Political Quotations:

The Biteback Dictionary of Humorous Political Quotations Fred Metcalf, 2012-10-15 Politics is no laughing matter unless you've got Fred Metcalf's Dictionary of Humorous Political Quotations. From the wit that made Boris a contender to the best of George W. Bush, this book will have you in stitches. Bankers to bin Laden, bumper stickers to Biden, and even a few topics that don't begin with B, Metcalf has them all covered. Churchill's gravitas meets Jon Stewart's modern parody; if you have a political or a funny bone in your body, you need this book. I loved it. Louise Mensch. With this brilliant anthology of *mieux mots* used in the theatre of politics over the centuries, Fred Metcalf has conjured an indispensable tool for both the seasoned public speaker and the armchair quotation collector alike. Combining politics with a liberal dose of sex, drugs, and Frank Zappa, Metcalf has produced a hearty panoply of memorable political rhetoric to cover any occasion, a remedy for those improvising amid impassioned response as well as those polishing their argument with the choicest of truisms. The Macmillan Dictionary of Political Quotations Lewis D. Eigen, Jonathan Paul Siegel, 1993 As the only book to gather in a single volume the world's best quotations by and about politicians and politics, this compendium combines wit, intelligence, and history on a subject that is alive and well in the minds and ears of the public. With contributors ranging from Aristotle to Dan Quayle, the 15,000 entries cover a full range of political subjects. Political Quotations Daniel B. Baker, 1990 Add depth or drama to your school papers, news articles, or political speeches with a few well-chosen words from Aristotle, Mikhail Gorbachev, Martin Luther King, Mao Zedong, Gloria Steinem, and more than 4,000 other famous politicians and world leaders. The political statements range in subject from bureaucracy and liberalism to revolution and taxation, arranged by date under each subject heading to let you see the development of thinking over the centuries. The Quote Sleuth Anthony W. Shipps, 1990 The tracer's goals are to identify the source of a quotation, to find or to produce detailed citation based on a reliable edition of the work, to find an authoritative text of the passage being traced, and to do all this in the shortest time possible and with the least possible amount of effort. *Information Sources of Political Science* Stephen W. Green, Douglas J. Ernest, 2005-07-15 A thoroughly revised and updated new edition of the world's leading comprehensive bibliography of American and international politics. The eagerly anticipated new edition of the widely acclaimed *Information Sources of Political Science* is the most comprehensive English language political bibliography available, offering the surest way for students and researchers to get straight to the information they need. Like no other volume, it provides a fully rounded view of the field, both in the United States and internationally, including relevant works in history, economics, sociology, and education. Its 2,500 entries cover a wide variety of source types: indexing and abstracting services, major bibliographical tools, encyclopedias, dictionaries, handbooks, directories, statistical compilations, and more. In addition, this edition is the first to feature substantial coverage of electronic resources, both databases and Internet sites. Each source receives its own annotation, with entries grouped in categories to bring together like works for easy comparison. This work is a cornerstone.
