through official government bureaus amid anxious farmers in crowded auditoriums in cramped cars across North Dakota and Montana and by train over the once fertile steppes of the Volga Amid the post World War I food insecurity Soviet and American agricultural experts relied on transnational networks bridging ideological differences As Soviets traveled across the US agricultural regions and Americans plowed steppes in the southern Urals and the lower Volga both groups believed that innovative solutions could be found beyond their own national borders Soviets were avidly interested in American technology and American agricultural experts perceived the Soviet Union to be an ideal setting for experimenting with and refining modern farm systems and organizational practices As *Seeds of Exchange* shows agricultural modernization was not the exclusive domain of Western countries
