Margaret D. Williamson, John Snelling

Political Migrations To Bhutan:

The Ecosystem of Exile Politics Susan Banki, 2024-11-15 The Ecosystem of Exile Politics relays the events in Bhutan that led to the exodus of one sixth of the population and then recounts the activism by Bhutan's refugee diaspora that followed in response Susan Banki asserts that activism functions like a physical ecosystem in which hubs of activism in different locations interact to pressure the home country For Bhutan's refugee mobilizers physical proximity offers advantages in Nepal and India where organizing protests lobbying and collecting information about government abuse in Bhutan is aided by being close to the homeland But in an ecosystem of exile politics proximity is both a boon and a bane Sites proximate to Bhutan can be spaces of risk and disempowerment and refugee activists rarely secure legal political and social protection While distant diasporas in the Global North may not be in precarious situations they cannot tap into the advantages of proximity In examining these phenomena The Ecosystem of Exile Politics adds to theoretical understandings of exile politics and to empirical research on Bhutan and its refugee population [Memoirs of a Political Officer's Wife in Tibet, Sikkim and Bhutan](#) Margaret D. challenged in a country where spirituality and personal happiness are prioritized over work Avieson also witnesses the tensions that arise as a Buddhist kingdom makes the transition to democracy The courtship ritual of night hunting and the nation's first public demonstration become controversial news items while journalists must overcome traditional social hierarchies to keep politicians accountable With a unique blend of memoir and reportage *The Dragon's Voice* is both a deeply personal story and a vivid portrait of a nation on the cusp of revolutionary change **The Journal of the Indian**
