B. Jongeneel, 2009 Based on the author s thesis Th D Leiden University 1971      **Salafism in Lebanon** Zoltan Pall, 2018-04-05 Examines the entrenchment of Salafism in Lebanese society while also highlighting the movement s transnational links to the Persian Gulf      Translating the Devil Birgit Meyer, 2019-08-06 This book offers an ethnography of the emergence of a local Christianity and its relation to changing social political and economic formations among the Ewe in Ghana Focusing on the Evangelical Presbyterian Church which arose from encounters between the Ewe and German Pietist missionaries the author examines recent conflicts leading to the secession of many pentecostally oriented members which it places in a historical perspective The main argument is that for the Ewe involvement with modernity goes hand in hand with new enchantment rather than disenchantment of the world At the grassroots level the study focuses on the image of the Devil which the missionaries communicated to the Ewe through translation and which currently receives much attention in the Pentecostal churches It is shown that this image played and still plays a crucial role in the local appropriation of Christianity since diabolisation confirmed the existence of local gods and witchcraft and incorporated them into Christian belief as demons Comparing the discourses and practices of mission and Pentecostal churches the study reveals that the latter pay much more attention to Satan especially through deliverance rituals Pentecostalism s increasing popularity thus stems from the fact that it ties into historically generated local understandings of Christianity which despite a declared dislike of non Christian religious practices stand much closer to Ewe religion than missionary Christianity With its emphasis on the hybrid image of the Devil and people s obsessions with occult forces as a way to mediate the attractions and discontents of modernity this book sheds light on a hitherto neglected dimension in studies of African Christianity      African & American Marilyn Halter, Violet Showers Johnson, 2014-08-29 Examines what it means to be African and American through the stories of recent West African immigrants African American tells the story of the much overlooked experience of first and second generation West African immigrants and refugees in the United States during the last forty years Interrogating the

**War, Religion and Empire** Andrew Phillips,2010-12-23

What are international orders how are they destroyed and how can they be defended in the face of violent challenges Advancing an innovative realist constructivist account of international order Andrew Phillips addresses each of these questions in War Religion and Empire Phillips argues that international orders rely equally on shared visions of the good and accepted practices of organized violence to cultivate cooperation and manage conflict between political communities Considering medieval Christendom s collapse and the East Asian Sinosphere s destruction as primary cases he further argues that international orders are destroyed as a result of legitimation crises punctuated by the disintegration of prevailing social imaginaries the break up of empires and the rise of disruptive military innovations He concludes by considering contemporary threats to world order and the responses that must be taken in the coming decades if a broadly liberal international order is to survive

*Meeting Jesus at University* Edward Dutton, 2016-12-05 How does university turn students into who they become Why are student evangelicals such a significant and controversial force at so many universities In many countries university has become the main Rite of Passage between the child and adult worlds University can be enjoyable and fascinating but also life changing and traumatic And at the exact time when a student's identity is the most challenged and uncertain student evangelical groups are highly organised on many university campuses to offer students a powerful identity so that the world makes sense once again For some these groups will protect them from the university's assault on their faith For others they will challenge and even change who they are *Meeting Jesus at University* explores universities in six countries Drawing upon detailed fieldwork it examines the largest student evangelical group at each university in order to understand in depth the relationship between the student evangelical group and the university which it aims to convert *Meeting Jesus at University* offers an original contribution to the discussion of Rites of Passage examining what is experienced at university and how university breaks down and remoulds young people It explores why student evangelicals are so active particularly at Britain and America's most prestigious and identity challenging institutions meaning that students at these places are the most likely to find themselves meeting Jesus at university
