Queering The Renaissance:

Queering the Renaissance Jonathan Goldberg, 1994 This book redraws the map of sexuality and gender studies in the Renaissance moving beyond limiting notions of identity politics by historically locating forms of same sex desire that are not organized in terms of modern definitions of homosexual and heterosexual

Queering the Renaissance Jonathan Goldberg, 2009 This book offers a major reassessment of the field of Renaissance studies. Gathering essays by sixteen critics working within the perspective of gay and lesbian studies, this collection redraws the map of sexuality and gender studies in the Renaissance. Taken together, these essays move beyond limiting notions of identity politics by locating historically forms of same sex desire that are not organized in terms of modern definitions of homosexual and heterosexual. The presence of contemporary history can be felt throughout the volume, beginning with an investigation of the uses of Renaissance precedents in the 1986 U.S. Supreme Court decision *Bowers v. Hardwick* to a piece on the foundations of our national imaginary and an afterword that addresses how identity politics has shaped the work of early modern historians. The volume examines canonical and noncanonical texts, including highly coded poems of the fifteenth-century Italian poet Burchiello, a tale from Marguerite de Navarre's *Heptameron* and Erasmus's letters to a young male acolyte. English texts provide a central focus, including works by Spenser, Shakespeare, Bacon, Donne, Beaumont and Fletcher, Crashaw, and Dryden. Broad surveys of the complex terrains of friendship and sodomy are explored in one essay, while another offers a cross-cultural reading of the discursive sites of lesbian desire. Accessibly written, boldly interdisciplinary, *Queering the Renaissance* will be indispensable for literary critics, historians, and theorists seeking to understand the representation of same sex desire in the early modern period. Contributors: Alan Bray, Marcie Frank, Carla Freccero, Jonathan Goldberg, Janet Halley, Graham Hammill, Margaret Hunt, Donald N. Mager, Jeff Masten, Elizabeth Pittenger, Richard Rambuss, Alan K. Smith, Dorothy Stephens, Forrest Tyler, Stevens Valerie, Traub Michael, Warner, David. *Queer Renaissance Historiography* Vin Nardizzi, Stephen Guy-Bray, 2016-04-15 Dealing with questions of the meaning of eroticism in Renaissance England and its separation from other affective relations, *Queer Renaissance Historiography* examines the distinctive arrangement of sexuality during this period and the role that queer theory has played in our understanding of this arrangement. As such, this book not only reflects on the practice of writing a queer history of Renaissance England but also suggests new directions for this practice. *Queer Renaissance Historiography* collects original contributions from leading experts participating in a range of critical conversations, whilst prompting scholars and students alike to reconsider what we think we know about sex and sexuality in Renaissance England. Presenting ethical, political, and critical analyses of Early Modern texts, this book sets the tone for future scholarship on Renaissance sexualities, making a timely intervention in theoretical and methodological debates.

Queer (Re)Readings in the French Renaissance Gary Ferguson, 2016-12-05 Focusing on multiple aspects of Renaissance culture and in particular its preoccupation with the reading and rewriting of classical sources, this book
