The Politics of Ethnicity in Pakistan Farhan Hanif Siddiqi, 2012-05-04 In order to understand the Pakistani state and government's treatment of non dominant ethnic groups after the failure of the military operation in East Pakistan and the independence of Bangladesh this book looks at the ethnic movements that were subject to a military operation after 1971 the Baloch in the 1970s the Sindhis in the 1980s and Mohajirs in the 1990s The book critically evaluates the literature on ethnicity and nationalism by taking nationalist ideology and the political divisions which it generates within ethnic groups as essential in estimating ethnic movements It goes on to challenge the modernist argument that nationalism is only relevant to modern industrialised socio economic settings The available evidence from Pakistan makes clear that ethnic movements emanate from three distinct socio economic realms tribal Baloch rural Sindh and urban Mohajir and the book looks at the implications that this has as well as how further arguments could be advanced about the relevance of ethnic movements and politics in the Third World It provides academics and researchers with background knowledge of how the Baloch Sindhi and Mohajir ethnic conflict in Pakistan took shape in a historical context as well as probable future scenarios of the relationship between the Pakistani state and government and ethnic groups and movements

Political Identities and Popular Uprisings in the Middle East Shabnam J. Holliday, Philip Leech, 2016-03-25 Identity plays an important part in terms of how we imagine our relationship with the state and governing bodies If we know who we are then we can know and articulate what we want as political actors This book examines the relationship between identity and political dissent in the context of the Arab and non Arab Middle East by focusing on recent uprisings and protests in the region The case studies here Iran Palestine Israel Yemen Tunisia Egypt Syria and Iraqi Kurdistan highlight a number of dynamics and different forms of resistance These examples show how political identities are multiple not static and that they are too complex to be reduced to superficial dichotomies of Islamism vs secularism or Sunnism vs Shi'ism Through examining the relationship between everyday grassroots politics and the question of identity as well as elite identity discourses this volume presents a textured analysis of the region's dynamic political communities This book explores how different identities must be navigated negotiated and how they intersect at a time of dramatic change in the Middle East

[Comparative Politics of Southeast Asia](#) Aurel Croissant, Philip Lorenz, 2017-12-26 This textbook provides a comprehensive introduction to the political systems of all ASEAN countries and Timor Leste from a comparative perspective It investigates the political institutions actors and processes in eleven states covering democracies as well as autocratic regimes Each country study includes an analysis of the current system of governance the party and electoral system and an assessment of the state its legal system and administrative bodies Students of political science and regional studies will also learn about processes of democratic transition and autocratic persistence as well as how civil society and the media influence the political culture in each country

The Political Evolution of Muslims in Tamilnadu and Madras, 1930-1947 J. B. Prashant More, 1997 In this book the author sets out in detail the earlier domination of Urdu speaking Muslim their clash of interests with the Tamil Muslim traders and the ultimate takeover of the Muslim League in the south by the Tamil group Narrated in an easy style this study of the recent history of Tamil Muslims is an important contribution to sociological and historical analyses of the movement

Representations of Gender, Democracy, and Identity Politics in Relation to South Asia Renuka M. Sharma, 1996

Contributed articles **Race and British Colonialism in Southeast Asia, 1770-1870** Gareth Knapman, 2016-10-14 The idea of race played an increasing role in nineteenth century British colonial thought For most of the nineteenth century John Crawfurd towered over British colonial policy in South East Asia being not only a colonial administrator journalist and professional lobbyist but also one of the key racial theorists in the British Empire He approached colonialism as a radical liberal proposing universal voting for all races in British colonies and believing all races should have equal legal rights Yet at the same time he also believed that races represented distinct species of people who were unrelated This book charts the development of Crawfurd s ideas from the brief but dramatic period of British rule in Java to his political campaigns against James Brooke and British rule in Borneo Central to Crawfurd s political battles were the debates he had with his contemporaries such as Stamford Raffles and William Marsden over the importance of race and his broader challenge to universal ideas of history which questioned the racial unity of humanity The book taps into little explored manuscripts newspapers and writings to uncover the complexity of a leading nineteenth century political and racial thinker whose actions and ideas provide a new view of British liberal colonial and racial thought *Islam in World Politics* Nelly Lahoud, A.H. Johns, 2012-10-12 This book examines the influence of Islamist movements in national and international power politics in the equilibrium of the world of finance and the articulation of gender issues in Islamic and non Islamic countries alike

Understanding China and India Rollie Lal, 2006-04-30 Key to developing national security strategy is figuring out what other countries want What are their national interests How do they perceive them How do they project them onto the world stage Understanding all of this helps us to predict their behavior In developing a national security strategy for Asia the United States must take into account the desires of two emerging giants of the 21st century China and India We would be mistaken Lal argues if we lumped China and India together in one Asian policy because these two countries differ greatly from one another Based on over 120 in depth interviews with government officials and scholars in Beijing and New Delhi the author s research yields some surprising news about the differences between China and India Chinese leaders define their national interest as preservation of the state and territorial unity whereas Indian decision makers define their national interests in relation to forces beyond India such as the forces of globalization and their geopolitical status One factor that accounts for these differences among the many explored in this book is the influence of one party rule in China and parliamentary democracy in India Another important finding is that China and India are unlikely to pursue hostility with each

other The U S approach to Asia will need to take these differences into account *Mawdudi and the Making of Islamic Revivalism* Seyyed Vali Reza Nasr,1996 Nasr examines the life and thought of Mawlana Mawdudi one of the first and most important Islamic ideological thinkers Mawdudi was the first to develop a modern political Islamic ideology and a plan for social action to realize his vision The prolific writings and indefatigable efforts of Mawdudi s party the Jamaat i Islami first in India and later in Pakistan have disseminated his ideas far and wide His views have informed revivalism from Morocco to Malaysia Nasr discerns the events that led Mawdudi to a revivalist perspective and probes the structure of his thought in order to gain fresh insights into the origins of Islamic revivalism He argues that Islamic revivalism did not simply develop as a cultural rejection of the West rather it was closely tied to questions of communal politics and its impact on identity formation discourse of power in plural societies and nationalism Mawdudi s discourse though aimed at the West was motivated by Muslim Hindu competition for power in British India His aim according to Nasr was to put forth a view of Islam whose invigorated pristine and uncompromising outlook would galvanize Muslims into an ideologically uniform and hence politically indivisible community In time this view developed a life of its own and evolved into an all encompassing perspective on society and politics and has been a notable force in South Asia and Muslim life and thought across the Muslim world *Roots of North Indian Shi'ism in Iran and Iraq: Religion and State in Awadh, 1722-1859* Juan R. I. Cole,2024-11-28

In this pioneering study of the Twelver Shi i branch of Islam prevalent in Iraq and Iran Juan R I Cole traces the influence of Shi i rule on the development of religious communalism and conflict in the north Indian State of Awadh Oudh as well as the relationship of the Shi i clergy to the state and the clerical reaction to British imperialism and capitalism Based on research in rare manuscripts and in archives the book reveals that the Shi i clergy advocated policies that caused resentment among Sunnis and Hindus thereby promoting religious communalism and setting the stage for modern communal conflict The Shi i learned men took government posts in support of Awadh s Shi i nawabs and shahs Awadh state support in turn helped transform Shiism from a persecuted sect to a dominant if still minority religious establishment Sociologically the book draws attention to the specific role of the state in defining sect and church It also argues the importance of class divisions within the Shi i community showing that the dominant clerical ideology was often not accepted by the laboring strata Cole s study supports the view that Muslim communalism in northern India had genuine historical roots and was not simply an elite strategy of modern Muslim politicians Contrary to the arguments of some writers and to the image projected by Iran s current ayatollahs he argues that most Shi i clergy did not play a role of opposition to the state in premodern societies

Nations Azar Gat,Alexander Yakobson,2013 A groundbreaking study of the foundations of nationalism exposing its antiquity strong links with ethnicity and roots in human nature *Nationalism and Ethnicity in a Hindu Kingdom* D. Gellner,J. Pfaff-Czarnecka,J. Whelpton,2012-12-06 With its systematic coverage of different groups this book demonstrates how similar trends of ethnic formation are affecting all parts of Nepal Yet within the boundaries of a single culturally diverse

state very different forms of ethnicity have emerged This is a truly thematic collection with a well defined focus on the important contemporary topics of ethnic identity and nationalism The importance of the theme is self evident in a world attempting to come to grips with such problems in virtually all modern states Anyone with an interest in contemporary Nepal should study this volume Nepal is the only officially Hindu kingdom in the world and remains so in spite of a revolution or people s movement in 1990 which overthrew the partyless Panchayat regime and instituted a multiparty constitutional monarchy Since November 1994 it has also had an elected Communist government the first of its kind in South Asia This volume takes a long term view of the various processes of ethnic and national development that have been displayed both before and after 1990 It brings together twelve carefully chosen ethnographic and historical chapters covering all of the major ethnic groups and regions of Nepal

Deconstructing India-Pakistan Relations Sanjeev Kumar H. M.,2023-12-14 This book examines the complex dynamics of India Pakistan relations by situating the same in the postcolonial setting of the subcontinent In pursuit of this the book analyses the impact of the linkages between the postcolonial processes of state making and the structuring of political communities upon the evolution of the problematic of state security in South Asia For the purpose of undertaking this task the author deconstructs the countries colonial history with an aim to map its impact on the making of the foreign policy of Pakistan Drawing primarily from colonial discourse theory and historical sociology the book links the trajectory of Pakistan s international politics to its domestic politics and weak state inheritances By doing this it offers a stimulating treatment of the history of the country s troubled postcolonial relations with India This has been done in the book by presenting the modes by which the religious military and politico bureaucratic classes that constitute the power elite in Pakistan tended to have moulded an India centred State security problematic This book will be of interest to researchers studying South Asian security India Pakistan relations and the defence and foreign policy of Pakistan

The Political Development of Modern Thailand Federico Ferrara,2015-03-26 Based on extensive empirical research The Political Development of Modern Thailand analyses the country s political history from the late nineteenth century to the present day Long known for political instability Thailand was thrust into a deep state of crisis by a royalist military coup staged in 2006 Since then conservative royalists have overthrown more elected governments after violent street protests while equally disruptive demonstrations staged by supporters of electoral democracy were crushed by military force Federico Ferrara traces the roots of the crisis to unresolved struggles regarding the content of Thailand s national identity dating back to the abolition of absolute monarchy in 1932 He explains the conflict s re intensification with reference to a growing chasm between the hierarchical worldview of Thailand s hegemonic royal nationalism and the aspirations that millions of ordinary people have come to harbour as a result of modernisation
