Boduszynski,2020-02-24 This is the perfect guide to conducting a research project in politics and international relations From formulating a research question and conducting a literature review to writing up and disseminating your work this book guides you through the research process from start to finish The book Is focused specifically on research methods in politics and IR Introduces the central methodological debates in a clear accessible style Considers the key questions of ethics and research design Covers both qualitative and quantitative approaches Shows you how to choose and implement the right methods in your own project The book features two example research projects one from politics one from IR that appear periodically throughout the book to show you how real research looks at each stage of the process Packed full of engaging examples it provides you with all you need to know to coordinate your own research project in politics and international relations *The Craft of Political Research* W. Phillips Shively,James W. Endersby,2025-02-07 *The Craft of Political Research* is a non technical introduction to research design and analysis in political science emphasizing the choices we make when we design a research project and analyze its results The book s approach centers on asking an interesting research question then designing inquiry to eliminate as many alternative explanations as possible How do we develop theory and what constitutes a good research question How do we operationalize measures and gather evidence to answer a question How do we analyze our data Students are introduced to such topics as multidimensional concepts levels of measurement validity reliability random and non random measurement error sampling case selection causality experimental and quasi experimental design statistical inference and regression and correlation

analysis Throughout the emphasis is on understanding the back story of analysis why do we measure in a particular way why do we choose one design as against another why do we conduct our analysis as we do Emphasizing the internal logic of research methods the greatest strength of the book is its clarity and the broad range of political science examples provided It works at a conceptual level seeking an understanding of the principles that underlie techniques and the reasons why we choose them New to this edition New and revised examples from the US UK Canada Latin America and Africa among others and updated international data from organizations such as the World Bank and the United Nations Separate chapters on causality and research design with more discussion of each component of the political science research process New section on indexes and scales that reviews ways to improve reliability and validity of measures by combining several variables New sections reviewing collection of publicly available data including downloadable sources of quantitative data New material on internet surveys and other contemporary techniques used in political science research **European Consortium for**

Political Research, 1993 Political Science at the LSE Cheryl Schonhardt-Bailey, Gordon Bannerman, 2021-09-13 This monograph traces the emergence and evolution of the LSE Government Department from 1895 to 2020 focusing on the personalities that guided the development of the Department the social and political contexts the Department existed within its research agenda and course structure and the location of the Department in British politics It also charts the evolution of the discipline of political science in Britain itself The volume is divided chronologically into four chapters each covering roughly similar time periods in the Department's history and focuses on the events that shaped it personalities events and location Key themes are the development of political science in Britain the impact of location on the LSE Government Department the professionalisation of academia in Britain and the microcosm the Department presents of British political life during each time period The conflicts between progressive and conservative forces are a recurring theme which helps link the internal dynamics of the Department with the wider social and political contexts that occurred from the beginning of the School to its 125th anniversary The volume uses detailed archival research particularly in the early chapters as well as over thirty interviews with a range of individuals with unique perspectives on the Department These include current and former faculty and students ranging from academics such as Christopher Hood Anne Phillips and Tony Travers to graduates who have subsequently become politicians such as Anneliese Dodds former UK Shadow Chancellor of the Exchequer and Kennedy Stewart and Michael Fougere both mayors in Canada as well as others with strong links to the Department such as Meghnad Baron Desai and Professors Tim Besley and Nick Barr This monograph offers a wealth of insights on the history of political science not only at the LSE but in British academia more broadly It speaks to a wide historical and social science audience concerned with Fabian and socialist history the history of politics and education and the development of British political science Of course it also offers appeal to more immediate audiences such as prospective and current students alumni and others throughout the wider LSE community As a history of the LSE as well as of the development of British higher education

it serves as both a specific case study and a general representative of wider trends within universities during the twentieth and early twentieth first centuries A unique feature of this monograph is that it represents the collective efforts of students from the LSE Government Department including undergraduate MSc and PhD who worked under the leadership of Professor Cheryl Schonhardt Bailey Head of Government Department and Dr Gordon Bannerman British Historian This collaboration has enabled a rich array of perspectives on the history of the Department but has also brought the monograph to life with personal ties to the Department itself
