Glenn A. Moots

Political Sermons Of The American Founding Era 1730 1805:

Political Sermons of the American Founding Era, 1730-1805 Ellis Sandoz, 1998 The early political culture of the American republic was deeply influenced by the religious consciousness of the New England preachers Indeed it was often through the political sermon the pulpit of the American Revolution that the political rhetoric of the period was formed refined and transmitted And yet the centrality of religious concerns in the lives of eighteenth century Americans is largely neglected This has created a blind spot regarding the fundamental acts of the American founding Political sermons such as the fifty five collected in this volume are unique to America both in kind and in significance This volume thus fills an important need if the American founding period is to be adequately understood *Political Sermons of the American Founding Era, 1730-1805*

Ellis Sandoz, 1991 *Index to Political Sermons of the American Founding Era, 1730-1805* Ellis Sandoz, 1997 *The Genevan Reformation and the American Founding* David W. Hall, 2005-01-01 In this provocative study David W Hall argues that the American founders were more greatly influenced by Calvinism than contemporary scholars and perhaps even the founders themselves have understood Calvinism s insistence on human rulers tendency to err played a significant role in the founders prescription of limited government and fed the distinctly American philosophy in which political freedom for citizens is held as the highest value Hall s timely work countervails many scholars doubt in the intellectual efficacy of religion by showing that religious teachings have led to such progressive ideals as American democracy and freedom **Politics**

Reformed Glenn A. Moots, 2010-06-09 Many studies have considered the Bible s relationship to politics but almost all have ignored the heart of its narrative and theology the covenant In this book Glenn Moots explores the political meaning of covenants past and present by focusing on the theory and application of covenantal politics from the sixteenth through the eighteenth centuries Moots demands that we revisit political theology because it served as the most important school of politics in early modern Europe and America He describes the strengths of the covenant tradition while also presenting its limitations and dangers Contemporary political scientists such as Eric Voegelin Daniel Elazar and David Novak are called on to provide insight into both the covenant s history and its relevance today Moots s work chronicles and critiques the covenant tradition while warning against both political ideology and religious enthusiasm It provides an inclusive and objective outline of covenantal politics by considering the variations of Reformed theology and their respective consequences for political practice This includes a careful account of how covenant theology took root on the European continent in the sixteenth century and then inspired ecclesiastical and civil politics in England Scotland and America Moots goes beyond the usual categories of Calvinism or Puritanism to consider the larger movement of which both were a part By integrating philosophy theology and history Moots also invites investigation of broader political traditions such as natural law and natural right **Politics Reformed** demonstrates how the application of political theology over three centuries has important lessons for our own dilemmas about church and state It makes a provocative contribution to understanding foundational questions in an era

of rising fundamentalism and emboldened secularism inspiring readers to rethink the importance of religion in political theory and practice and the role of the covenant tradition in particular *Exodus and Liberation* John Coffey, 2014 Tracing a series of political crises in Anglo American history from the 16th century Reformation to the civil rights movement Coffey excavates the history of deliverance politics testifying to the powerful political appeal of the Exodus the Jubilee and the biblical language of liberty **God's Country** Samuel Goldman, 2018-03-20 God's Country tells the complete story of Christian Zionism in American political and religious thought from the Puritans to 9 11 Combining original research with insights from the work of historians of American religion Samuel Goldman provides an accessible yet provocative introduction to Americans attachment to the State of Israel **Revolutions** Paul Caringella, Glenn Hughes, 2013-02-21 *Revolutions Finished and Unfinished From Primal to Final* is an important philosophical contribution to the study of revolution It not only makes new contributions to the study of particular revolutions but to developing a philosophy of revolution itself Many of the contributors have been inspired by the philosophical approaches of Eric Voegelin or Eugen Rosenstock Huessey and the tension between these two social philosophies adds to the philosophical uniqueness and richness of the work **Framed for Posterity** Ralph Ketcham, 1993 Ketcham delves not only into the meaning of the documents but also into the connotations of the framers vocabulary the reasoning behind both accepted and rejected propositions arguments for and against and unstated assumptions In his analysis the fundamental or enduring principles are republicanism liberty public good and federalism as part of the broader doctrine of balance of powers **The Republic of Virtue** F. H. Buckley, 2017-11-28 Public corruption is the silent killer of our economy We've spawned the thickest network of patronage and influence ever seen in any country a crony capitalism in which business partners with government and transfers wealth from the poor to the rich This is a betrayal of the Framers vision for America and of the Constitution they saw as an anti corruption covenant Most Americans get it and this explains the otherwise improbable rise of Donald Trump and Bernie Sanders When a country is corrupt legislative efforts to make things better can actually make them worse That's what has happened with our campaign finance laws says the conservative and not entirely without reason We've criminalized political speech and sent the message that it's unsafe to get involved in politics without a lawyer at one's side Donor disclosure requirements have also unleashed Internet mobs that attack political opponents We'd be better off without any of them Buckley argues in this provocative book They're a net with the curious feature that the big fish swim through safely while only the little fish are caught and those with the wrong political beliefs All such rules are a disaster and should be replaced by a different set of laws that focus on crony capitalism and the nexus of legislators and lobbyists that prey on our economy **On Faith and Free Government** Daniel C. Palm, 1997 Responding to the general confusion in the United States about the proper role of religion in politics five distinguished scholars demonstrate in original essays how our nation's founders carefully and clearly defined the appropriate relationship between church and state and how we can adapt our

current political institutions to reflect the founders wisdom Also includes a collection of the most important statements by the Founders that address religion s role in American political life

American Myths, Legends, and Tall Tales Christopher R. Fee, Jeffrey B. Webb, 2016-08-29 A fascinating survey of the entire history of tall tales folklore and mythology in the United States from earliest times to the present including stories and myths from the modern era that have become an essential part of contemporary popular culture Folklore has been a part of American culture for as long as humans have inhabited North America and increasingly formed an intrinsic part of American culture as diverse peoples from Europe Africa Asia and Oceania arrived In modern times folklore and tall tales experienced a rejuvenation with the emergence of urban legends and the growing popularity of science fiction and conspiracy theories with mass media such as comic books television and films contributing to the retelling of old myths This multi volume encyclopedia will teach readers the central myths and legends that have formed American culture since its earliest years of settlement Its entries provide a fascinating glimpse into the collective American imagination over the past 400 years through the stories that have shaped it Organized alphabetically the coverage includes Native American creation myths tall tales like George Washington chopping down his father s cherry tree and the adventures of King of the Wild Frontier Davy Crockett through to today s urban myths Each entry explains the myth or legend and its importance and provides detailed information about the people and events involved Each entry also includes a short bibliography that will direct students or interested general readers toward other sources for further investigation Special attention is paid to African American folklore Asian American folklore and the folklore of other traditions that are often overlooked or marginalized in other studies of the topic

Witchcraft in the British Isles and New England Brian P. Levack, 2013-10-28 Witchcraft and magical beliefs have captivated historians and artists for millennia and stimulated an extraordinary amount of research among scholars in a wide range of disciplines This new collection from the editor of the highly acclaimed 1992 set *Articles on Witchcraft Magic and Demonology* extends the earlier volumes by bringing together the most important articles of the past twenty years and covering the profound changes in scholarly perspective over the past two decades Featuring thematically organized papers from a broad spectrum of publications the volumes in this set encompass the key issues and approaches to witchcraft research in fields such as gender studies anthropology sociology literature history psychology and law This new collection provides students and researchers with an invaluable resource comprising the most important and influential discussions on this topic A useful introductory essay written by the editor precedes each volume

Cultures and Identities in Colonial British America Robert Olwell, Alan Tully, 2015-10-01 Never truly a new world entirely detached from the home countries of its immigrants colonial America over the generations became a model of transatlantic culture Colonial society was shaped by the conflict between colonists need to adapt to the American environment and their desire to perpetuate old world traditions or to imitate the charismatic model of the British establishment In the course of colonial history these contrasting impulses produced a host of distinctive cultures and

identities In this impressive new collection prominent scholars of early American history explore this complex dynamic of accommodation and replication to demonstrate how early American societies developed from the intersection of American and Atlantic influences The volume edited by Robert Olwell and Alan Tully offers fresh perspectives on colonial history and on early American attitudes toward slavery and ethnicity native Americans and the environment as well as colonial social economic and political development It reveals the myriad ways in which American colonists were the inhabitants and subjects of a wider Atlantic world Cultures and Identities in Colonial British America one of a three volume series under the editorship of Jack P Greene aims to give students of Atlantic history a state of the field survey by pursuing interesting lines of research and raising new questions The entire series Anglo America in the Transatlantic World engages the major organizing themes of the subject through a collection of high level debate inspiring essays inviting readers to think anew about the complex ways in which the Atlantic experience shaped both American societies and the Atlantic world itself

Personalism for the Twenty-First Century Thomas W. Holman, Richard Avramenko, 2025-02-15 The noted professor David Walsh has called for a new personalist language of persons with vast implications in a variety of academic fields Moving away from a language that refers to persons as things and seeks to find connections and relations within all of us In Personalism for the Twenty First Century Essays in Honor of David Walsh a diverse group of scholars apply and extend Walsh s unique personalist approach to political theory theology and current events It is a collection of refreshingly original essays for those interested in exploring the potential of a renewed personalist thought for addressing the crises of our afflicted age

Locke in America Jerome Huyler, 1995 An account of the link between Locke s thought and the American Founding The author argues that previous writers have misread Locke s influence on the Founders he portrays the philosopher as a moderate 17th century moralist advocating an individualism that fits well with classic republicanism

The Declaration of Independence in Historical Context Barry Alan Shain, 2014-06-10 Letters papers petitions and proclamations from the mid 18th century in the American colonies provide a different historical perspective on the Declaration of Independence

Religion and Politics in the Early Republic Daniel Dreisbach, 2021-12-14 The church state debate currently alive in our courts and legislatures is strikingly similar to that of the 1830s A secular drift in American culture and the role of religion in a pluralistic society were concerns that dominated the controversy then as now In Religion and Politics in the Early Republic Daniel L Dreisbach compellingly argues that the issues in our current debate were framed in earlier centuries by documents crucial to an understanding of church state relations the First Amendment and our present concern with the constitutional role of religion in American public life Reflection on this national discussion of more than 150 years ago casts light on both past and future relations between church and state in America In an 1833 sermon The Relation of Christianity to Civil Government in the United States the Reverend Jasper Adams of Charleston South Carolina an eminent educator and moral philosopher offered valuable insight into the social and political forces that shaped church state relations in his time Adams argued that the

Christian religion is indispensable to social order and national prosperity Although he opposed the establishment of a state church he believed that a Christian ethic should inform all civil legal and political institutions Adams's remarkably prescient discourse anticipated the emergence of a dominant secular culture and its inevitable conflict with the formerly ascendant religious establishment His treatise was the first major work from the embattled religious traditionalists controverting Thomas Jefferson's vision of a secular polity and strict church state separation Eager to confirm his analysis Adams sent copies of the sermon to scores of leading intellectuals and public figures of his day In this volume Dreisbach brings together for the first time Adams's sermon a critical review of the treatise and transcripts of previously unpublished letters written in response to it by James Madison John Marshall Joseph Story and J S Richardson These letters provide a rare glimpse into the minds of several influential statesmen and jurists who were central in shaping the republic and its institutions The Story and Madison letters are among their authors' final and most perceptive pronouncements on church state relations The documents that Dreisbach has assembled in this edition provide a vivid portrait of early nineteenth century thought on the constitutional role of religion in public life Our ongoing national discussion of this topic is illuminated by the debate encapsulated in these pages

The Founders on God and Government Daniel L. Dreisbach, Mark David Hall, Jeffrey H. Morrison, 2004 In *The Founders on God and Government* Daniel L Dreisbach Mark David Hall and Jeffrey H Morrison bring together noted scholars to explore the role religion played in the political thoughts and deeds of nine founding fathers The result is a seminal work that deepens our understanding of the relationship between faith and politics at America's founding

Stand Up, America!-A Grassroots Bible Study to Restore Righteousness to the Land Carole J Keller, 2006-03 Keller explores America's spiritual roots a self government flowing from God's covenant with the people She also discusses the biblical principles for restoration of those values Social Issues

Political Sermons Of The American Founding Era 1730 1805 Introduction

In today's digital age, the availability of Political Sermons Of The American Founding Era 1730 1805 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Political Sermons Of The American Founding Era 1730 1805 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Political Sermons Of The American Founding Era 1730 1805 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Political Sermons Of The American Founding Era 1730 1805 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Political Sermons Of The American Founding Era 1730 1805 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Political Sermons Of The American Founding Era 1730 1805 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Political Sermons Of The American Founding

Era 1730 1805 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Political Sermons Of The American Founding Era 1730 1805 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Political Sermons Of The American Founding Era 1730 1805 books and manuals for download and embark on your journey of knowledge?

FAQs About Political Sermons Of The American Founding Era 1730 1805 Books
