Political Stability And Democracy In Mexico The Perfect Dictatorship

Donald E. Schulz

Political Stability And Democracy In Mexico The Perfect Dictatorship:

Political Stability and Democracy in Mexico Dan A. Cothran, 1994-04-25 Mexico stands apart for having been ruled by one political party since the 1920s and this study examines the remarkable political stability Mexico has experienced over the past seven decades Cothran argues that the country's unusual stability has been the result of the interaction of six factors the institutionalized nature of the political system the effectiveness of the regime in achieving rapid economic growth the adaptability of the regime to emerging pressures the cohesiveness of the political elites the judicious use of coercion and Mexico's proximity to the United States However this historical stability is facing new challenges in the 1990s The author analyzes the changing political social and economic landscape in Mexico and forecasts whether and how Mexico's semi-authoritarian political system will survive

Assessing Democracy In Latin America Philip Kelly, 2021-11-28 Based on fifty years worth of data *Assessing Democracy in Latin America* examines and compares the progress of Latin American countries toward democracy The essays in this volume all written by contributors to the Fitzgibbon Democracy Survey focus their analyses on those factors most germane to the growth maintenance or failure of democratic systems For example in his initial chapter Philip Kelly identifies two variables mechanized agriculture and per capita newspaper circulation as the best statistical indicators of democracy in Latin America Other contributors explore a variety of new topics such as the connection between democracy and environmental movements Kathryn Hochstetler and Steven Mumme political parties John D Martz and social dynamics Robert L Peterson Initiated in 1945 as a method of measuring and ranking Latin American democratic systems the Fitzgibbon Democracy Surveys longevity and scope provide an unparalleled wealth of scholarly research This volume offers what few others like it can a longitudinally deep data set eleven surveys over the past fifty years and closely coordinated coverage of the complete range of Latin American countries by specialists assembled expressly for that purpose

Bureaucracy and Politics in Mexico Eduardo Torres Espinosa, 2019-01-15 First published in 1999 the main theme of this book is the relationship between bureaucracy and politics in Mexico This examined though a study of the Secretariat of Programming and Budget which came into existence in 1976 and was abolished in 1992 The book charts the rise and fall of the Secretariat over three presidential terms and gives an explanation of the chain of events that led to its disappearance In doing so it underlines the significant impact that institutional and bureaucratic factors have on group politics in contemporary Mexico

Ibss: Political Science: 1994 British Library of Political and Economic Science at the London School of Economics, 1995-12-08 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences

The Paradox of Democracy in Latin America Katherine Isbester, 2011-01-01 Inviting in tone and organization but rigorous in its scholarship this collection focuses on the problems successes and multiple forms of democracy in Latin America

Mexico in Crisis , Globalization and the Dilemmas of the State in the South F. Adams, S. Gupta, K.

Mengisteab, Timothy M. Shaw, 1999-06-23 Globalization poses a formidable dilemma for the third world state While there are compelling external pressures to liberalize domestic economies market oriented reforms threaten the economic well being of various societal groups Popular resistance to these reforms has been strong throughout the developing world This volume examines the political strategies employed by third world governments to maintain programs in the face of domestic opposition *Contemporary Mexican Politics* Emily Edmonds-Poli, David A. Shirk, 2020-03-10 This comprehensive and engaging text explores contemporary Mexico's political economic and social development and examines the most important policy issues facing the country today Readers will find this widely praised book continues to be the most current and accessible work available on Mexico's politics and policy *From Revolution to Reform* He Li, 2004 In *From Revolution to Reform* He Li examines political and economic transformation in China and Mexico from the Mexican and Chinese revolutions at the beginning of the 20th century to economic reforms and political liberalization in recent decades Li also explores lessons that other developing countries could learn from the experiences of China and Mexico Encyclopedia of Modern Mexico David W. Dent, 2002-06-11 From the Acteal Massacre to Ernesto Zedillo Ponce de Le n this exciting reference created for a high school audience explores the rich culture the depth of achievement and the creative energy of Mexico and its people *Handbook of Global Environmental Policy and Administration* Dennis Soden, Brent R. Steel, 1999-07-16 Presenting case studies involving Rwanda Nepal Australia Japan and Mexico including real time policy and administrative questions this versatile reference text provides a wide perspective on national and international environmental problems and policies featuring discussions with a regional emphasis as well as global significance Pooling the work of over 60 international contributors in disciplines ranging from anthropology to political science the *Handbook of Global Environmental Policy and Administration* illustrates how environmental concerns are incorporated into administrative functions and policy processes **Power and Policy in Putin's Russia** Richard Sakwa, 2013-09-13 The volume provides a retrospective analysis of Putin's eight years as president between 2000 and 2008 An international group of leading specialists examine Putin's leadership in an informed and balanced manner The authors are drawn from Russia itself as well as from Europe America and Australasia Coverage includes general analysis of the Putin presidency the ideology underlying the thinking of the regime issues of institutional development including coverage of parties parliament and elections developments in the federal system corruption and changes in the configuration of the elite The impact of energy on changes in political economy provides the background to an assessment of Russia's re emergence as a great power in international affairs accompanied by analysis of the difficulties in Russia's relations with its former Soviet neighbours and the European Union The authors examine the interaction between power and policy and draw some conclusions about the dynamics of Putin's system of government and thus of the fate of Russia This book was published as a special issue of *Europe Asia Studies* Absurdities of the Gods of the New Morality (PB) Stephen F. Baca, 2019-12-09 *Absurdities of the Gods of the New*

Morality By Stephen F Baca The art on the front cover represents the twelve supreme Greek deities displayed from left to right they are Demeter Hermes Hephaestus Aphrodite Ares Hera Zeus Poseidon Athena Apollo Artemis and Dionysius This book strikes a parallel between the character and behavior of these supreme mythical gods and that of today s elite nihilists Just like the current gods of the new morality the Greek gods were not noble they were absurd decadent and powerful Absurdities of the Gods of the New Morality is unique in that it identifies specifically those who were primarily responsible for the declension of virtue in our society It is a complete comprehensive and exhaustive exposure of the negative enculturation of America by elitist Boomer activists There was a decline of morality and virtue in our country precipitated by Boomer activists starting in the 1960s when Boomers first started reaching age 18 and went off to college where they were proselytized by socialistic professors Sound ethics morality and virtue are essential elements of any orderly society and we are headed in the wrong direction The solution is a return to virtue and decency

Comparative Politics Jeffrey Kopstein, Mark Lichbach, Stephen E. Hanson, 2014-07-21 Twelve in depth case studies of the EU and countries across the globe written by the leading country specialists and combining insights of cutting edge institutional analysis and deep study of national histories explore how the concepts of interests identities and institutions shape the politics of nations and regions The country studies trace the global and historical contexts of political development and examine the diverse pathways that countries have taken in their quest to adapt to the competitive pressures of twenty first century globalization These country studies constitute the overarching framework of the text addressing the larger question why are countries ruled and governed so differently Free of heavy handed jargon Comparative Politics inspires thought provoking debate among introductory students and specialists alike and encourages students to engage in real comparative analysis In this new edition all twelve country studies have been rewritten and the first two theory chapters have been updated to reflect the latest research in the field

NAFTA and Democracy in Mexico Pablo Calderón Martínez, 2018-09-05 After describing NAFTA as the worst trade deal maybe ever signed anywhere Donald Trump s election seemed to represent the final nail in the coffin for North American economic integration Following a decade of stagnation however Trump s victory presents a timely opportunity to reconsider North American integration and evaluate NAFTA s democratic track record in Mexico In this book Pablo Calder n Mart nez presents a detailed analysis of NAFTA s influence as a political tool for democracy in Mexico Extending beyond a mere economic or social exploration of the consequences of NAFTA Calder n Mart nez uses a three tiered analysis based on causality mechanisms to explain how the interactions between internationalisation and democratisation unfolded in Mexico Calder n Mart nez s analysis demonstrates that Mexico s internationalisation project under the framework of NAFTA gave shape to if not made Mexico s democratisation process An original and timely resource for scholars and students interested in understanding how in cases like Mexico where transitions to democracy are characterised by a finely poised balance of power small influences from abroad can make significant long lasting differences

domestically *Building the Fourth Estate* Chappell Lawson, 2002-08-05 Building the Fourth Estate reveals the crucial part played by the Mexican media in the country's remarkable recent political transformation Based on an in depth examination of Mexico's print and broadcast media over the last twenty five years Chappell Lawson traces the role of the media in that country's move toward democracy demonstrating the reciprocal relationship between changes in the press and changes in the political system In addition to illuminating the nature of political change in Mexico Lawson's findings have broad implications for understanding the role of the mass media in democratization around the world from back cover

Corruption and Government Susan Rose-Ackerman, Bonnie J. Palifka, 2016-03-07 This new edition of a 1999 classic shows how institutionalized corruption can be fought through sophisticated political economic reform *Revival: State-Society Relations in Mexico (2001)* Kenneth Edward Mitchell, 2017-07-12 This title was first published in 2001 This detailed empirical study illustrates the different sources of political and economic pressure that combine to produce a process of incremental innovation in Mexican state society relations Invaluable to political economists who have a specific focus on Latin America Mexican politics and public sector reform **Mexico in Crisis** Donald E. Schulz, 1995 This study examines the development of the crisis in Mexico with the primary focus on the 6 year term of President Carlos Salinas de Gortari and the first few months of his successor President Ernesto Zedillo Ponce de Le n It poses the question of how a country with such seemingly bright prospects as Mexico in the wake of the North American Free Trade Agreement NAFTA approval by the U S Congress could so quickly plunge into crisis The answer is that these problems had been festering for some time By 1994 a combination of factors including recurrent economic crises a failure to introduce meaningful political reforms the social devastation wrought by neoliberal economic policies continuing corruption and mismanagement by Mexican political and economic elites human rights violations and the growing power of narcotraffickers was sufficient to destabilize what had long been considered one of the most stable countries in Latin America The prospects for the future are mixed at best While some substantive political judicial and police reforms have been belatedly made serious doubts remain as to how far President Zedillo will be willing able to go in challenging the power and perquisites of the traditional government Partido Revolucionario Institucional PRI elite and the narcotraffickers A major threat to these elements would probably in itself be destabilizing it could also be personally dangerous for Zedillo at a time when political assassinations are becoming increasingly commonplace Moreover corruption and inefficiency are so ingrained in the political institutions and practices at all levels of Mexican society that nothing short of a wholesale cultural revolution seems likely to solve the basic problem Such fundamental changes in values are notoriously difficult to carry out and would take years indeed decades to accomplish Thus while the economy may pick up in a year or two and significant advances in democratization may occur political violence and social turmoil will continue at least in the short to medium run In turn this will pose serious problems for the United States especially in the areas of illegal immigration narcotrafficking and all the costs and dangers they pose for American society

Mexico and the Spanish Civil War Mario Ojeda Revah, 2015-07-01 Based on first hand diplomatic political and journalistic sources most unpublished Mexico and the Spanish Civil War investigates the backing of the Second Republic by Mexico during the Spanish Civil War Significant military material and financial aid was given by the government of L zaro C rdenas 1934 1940 to the Republic which involved not only direct sales of arms but also smuggling operations covertly undertaken by Mexican diplomatic agents in order to circumvent the embargo imposed by the London Committee of Non Intervention This path breaking account reveals the operations in Spain of Mexican workers soldiers artists and intellectuals such as later Nobel Laureate Octavio Paz and the Muralist David Alfaro Siqueiros as volunteers and propagandists for the Republican cause Engagement with the Spanish Civil War also had a profound impact upon Mexico s domestic politics as support for the Republic was equated by C rdenas with his own revolutionary project The defeat of the Republic in 1939 therefore had far reaching repercussions for the post 1940 governments Originally published to critical acclaim in Spanish the work has been quoted and reviewed by many leading specialists on the Civil War including Anthony Beevor ngel Vi as Santos Juli and Pedro P rez Herrero This book is essential reading for students and scholars specialising in contemporary European history and politics Latin American studies and all those with an interest in the Spanish Civil War and the Mexican Revolution
