ambiguous embodiment in the art of Del LaGrace Volcano Jenny Saville Eva Hesse Shirin Neshat and others She then exposes the influence of lesbian drag king cultures upon hetero male comic films such as Austin Powers and The Full Monty and finally points to dyke subcultures as one site for the development of queer counterpublics and queer temporalities Considering the sudden visibility of the transgender body in the early twenty first century against the backdrop of changing conceptions of space and time In a Queer Time and Place is the first full length study of transgender representations in art fiction film video and music This pioneering book offers both a jumping off point for future analysis of transgenderism and an important new way to understand cultural constructions of time and place *American Queer, Now and Then* David Shneer, Caryn Aviv, 2015-12-03

around three key ideas that there are inherently queer styles of using and dealing with time and temporality in culture that the critical rediscovery of canonical texts and the analysis of largely ignored queer texts and authors allow for a better understanding of queer identities and finally that normative conceptions of time can and should be challenged through critical tools that reconceptualize notions of the self around time This volume will be of interest to postgraduate students and researchers working close to areas such as queer and gender studies media and cinema studies cultural studies literary theory comparative literature game studies and art history
