I saggi d'argomento letterario rinnovano il contributo italiano allo studio della letteratura luso-brasiliana rimanendo nel solco di una tradizione nazionale ricca di spunti che ha visto arrivare proprio dall'Italia alcuni contributi storici filologici ed ermeneutici tuttora indispensabili per comprendere l'opera dei maggiori autori di lingua portoghese. I saggi di argomento linguistico sintetizzano invece alcuni dei risultati prodotti dalle cattedre di lingua di recente istituzione in Italia privilegiando in particolar modo tematiche legate al binomio lingua-traduzione.

Socrates, or on Human Knowledge Simone Luzzatto, 2019-08-19 *Socrates Or On Human Knowledge* published in Venice in 1651 is the only work written by a Jew that contains so far the promise of a genuinely sceptical investigation into the validity of human certainties. Simone Luzzatto masterfully developed this book as a piece of theatre where Socrates as main actor has the task to demonstrate the limits and weaknesses of the human capacity to acquire knowledge without being guided by revelation. He achieved this goal by offering an overview of the various and contradictory gnosiological opinions disseminated since ancient times; the divergence of views to which he addressed the most attention prevented him from giving a fixed definition of the nature of the cognitive process. This obliged him to come to the audacious conclusion of neither affirming nor denying anything concerning human knowledge and finally of suspending his judgement altogether. This work unfortunately had little success in Luzzatto's lifetime and was subsequently almost forgotten. The absence of substantial evidence from his contemporaries and that of his epistolary have thus increased the difficulty of tracing not only its legacy in the history of philosophical thought but also of understanding the circumstances surrounding the writing of his *Socrates*. The present edition will be a preliminary study aiming to shed some light on the philosophical and historical value of this work's translation; indeed it will provide a broader readership with the opportunity to access this immensely complicated work and also to grasp some aspects of the composite intellectual framework and admirable modernity of Venetian Jewish culture in the ghetto.
