Gelardi, 2025-08-22 The powerful and moving story of three royal mothers whose quest for power led to the downfall of their daughters Queen Isabella of Castile Empress Maria Theresa of Austria and Queen Victoria of England were respected and admired rulers whose legacies continue to be felt today Their daughters Catherine of Aragon Queen of England Queen Marie Antoinette of France and Vicky the Empress Frederick of Germany are equally legendary for the tragedies that befell them their roles in history surpassed by their triumphant mothers In Triumph's Wake is the first book to bring together the poignant stories of these mothers and daughters in a single narrative Isabella of Castile forged a united Spain and presided over the discovery of the New World Maria Theresa defeated her male rivals to claim the Imperial Crown and Victoria presided over the British Empire But because of their ambition and political machinations each mother pushed her daughter toward a marital alliance that resulted in disaster Catherine of Aragon was cruelly abandoned by Henry VIII who cast her aside in search of a male heir and tore England away from the Pope Marie Antoinette lost her head on the guillotine when France exploded into Revolution and the Reign of Terror Vicky died grief stricken horrified at her inability to prevent her son Kaiser Wilhelm from setting Germany on a belligerent trajectory that eventually led to war Exhaustively researched and utterly compelling In Triumph's Wake is the story of three unusually strong women and the devastating consequences their decisions had on the lives of their equally extraordinary daughters      [Assassin!](#) Ian Herson, 2007-09-20 For as long as the world has had rulers there have been plots to assassinate those at the top Violent death is usually associated with dictatorships and tinpot regimes Few people know that Britain also has a history of political assassination This book brings to life the forgotten story of assassination over the last 200 years in Britain From Prime Ministers and politicians to princes lords and officials of all kinds

Britain's assassination attempts cover a wide variety of figures in some key moments of history. Hernon examines the motivations of the assassins from political ideologies to simple mental instability. He shows how most attempts originated from isolated individuals or minority groups rather than broad political will. A fascinating account of how the will of the individual has occasionally and dramatically intervened into the lives of those in power.
