

Queer Race

Nikki Sullivan

Queer Race:

Queer Race Ian Barnard, 2004 One of the first extended and theoretically informed investigations of queer theory's racial inscription *Queer Race* understands race as inextricably sexualized as sexuality is always racially marked The book critically and playfully explores intellectual and political deployments of the term queer gay pornographic videos about South Africa contemporary literary representations of interracial gay desire the writings of Gloria Anzaldá and Jeffrey Dahmer's criminal trial Through these explorations *Queer Race* charts a framework for understanding the race of queer theory that both tests queer theory's limits and suggests its future interrelations with anti-racist work *On Making Sense* Ernesto Javier

Martínez, 2012-10-31 *On Making Sense* juxtaposes texts produced by black Latino and Asian queer writers and artists to understand how knowledge is acquired and produced in contexts of racial and gender oppression From James Baldwin's 1960s novel *Another Country* to Margaret Cho's turn of the century stand up comedy these works all exhibit a preoccupation with intelligibility or the labor of making sense of oneself and of making sense to others In their efforts to make sense these writers and artists argue against merely being accepted by society on society's terms but articulate a desire to confront epistemic injustice an injustice that affects people in their capacity as knowers and as communities worthy of being known The book speaks directly to critical developments in feminist and queer studies including the growing ambivalence to anti-realist theories of identity and knowledge In so doing it draws on decolonial and realist theory to offer a new framework to understand queer writers and artists of color as dynamic social theorists **A Critical Introduction to Queer Theory**

Nikki Sullivan, 2003-10 *A Critical Introduction to Queer Theory* explores the ways in which sexuality subjectivity and sociality have been discursively produced in various historical and cultural contexts The book begins by putting gay and lesbian sexuality and politics in historical context and demonstrates how and why queer theory emerged in the West in the late twentieth century Sullivan goes on to provide a detailed overview of the complex ways in which queer theory has been employed covering a diversity of key topics including race sadomasochism straight sex fetishism community popular culture transgender and performativity Each chapter focuses on a distinct issue or topic provides a critical analysis of the specific ways in which it has been responded to by critics including Freud Foucault Derrida Judith Butler Jean-Luc Nancy Adrienne Rich and Laura Mulvey introduces key terms and uses contemporary cinematic texts as examples **Rhetorica in Motion**

Eileen E. Schell, K. J. Rawson, 2010-01-31 *Rhetorica in Motion* is the first collected work to investigate feminist rhetorical research methods in both contemporary and historical contexts The contributors analyze the decision-making processes and methodologies employed in deciphering the origins meanings theories workings and manifestations of feminist rhetoric The volume examines familiar themes such as archival literary and online research but also looks to other areas of rhetoric such as disability studies gerontology aging studies Latina/o queer and transgender studies performance studies and transnational feminisms in both the United States and larger geopolitical spaces *Rhetorica in Motion* incorporates previous views of

feminist research outlines a set of principles that guides current methods and develops models for undertaking future inquiry including working as individuals or balancing the dynamics of group research The text explores how feminist research embodies what has come before and reflects what researchers institutions and instructors bring to it and what it brings to them Underlying the discovery of this volume is the understanding that feminist rhetoric is in constant motion in a dynamic that resists definition

Queering the Ethiopian Eunuch Sean D.

Burke,2013-08-01 Were eunuchs more usually castrated guardians of the harem as florid Orientalist portraits imagine them or were they trusted court officials who may never have been castrated Was the Ethiopian eunuch a Jew or a Gentile a slave or a free man Why does Luke call him a man while contemporaries referred to eunuchs as unmanned beings As Sean D Burke treats questions that have received dramatically different answers over the centuries of Christian interpretation he shows that eunuchs bore particular stereotyped associations regarding gender and sexual status as well as of race ethnicity and class Not only has Luke failed to resolve these ambiguities he has positioned this destabilized figure at a key place in the narrative as the gospel has expanded beyond Judea but before Gentiles are explicitly named in such a way as to blur a number of social role boundaries In this sense Burke argues Luke intended to queer his reader s expectations and so to present the boundary transgressing potentiality of a new community
