IOS Press

Political Terrorism A New Guide To Actors Authors Concepts Data Bases Theories And Literature:

Political Terrorism Albert J. Jongman, 1988 While there is no easy way to define terrorism it may generally be viewed as a method of violence in which civilians are targeted with the objective of forcing a perceived enemy into submission by creating fear demoralization and political friction in the population under attack At one time a marginal field of study in the social sciences terrorism is now very much in center stage The 1970s terrorist attacks by the PLO the Provisional Irish Republican Army the Popular Front for the Liberation of Palestine the Japanese Red Army the Unabomber Aum Shinrikyo Timothy McVeigh the World Trade Center attacks the assault on a school in Russia and suicide bombers have all made the term terrorism an all too common part of our vocabulary This edition of Political Terrorism was originally published in the 1980s well before some of the horrific events noted above This monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources is being reissued in paperback now as a resource for the expanding community of researchers on the subject of terrorism This is a carefully constructed guide to one of the most urgent issues of the world today When the first edition was originally published Choice noted This extremely useful reference tool should be part of any serious social science collection Chronicles of Culture called it a tremendously comprehensive book about a subject that any who have anything to lose from property to liberty life to limbs should be forewarned against Alex P Schmid received his Ph D from the University of Zurich Switzerland and is a professor in the Department of Political Science at Leiden University He is the coauthor with Albert J Jongman of Soviet Military Interventions since 1945 available from Transaction Albert J Jongman is principal researcher for PIOOM the Interdisciplinary Research Programme on Causes of Human Rights Violations and has been a research assistant at the SIPRI in Sweden He is the author of Monitoring Human Rights Violations State Violence State Terrorism and Human Rights Irving Louis Horowitz is Hannah Arendt Distinguished University Professor Emeritus of Sociology and Political Science at Rutgers University and the chairman and editorial director of Transaction Publishers

Political Terrorism Albert J. Jongman, 1988 While there is no easy way to define terrorism it may generally be viewed as a method of violence in which civilians are targeted with the objective of forcing a perceived enemy into submission by creating fear demoralization and political friction in the population under attack At one time a marginal field of study in the social sciences terrorism is now very much in center stage The 1970s terrorist attacks by the PLO the Provisional Irish Republican Army the Popular Front for the Liberation of Palestine the Japanese Red Army the Unabomber Aum Shinrikyo Timothy McVeigh the World Trade Center attacks the assault on a school in Russia and suicide bombers have all made the term terrorism an all too common part of our vocabulary This edition of Political Terrorism was originally published in the 1980s well before some of the horrific events noted above This monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources is being reissued in paperback now as a resource for the expanding community of researchers on the subject of terrorism This is a carefully constructed guide to one

of the most urgent issues of the world today When the first edition was originally published Choice noted This extremely useful reference tool should be part of any serious social science collection Chronicles of Culture called it a tremendously comprehensive book about a subject that any who have anything to lose from property to liberty life to limbs should be forewarned against Alex P Schmid received his Ph D from the University of Zurich Switzerland and is a professor in the Department of Political Science at Leiden University He is the coauthor with Albert J Jongman of Soviet Military Interventions since 1945 available from Transaction Albert J Jongman is principal researcher for PIOOM the Interdisciplinary Research Programme on Causes of Human Rights Violations and has been a research assistant at the SIPRI in Sweden He is the author of Monitoring Human Rights Violations State Violence State Terrorism and Human Rights Irving Louis Horowitz is Hannah Arendt Distinguished University Professor Emeritus of Sociology and Political Science at Rutgers University and the chairman and editorial director of Transaction Publishers

Political Terrorism Alex Peter Schmid, A. J. Jongman, Michael Stohl, Sociaal-Wetenschappelijk Informatie- en Documentatiecentrum (Koninklijke Nederlandse Akademie van Wetenschappen), Rijksuniversiteit te Leiden. Centrum voor Onderzoek van Maatschappelijke Tegenstellingen, Harvard University. Program on Nonviolent Sanctions in Conflict and Defense, 1988 While there is no easy way to define terrorism it may generally be viewed as a method of violence in which civilians are targeted with the objective of forcing a perceived enemy into submission by creating fear demoralization and political friction in the population under attack At one time a marginal field of study in the social sciences terrorism is now very much in center stage The 1970s terrorist attacks by the PLO the Provisional Irish Republican Army the Popular Front for the Liberation of Palestine the Japanese Red Army the Unabomber Aum Shinrikyo Timothy McVeigh the World Trade Center attacks the assault on a school in Russia and suicide bombers have all made the term terrorism an all too common part of our vocabulary This edition was originally published in the 1980s well before some of the horrific events noted above This monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources is being reissued in paperback now as a resource for the expanding community of researchers on the subject of terrorism This is a carefully constructed guide to one of the most urgent issues of the world today

From Pablo to Osama Michael Kenney, 2010-11 From Pablo to Osama is a comparative study of Colombian drug smuggling enterprises terrorist networks including al Qaeda and the law enforcement agencies that seek to dismantle them Drawing on a wealth of research materials including interviews with former drug traffickers and other hard to reach informants Michael Kenney explores how drug traffickers terrorists and government officials gather analyze and apply knowledge and experience The analysis reveals that the resilience of the Colombian drug trade and Islamist extremism in wars on drugs and terrorism stems partly from the ability of illicit enterprises to change their activities in response to practical experience and technical information store this knowledge in practices and procedures and select and retain routines that produce satisfactory results Traffickers and terrorists learn building skills improving practices and

becoming increasingly difficult for state authorities to eliminate The book concludes by exploring theoretical and policy implications suggesting that success in wars on drugs and terrorism depends less on fighting illicit networks with government intelligence and more on conquering competency traps that compel policy makers to exploit militarized enforcement strategies repeatedly without questioning whether these programs are capable of producing the intended results

Living with Terror, Working with Trauma Danielle Knafo, 2004 This book addresses the ways that mental health practitioners can assist survivors of terrorism Drawing upon the experience of leading practitioners and renowned experts throughout the world this edited volume explores the most innovative methods currently employed to help people heal and even grow from traumatic experiences It argues for a multi dimensional approach to understanding and treating the effects of terror related trauma

Counterterrorism Ronald Crelinsten, 2013-04-17 Terrorism has emerged as one of the most problematic issues facing national governments and the international community in the 21st century But how is it possible to counter terrorism in a world in which governance is still dominated by the nation state Are we seeing new forms of terrorist activity in the wake of 9 11 Are pre 9 11 approaches still valid How can we combat and control diverse threats of multiple origin Who should be responsible for countering terrorism and in what circumstances In this incisive new book Ronald Crelinsten seeks to provide answers to these pressing questions challenging readers to think beyond disciplinary and jurisdictional boundaries He presents an up to date and comprehensive introduction to the difficulties and obstacles related to countering terrorism in democratic societies The counterterrorism framework that he develops in this book reflects the complex world in which we live The different approaches to counterterrorism provide the organizing theme of the book and help the reader to understand and to appreciate the full range of options available The book includes a host of contemporary examples and further readings compares and contrasts pre and post 9 11 approaches critically evaluates the post 9 11 war on terror moves beyond a purely state centric focus to include non state actors and institutions combines hard and soft power approaches considers prevention preparedness response and recovery Counterterrorism will be an indispensable guide for students researchers practitioners and general readers wanting to broaden their knowledge of the possibilities and limitations of counterterrorism today

The Oxford Handbook of Terrorism Erica Chenoweth, Richard English, Andreas Gofas, Stathis N. Kalyvas, 2019-03-14 The Oxford Handbook of Terrorism systematically integrates the substantial body of scholarship on terrorism and counterterrorism before and after 9 11 In doing so it introduces scholars and practitioners to state of the art approaches methods and issues in studying and teaching these vital phenomena This Handbook goes further than most existing collections by giving structure and direction to the fast growing but somewhat disjointed field of terrorism studies The volume locates terrorism within the wider spectrum of political violence instead of engaging in the widespread tendency towards treating terrorism as an exceptional act Moreover the volume makes a case for studying terrorism within its socio historical context Finally the volume addresses the critique that the study of terrorism suffers from lack of theory by

reviewing and extending the theoretical insights contributed by several fields including political science political economy history sociology anthropology criminology law geography and psychology In doing so the volume showcases the analytical advancements and reflects on the challenges that remain since the emergence of the field in the early 1970s

Understanding Global Politics Dr Chanchal Kumar, Prof Lungthuiyang Riamei, Dr Sanju Gupta, 2017-02-15

Understanding Global Politics is a pioneering work which analyses contemporary issues such as climate change migration nuclear proliferation terrorism as well as feminist perspective on International Relations It covers the various dimensions of globalisation which affects on the accelerating world The intergovernmental agencies such as International Atomic Energy Agency IAEA International Court of Justice as well as the United Nations are instrumental in directing the energies towards the control of proliferation of nuclear weapons The last section of the book deliberates on the global shifts power and governance in a fast changing world order The salience of global regional and economic groupings like WTO IMF World Bank BRICS EU etc are covered in great detail The book presents an opportunity to engage in Applied Global Politics and explore the core concept by students of Political Science International Relations as well as refresher for scholars of defence and security studies

When Terrorism and Counterterrorism Clash Ivan Sascha Sheehan, 2007 Highly readable with a rich quantitative analysis of the largest ever terrorism database constructed for the period 1992-2004 the results of the study are fascinating and have important implications for current U S foreign policy in the Global War on Terrorism The author has painstakingly examined with precise numbers the impact of the use of preemptive force in the War on Terrorism in a way that has never been done before This is the first publication showcasing compelling data on the impact of the current war on terrorism on the level lethality and frequency of transnational terrorist activity around the globe With extremely current data *When Terrorism and Counterterrorism Clash* is a critical reference to all in the fields of international relations and political science This is the most compelling provocative and sophisticated empirical study I've seen of the Global War on Terrorism It is essential reading for policymakers and scholars and couldn't come at a more critical time John N Paden Ph D Clarence Robinson Professor of International Studies and Professor of Public and International Affairs George Mason University This is exactly what we need to make informed policy decisions Alireza Jafarzadeh Author of *The Iran Threat* President Ahmadinejad and the Coming Nuclear Crisis and FOX News Channel Foreign Affairs Analyst A penetrating analysis with a compelling conclusion Daniel Druckman Professor of Public and International Affairs George Mason University and Visiting Scholar Centre for Peace and Conflict Studies University of Queensland Brisbane Australia

Terrorist Minds: From Social-psychological Profiling To Assessing The Risk Sagit Yehoshua, 2020-10-19 This book's excellent discussion of the theories and concepts involved in profiling terrorists including those who are incarcerated is a major contribution to the academic discipline on these issues Perspectives on Terrorism Terrorist Minds From Social Psychological Profiling to Assessing the Risk explores the process of terrorist behavioural analysis from the social psychological profiling of terrorists

to the development of risk assessment tools Most of the research for this book was conducted in cooperation with the Intelligence Department of the Israeli Prison Service via qualitative in depth interviews with leaders of terrorist organisations in Israeli prisons Once social psychological profiles were established terrorist risk assessment tools were developed to allow for better observation and practical management of associated problems This book fills the gaps in existing literature on the psychology of imprisoned terrorist group leaders through the analysis of individuals social professional and personal lives as well as their attitudes and perceptions The book also covers the practical aspects of risk assessment based on social psychological profiling and discusses relevant tools that have been developed in recent years It aims to better inform counter terrorism initiatives and policymaking as well as improve methods of communication counter terrorism and conflict resolution

Terrorist Groups and the New Tribalism Jeffrey Kaplan,2010-02-25 The central focus of this book is a small but vitally important group of movements that constitute a distinct fifth wave of modern terrorism here called the New Tribalism Terrorist Groups and the New Tribalism examines a collection of terrorist or insurgent movements whose similarity in tactics strategic vision and desire to radically reshape their worlds to conform with a Golden Age dream of perfection which is to be achieved through a genocidal or ethnic cleansing process to make way for the emergence of a new radically perfected tribal utopia in a single generation These shared strategic and tactical factors allow them to be examined through a comparative lens as a distinct fifth wave of modern terrorism Structured around the theoretical framework of David Rapoport's Four Waves thesis the book examines anomalous movements that began within a distinct wave of international terrorism but following a crisis model has turned inwards toward radical localism tribalism and xenophobia The text is divided between theory and in depth case studies of the Ugandan Lord's Resistance Army and the Sudanese Janjaweed It concludes with a design for further field work based research This book will be of interest to students of Terrorism and Political Violence Genocide Conflict Studies African politics and Political Science in general Jeffrey Kaplan is an Associate Professor of Religion and the Director of the Institute for the Study of Religion Violence and Memory at the University of Wisconsin Oshkosh He is the author of 11 books on terrorism and political violence

Understanding Terrorism Raul Caruso,Andrea Locatelli,2014-02-07 Understanding the multi disciplinary nature of terrorism requires a concerted effort by social sciences in particular economics and political science In this volume renowned scholars show how their individual perspectives can contribute to a broader understanding of the issue at stake

International Handbook of Violence Research Wilhelm Heitmeyer,John Hagan,2005-08-12 An international manual is like a world cruise a once in a lifetime experience All the more reason to consider carefully whether it is necessary This can hardly be the case if previous research in the selected field has already been the subject of an earlier review or even several competing surveys On the other hand more thorough study is necessary if the intensity and scope of research are increasing without comprehensive assessments That was the situation in Western societies when work began on this project in the summer of 1998 It was then too that the challenges emerged any

manual especially an international one is a very special type of text which is anything but routine It calls for a special effort the state of the art has to be documented for selected subject areas and its presentation made as compelling as possible The editors were delighted therefore by the cooperation and commitment shown by the eighty one contributors from ten countries who were recruited to write on the sixty two different topics by the constructive way in which any requests for changes were dealt with and by the patient response to our many queries This volume is the result of a long process It began with the first drafts outlining the structure of the work which were submitted to various distinguished colleagues Friedheim Neidhardt of Berlin Gertrud Nunner Winkler of Munich and Roland Eckert of Trier to name only a few supplied valuable comments at this stage

Evolution of U.S. Counterterrorism Policy Yonah Alexander, Michael B. Kraft, 2007-12-30 Including many older documents not available electronically or otherwise accessible this three volume set provides the first comprehensive collection of key documents statements and testimony on U S government counterterrorism policies as they have evolved in the face of the changing terrorist threats Selected executive and congressional materials highlight the government's diverse policy and program responses to terrorism The testimony statements and documents provide the public articulation and face to the largely important intelligence law enforcement preventative security measures and international cooperation used in the shadowy war against terrorism Recent entries provide a handy compilation of important post 9 11 materials For example useful background information on U S actions against Osama bin Laden the Taliban and Saddam Hussein and terrorism fundraising Also included are statements from the Reagan and other administrations that relate to disputes over the appropriate use of force Introductory chapters by Alexander and Kraft provide the historical context and analysis of previous and current U S counterterrorism policy including U S legislation For over two centuries America has faced occasional outbreaks of terrorism perpetrated by both indigenous and foreign groups But the spectacular bombing in Oklahoma City in 1995 and the September 11 2001 attacks seemed to signify a new age frightening many Americans and destroying their sense of domestic security In addition U S citizens and interests have been increasingly affected by acts of terrorism abroad The challenges of terrorism therefore have required the United States to develop comprehensive strategies and programs to counter both conventional and unconventional threats nationally and globally

Future Trends and New Approaches in Defeating the Terrorism Threat IOS Press, 2013-07-17 The threat of terrorism has become an ever present preoccupation necessitating the constant review and updating of defensive strategies to counter it from national governments and policymakers This book presents selected articles based on some of the lectures delivered at the NATO Centre of Excellence Defence against Terrorism COE DAT Advanced Training Course ATC Future Trends and New Approaches in Defeating the Terrorism Threat held in Algiers Algeria in October 2011 Subjects covered by these articles include an overview of terrorism respecting human rights in the countering of terrorism suicide terrorism terrorism involving weapons of mass destruction bioterrorism terrorism media and public information strategic communications in the defence

against terrorism the challenges posed by non state armed groups and sources of instability This collection of articles will be of interest to all those involved in countering the threat of terrorism worldwide **Ethics and Terrorism** Max Taylor, John Horgan, 2021-11-24 This book provides a unique insight into the ethical issues and dilemmas facing practitioners and researchers of terrorism and counterterrorism Ethics play a central if largely unrecognised role in most if not all issues relevant to terrorism and political violence These are often most noticeable regarding counterterrorism controversies while often virtually absent from discussions about academic research practice At a minimum ethical issues as they relate to terrorism have rarely been explicitly addressed in a direct or comprehensive manner The chapters in this edited volume draws on the experience of both practitioners and researchers to explore how a regard to ethical issues might influence and determine research and practice in counter terrorism and in our understanding of terrorism Ethics and Terrorism recognizes that there are conflicting and often irreconcilable perspectives from which to view terrorism and terrorism research In calling for greater attention to these issues the goal is not to resolve problems but to explore and clarify the assumptions and dilemmas that underpin our understanding of the personal institutional and societal ethical boundaries and constraints around terrorism and responses to it This book will be of value to practitioners and researchers and to policy makers and the broader interested community The chapters in this book were originally published as a special issue of the journal Terrorism and Political Violence **Understanding Security** Mike Bourne, 2013-11-26 This broad ranging new text introduces a wide range of theoretical perspectives with a central focus on their application to understanding key issues in global state and human security in the contemporary world *CBRNE: Challenges in the 21st Century* Peter D.E. Biggins, Deeph Chana, 2022-11-21 This book addresses the pertinent issues that will need to be considered by those interested in physical security problems of the future Specifically it examines how changes in the accessibility of technology data hardware software are likely to affect both threat and mitigation considerations for Chemical Biological Radiological and Explosive CBRE scenarios and how social science can inform us of the human aspects of each The trend towards an ever more socio technical society and infrastructures encapsulated by concepts such as smart cities is drawn out as a key motivation for adopting more holistic risk approaches to such security problems than is currently the case **Intersections of Crime and Terror** James J.F. Forest, 2013-09-13 During the last ten years an increasing number of government and media reports scholarly books and journal articles and other publications have focused our attention on the expanded range of interactions between international organized crime and terrorist networks A majority of these interactions have been in the form of temporary organizational alliances or customer supplier relationships surrounding a specific type of transaction or resource exchange like document fraud or smuggling humans drugs or weapons across a particular border The environment in which terrorists and criminals operate is also a central theme of this literature These research trends suggest the salience of this book which addresses how organized criminal and terrorist networks collaborate share knowledge and learn from each other

in ways that expand their operational capabilities The book contains broad conceptual pieces historical analyses and case studies that highlight different facets of the intersection between crime and terrorism These chapters collectively help us to identify and appreciate a variety of dynamics at the individual organizational and contextual levels These dynamics in turn inform a deeper understanding of the security threat posted by terrorists and criminal networks and how to respond more effectively This book was published as a special issue of Terrorism and Political Violence

This is likewise one of the factors by obtaining the soft documents of this **Political Terrorism A New Guide To Actors Authors Concepts Data Bases Theories And Literature** by online. You might not require more period to spend to go to the books launch as competently as search for them.
