component was introduced and that LGBT people of color sometimes weren't sure if anti queer violence was based solely on their sexuality or whether racism or sexism had also played a role Meyer observes that given the many differences in how anti queer violence is experienced the present media focus on white middle class victims greatly oversimplifies and distorts the nature of anti queer violence In fact attempts to reduce anti queer violence that ignore race class and gender run the risk of helping only the most privileged gay subjects Many feel that the struggle for gay rights has largely been accomplished and the tide of history has swung in favor of LGBT equality Violence against Queer People on the contrary argues that the lives of many LGBT people particularly the most vulnerable have improved very little if at all over the past thirty years **The**

senses instead of merely shutting them off or repressing them We need a practice that empowers us to integrate all the rejected aspects of self to form a strong healthy gay identity which confers a spiritual advantage in deep spiritual practice We need a spiritual practice that recognizes that gender and gender identity are fluid that we all contain elements of the masculine and feminine We need a spiritual practice that recognizes not only that same sex love is possible but that our love can powerfully energize a deep quest for Self awareness and enlightenment We need to realize that any feeling of shame or unworthiness connected to our gay being shackles our spirit and blocks us from the full realization of God dness within for the Divine Being is gay too

Sexed Up Julia Serano, 2022-05-17 The author of landmark manifesto *Whipping Girl* exposes the violent ways we are all sexualized then offers a bold path for resistance Feminists have long challenged the ways in which men tend to sexualize women But pioneering activist biologist and trans woman Julia Serano argues that sexualization is a far more pervasive problem as it is something that we all do to other people often without being aware of it Why do we perceive men as sexual predators and women as sexual objects Why are LGBTQ people stereotyped as being sexually indiscriminate and deceptive Why are people of color still being hypersexualized These stereotypes push minorities farther into the margins and even the privileged are policed from transgressing lest they also become targets Many view sexualization as a mere component of sexism racism or queerphobia but Serano argues that liberation from sexual violence comes through collectively confronting sexualization itself
