Chiel van den Akker

Political Fiction And The Historical Imagination:

Political Fiction and the Historical Imagination Lee Horsley, 1990-06-18 This study gives insights into the process of imagining history and argues the case for a humanistic approach It shows how writers have brought alive in their work an individual struggle to comprehend some of the most important political phenomena to the 20th century **Political Fiction and the American Self** John Whalen-Bridge, 1998 Examining political novels that have achieved or been denied canonical status John Whalen Bridge demonstrates how Herman Melville Jack London Norman Mailer Ralph Ellison Toni Morrison and Margaret Atwood have grappled with the problem of balancing radicalism and art He shows that some books are more political than others that some political novelists are more skillful than others and that readers must allow for basic working distinctions between politics and aesthetics if we are to make useful judgments about which political novels to read and why Whalen Bridge demonstrates with clarity and power that the American political novel should not be ostracized but celebrated as a genre equal or superior to poetic and aesthetic ones Tobin Siebers author of Cold War Criticism and the Politics of Skepticism **The Cambridge Companion to the Twentieth-Century American Novel and Politics** Bryan M. Santin, 2023-10-12 This volume analyzes how political movements ideas and events shaped the American novel **Political Initiation in the Novels of Philip Roth** Claudia Franziska Bruhwiler, 2013-04-25 Political Initiation in the Novels of Philip Roth exemplifies how literature and specifically the work of Philip Roth can help readers understand the ways in which individuals develop their political identity learn to comprehend political ideas and define their role in society Combining political science literary theory and anthropology the book describes an individual's political coming of age as a political initiation story which is crafted as much by the individual himself as by the circumstances influencing him such as political events or the political attitude of the parents Philip Roth's characters constantly re write their own stories and experiment with their identities Accordingly Philip Roth's works enable the reader to explore for instance how individuals construct their identity against the backdrop of political transformations or contested territories and thereby become initiands or fail to do so Contrary to what one might expect initiations are not only defining moments in childhood and early adulthood instead Roth shows how initiation processes recur throughout an individual's life *A Companion to Twentieth-Century United States Fiction* David Seed, 2010-01-21 Through a wide ranging series of essays and relevant readings *A Companion to Twentieth Century United States Fiction* presents an overview of American fiction published since the conclusion of the First World War Features a wide ranging series of essays by American British and European specialists in a variety of literary fields Written in an approachable and accessible style Covers both classic literary figures and contemporary novelists Provides extensive suggestions for further reading at the end of each essay **French Grand Opera and the Historical Imagination** Sarah Hibberd, 2009-04-30 Closely examining five French operas this book reveals how and why grand opera sought to bring the past alive *Critical essays on the myth of the american Adam* María Eugenia & Díaz, 2001-01-01

Differences, Deceits and Desires Mirna Cicioni, Nicoletta Di Ciolla, 2008 Italian crime fiction known as gialli in Italy has developed from a popular genre to a fully fledged literary genre and in the past thirty years it has gradually become the focus of growing interest from literary critics as well as the reading public This collection of twelve essays is the first one in English to deal exclusively with Italian crime fiction The essays are scholarly yet accessible contributions to the growing research in this field They analyze texts by well known authors such as Umberto Eco Leonardo Sciascia and Andrea Camilleri as well as works by younger writers They bring together four of the most significant strands of Italian gialli the way gialli develop or subvert the tradition and conventions of the crime genre regional specificity within Italian crime fiction gialli by and about women lesbians and gay men and representations of Italy in gialli written by English speaking writers **The politics of male friendship in contemporary American fiction** Michael Kalisch, 2021-07-20 How might our friendships shape our politics This book examines how contemporary American fiction has rediscovered the concept of civic friendship and revived a long tradition of imagining male friendship as interlinked with the promises and paradoxes of democracy in the United States Bringing into dialogue the work of a wide range of authors including Philip Roth Paul Auster Michael Chabon Jonathan Lethem Dinaw Mengestu and Teju Cole this innovative study advances a compelling new account of the political and intellectual fabric of the American novel today Historical Writing in Britain, 1688-1830 B. Dew, F. Price, 2014-10-21 Historical Writing in Britain 1688 1830 explores a series of debates concerning the nature and value of the past in the long eighteenth century The essays investigate a diverse range of subjects including art history biography historical poetry and novels as well as addressing more conventional varieties of historical writing *England's Israel and the Foundations of Modern Political Thought* Meirav Jones, 2025-07-08 The foundations of modern political thought presumed secular were laid in conversation with theologically motivated politics and in negotiation with Jewish ideas Mid seventeenth century England was a hotbed in which crucial ideas of modern politics were conceived Thomas Hobbes presented his social contract John Selden wrote major treatises which were foundational for modern natural and international law and England participated in the wave of republicanism that swept over Europe This was also the period of the English Civil War which has been portrayed as a war of religion and a revolution of saints and was characterized by religious ends and motivations guiding politics and politicians In England's Israel and the Foundations of Modern Political Thought Meirav Jones proposes that the foundational political theory conceived in this period was significantly related to the theological politics of the time Through an examination of the language and imagery shared by theorists and saints Jones finds that in the twenty year period between 1640 and 1660 when Hobbes Selden and their contemporaries published over 40 percent of all texts published in England contained one or more of the terms Hebrew Israel Jerusalem Zion or Jew Further all known works of political theory from the period employed these terms While preachers in English parliament addressed and understood England as Israel foundational theorists of the modern state employed ancient Israel as a political model and explicitly preferred Hebrew over

Greek wisdom Modern politics did not develop solely from within a conversation among elites neither was it conceived as a Godless enterprise even by its most renowned secular architects Instead as the book demonstrates it spoke the language of religiously motivated politics and was conceived in its terms Ultimately Jones argues that it was through a sweeping revival of Hebrew in early modern Europe that the foundations of modern politics were laid in conversation with theological politics and in negotiation with Jewish ideas and ideas of the Jews *The Partition Theme In Indian Novel* Rupinderjit Saini ,2012

Fictions of Power in English Literature Lee Horsley,2016-07-01 As a result of its imperial role Britain was closely involved with such romantic and disruptive myths of power such as the imperial adventure hero and the self deified charismatic leader Lee Horsley explores fictional representations of political power during this period surveying a wide range of texts from the adventure story romance thriller and science fiction to the novels of Conrad Huxley Orwell and Greene **Hobbes and the Democratic Imaginary** Christopher Holman,2022-10-01 At a time when nearly all political actors and observers despite the nature of their normative commitments morally appeal to the language of democracy the particular signification of the term has become obscured Hobbes and the Democratic Imaginary argues that critical engagement with various elements of the work of Hobbes a notorious critic of democracy can deepen our understanding of the problems stakes and ethics of democratic life Firstly Hobbes s descriptive anatomy of democratic sovereignty reveals what is essential to the institution of this form of government in the face of the conceptual confusion that characterizes the contemporary deployment of democratic terminology Secondly Hobbes s critique of the mechanics of democracy points toward certain fundamental political risks that are internal to its mode of operation And thirdly contrary to Hobbes s own intentions Christopher Holman shows how the selective redeployment of certain Hobbesian categories could help construct a normative ground in which democracy is the ethical choice in relation to other sovereign forms *The Routledge Companion to Historical Theory* Chiel van den Akker,2021-11-15 This Companion provides a wide ranging and up to date overview of the conceptual issues that history as a discipline and mode of thought gives rise to The book offers both historical and systematic treatments of these issues as well as addressing their contemporary relevance Structured in three parts Modes and Schools of Historical Thought Epistemology and Metaphysics of History and Issues and Challenges in Historical Theory it offers the reader a wide scope and expert treatment of each topic in this vibrant field that can be read in any order An international team of experts both discuss the basis of their topic and present their own view offering the reader a cutting edge contribution while ensuring their chapters are of interest to both students and specialists in the field of historical theory and engaging with the very nature of historical thought the metaphysics of historical existence the politics of history writing and the intelligibility of the historical process The volume is an indispensable companion to the study of history and essential reading for anyone interested in the reflection on the nature of history and our historical existence *Routledge Revivals: Barnaby Rudge (1987)*) Thomas Jackson Rice,2018-02-01 Originally published in 1987 Barnaby Rudge is a comprehensive collection of

bibliographical resources surrounding Dickens fifth novel Barnaby Rudge The book addresses what the author terms a prevalent lack of research surrounding the novel The collection lists bibliographic references which not only looks at the novel itself but also covers older resources that interested Dicken s first critics such as the originality of the settings and characters The book s core focus is examining the novel s historical subject matter in the context of the social and political context in which it was written The book acts as a core resource for research on Barnaby Rudge

Early Modern Natural Law Theories T. Hochstrasser,P. Schröder,2013-06-29 The study of natural law theories in the early Enlightenment continues to be one of the most fruitful areas of research in early modern intellectual history In recent years there have been substantial reassessments of Grotius Pufendorf Thomasius 1 and the whole university based tradition associated with the Fr haujkl rung The appeal of the discourse of natural jurisprudence to groups and individuals operating outside conventional educational and political structures such as the Huguenot diaspora has also been highlighted Moreover the contextual understanding of the work of unambiguously major philosophers such as Hobbes and Kant and its reception has been greatly enhanced by studies that have sought to view them as 3 participants in rather than bystanders alongside the discourse of natural law Thus thinkers previously not considered central to this discourse have been incorporated into it afresh However there is no danger of natural jurisprudence going unchallenged as the meta discourse of political theory in this period for recently new studies of the role of libertine and jansenist thought in shaping the priorities of the early Republic of Letters have challenged its position among the intellectual 4 achievements of the social and political theory of the early Enlightenment This volume therefore offers a timely opportunity to reassess both the coherence of the concept of early Enlightenment and the specific contribution of natural law theories to it

Decolonising Political Concepts Valentin Clavé-Mercier,Marie Wuth,2023-10-24 This book presents a transdisciplinary and transnational challenge to the enduring coloniality of political concepts discussing the need to decolonise both their theoretical constructions as well as their substantive translations into practices Despite the acclaimed twentieth century decolonisation waves coloniality still remains in subtle and obvious practices in visible and invisible mechanisms of power and in the privileging of certain knowledges and the dismissing of others Decolonising Political Concepts critically addresses the role political concepts play in the continuing legacies of colonialism and ongoing coloniality This book building on postcolonial and decolonial thinkers and ideas demonstrates how concepts may be used as oppressing political and epistemological tools By presenting efforts to decolonise political concepts the book signals the potential for genuinely postcolonial academic and political contexts Bringing together scholars from different disciplines and engaging with a wide array of geographical contexts the chapters examine concepts such as agency violence freedom or sovereignty This book enables readers to critically engage with concepts used in political discourse and allows them to reflect on their impact and alternatives It will appeal to graduate students and scholars from international relations social sciences or philosophy as well as to socio political actors engaged in decolonisation agendas The

While this might not be the Political Fiction And The Historical Imagination full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Political Fiction And The Historical Imagination eBooks, including some popular titles.

FAQs About Political Fiction And The Historical Imagination Books

What is a Political Fiction And The Historical Imagination PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Political Fiction And The Historical Imagination PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Political Fiction And The Historical Imagination PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Political Fiction And The Historical Imagination PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Political Fiction And The Historical Imagination PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
