Mongolian Film Music Dr Lucy Rees, 2015-11-28 In 1936 the Mongolian socialist government decreed the establishment of a film industry with the principal aim of disseminating propaganda It sent young rural Mongolian musicians to Soviet conservatoires to be trained formally as composers On their return they utilized their traditional Mongolian musical backgrounds and the musical skills learned during their studies to compose scores to the 167 propaganda films produced between 1938 and 1990 Lucy Rees provides an overview of the rich mosaic of music genres that appeared in these soundtracks Case studies of composers and film scores are presented demonstrating the influence of cultural policy on film music and showing how film scores complemented the ideological message of the films

Before and After Corroboree: The Music of John Antill David Symons, 2017-07-28 John Antill 1904 1986 was one of the foremost composers of Australia's post colonial period Although a relatively prolific and much esteemed composer in Australia Antill's wider reputation is sustained chiefly by his famous ballet Corroboree a work which was perceived to bring an authentic Australian musical style before both a national and international audience for the first time Through Sir Eugene Goossens' championship the work was heard by enthusiastic audiences in Australia Britain Europe and the USA and was for many years the best known work of any Australian born and resident composer Indeed it has remained for both Australian and overseas audiences an Australian musical icon David Symons traces Antill's development as a composer from his early pre Corroboree works which display a late Romantic to post impressionist style through an analysis of the virile dissonant primitivist idiom of his magnum opus to an examination of his later output of theatrical orchestral and vocal choral works The book provides comprehensive and valuable insight into Antill's musical output at the same time focussing on more detailed analyses of his major works which have reached public performances and recordings In this way the book not only presents a developmental picture of Antill's works but also demonstrates why they have made him one of Australia's most prominent musical creators of the post colonial period

,1975 **Richard Strauss in Context** Morten Kristiansen, Joseph E. Jones, 2020-10-29 Richard Strauss in Context offers a distinctive approach to the study of a composer in that it places the emphasis on contextualizing topics rather than on biography and artistic output One might say that it inverts the relationship between composer and context Rather than studies of Strauss's librettists that discuss the texts themselves and his musical settings for instance this book offers essays on the writers themselves their biographical circumstances styles landmark works and broader positions in literary history Likewise Strauss's contributions to the concert hall are positioned within the broader development of the orchestra and trends in programmatic music In short readers will benefit from an elaboration of material that is either absent from or treated only briefly in existing publications Through this supplemental and broader contextual approach this book serves as a valuable and unique resource for students scholars and a general readership *Sounding Brass & the Conductor*, 1980

The Music of Charlie Chaplin Jim Lochner, 2018-09-20 Charlie Chaplin the actor is universally synonymous with his beloved Tramp character Chaplin the director is considered one of the great auteurs and innovators of cinema history Less well known is Chaplin the composer whose instrumental theme for Modern Times 1936 later became the popular standard Smile a Billboard hit for Nat King Cole in 1954 Chaplin was prolific yet could not read or write music It took a rotating cast of talented musicians to translate his unorthodox humming off key singing and amateur piano and violin playing into the singular orchestral vision he heard in his head Drawing on numerous transcriptions from 60 years of original scores this comprehensive study reveals the untold story of Chaplin the composer and the string of famous and not so famous musicians he employed giving fresh insight into his films and shedding new light on the man behind the icon **This Awareness of Beauty** Keith W. Kinder, 2014-07-07 This Awareness of Beauty is the first book to consider the orchestral and wind band music of Canadian composer Healey Willan who was known primarily for his choral work A succinct biography accompanies historical analytical and critical investigations of Willan's instrumental music asserting Willan's seminal place in Canadian

music and the significance of his orchestral and wind band music both nationally and internationally Each composition is investigated in chronological order to illustrate the composer s evolution as a creator of instrumental music from his early years in England to his later and more notable accomplishments in Canada Willan s orchestral music may be seen as both a reaction to and a stimulus for the significant improvement in Canadian orchestral performance during the 1930s and 40s a factor in the creation of his large scale compositions including two symphonies and a piano concerto Although much has been written about Willan most of it has centred on his choral work with biography and or musicology as the frame of reference this project considers his instrumental music in terms of performance provides historical context for many of the works included and corrects errors that have crept into the literature
