Consumers Against Capitalism? Ellen Furlough, Carl Strikwerda, 1999-02-18 In this important collection of essays historians from six different countries trace the history of the consumer cooperative movement in much of western Europe and North America from its inception to the present The consumer cooperative as the contributors show bears directly on the role of socialist parties the nascent feminist movement and conceptions of the worker's role in a changing economy and society in the 19th and 20th centuries *The Bar U & Canadian Ranching History* S. M. Evans, 2004 For much of its 130 year history the Bar U Ranch can claim to have been one of the most famous ranches in Canada Its reputation is firmly based on the historical role that the ranch has played its size and longevity and its association with some of the remarkable people who have helped develop the cattle business and build the Canadian West The long history of the ranch allows the evolution of the cattle business to be traced and can be seen in three distinct historical periods based on the eras of the individuals who owned and managed the ranch These colourful figures beginning with Fred Stimson then George Lane and finally Pat Burns have left an indelible mark on the Bar U as well as Canadian ranching history The Bar U and Canadian Ranching History is a fascinating story that integrates the history of ranching in Alberta with larger issues of ranch historiography in

the American and Canadian West and contributes greatly to the overall understanding of ranching history *Current Law Index* ,2001 **Catalog of Copyright Entries** Library of Congress.
