Quest For A Black Theology:

Quest for a Black Theology James J. Gardiner, James Deotis Roberts, 1971 Five of six essays originally presented at an interdenominational conference held in Washington D C May 2 3 1969 and jointly sponsored by the Graymoor Ecumenical Institute and the Georgetown University Dept of Theology Includes bibliographical references Liberation and Reconciliation James Deotis Roberts, 2005-01-01 First released in 1971 Liberation and Reconciliation presents a constructive statement that argues for a balance between the quest for liberation and the need for reconciliation in black white relations Examining biblical and theological themes from the perspectives of black experience the book focuses on enlisting all humans of goodwill black or white in the cause of racial justice Roberts concludes that nonviolent reconciliation is the best response to racial oppression This groundbreaking work now a classic in the field is recognized as one of the first texts to move conversations within black theology beyond what black theologians were against toward what the movement sought to affirm

A Queering of Black Theology E. Kornegay, 2013-12-11 Kornegay s brilliant and insightful use of James Baldwin s literary genius offers a way forward that promises to overcome the divide between religion and sexuality that is of crucial importance not only for black church and theology but for socio political religious and theological discourse generally

Black Christology and the Quest for Authenticity John H. McClendon III, 2019-05-03 Black Christology and the Quest for Authenticity A Philosophical Appraisal constitutes a philosophical inquiry on Black Theology and its attendant Black Christology Explicitly the philosophical examination of Black Theology conceptually maps its quest for establishing Black Christology as an authentic form within Christian theology This text critically expounds on the methodologies and arguments which guide how Black Theology specifically affirms Black Christology as the definitive paradigm for authentic Christianity Significantly the racialized character of Black Theology immediately sets this discourse within the context of philosophy of race Clearly the philosophy of race in terms of its substance and scope is continually expanding Notably the philosophy of religion in its conceptual association with the African American experience considerably enriches the content of the philosophy of race Therefore Black Christology and the Quest for Authenticity A Philosophical Appraisal stands as a unique contribution to philosophy of race Summarily while this book tackles the formidable problem of Christian theological subject matter nonetheless the reader must be aware that this is not a work executed methodologically in any theological manner inclusive of Christian theology Subsequently while the object of our investigation substantively remains theological in character the method of investigation is guided by philosophical inquiry which is based on secular principles Furthermore although most mainstream works in philosophy of religion along with theology neglect to exam African American theologians and philosophers the subject matter of Black Christology substantially facilitates in filling this intellectual void

doctrinal history Acknowledging first the pre 1609 roots patristic medieval and Reformational of Baptist theology it examines the Arminian versus Calvinist issues that were first expressed by the General Baptists and the Particular Baptists that dominated English and American Baptist theology during the seventeenth and eighteenth centuries from Helwys and Smyth and from Bunyan and Kiffin to Gill Fuller Backus and Boyce and that were quickened by the awakenings and the missionary movement Concurrently there were the Baptist defense of the Baptist distinctives vis a vis the pedobaptist world and the unfolding of a strong Baptist confessional tradition Then during the nineteenth and twentieth centuries the liberal versus evangelical issues became dominant with Hovey Strong Rauschenbusch and Henry in the North and Mullins Conner Hobbs and Criswell in the South even as a distinctive Baptist Landmarkism developed the discipline of biblical theology was practiced and a structured ecumenism was pursued Missiology both impacted Baptist theology and took it to all the continents where it became increasingly indigenous Conscious that Baptists belong to the free churches and to the believers churches a new generation of Baptist theologians at the advent of the twenty first century appears somewhat more Calvinist than Arminian and decidedly more evangelical than liberal

Defining Salvation in the Context of Black Theology

James T. Murphy, Jr.,2012-08 An initial introduction to the study of Christian theology is both exciting and invigorating for students of its discipline One can become enameled in the classic perspectives of theology without any consideration of a possible alternative Defining Salvation in the Context of Black Theology is an exit from the classic conviction that trumpets the doctrine of soteriology attributing its substance to the posture of eternity while ignoring the importance of salvation in the existential Careful not to reject the question of eternal life but examining the nuances of the term salvation empowers this work to present the like manner essential that having salvation is just as much about now than it is in the here after

Crisis of the Negro Intellectual Reconsidered Jerry G. Watts,2004-08-26 Thirty five years after its initial publication

Harold Cruse s The Crisis of the Negro Intellectual remains a foundational work in Afro American Studies and American Cultural Studies Published during a highly contentious moment in Afro American political life The Crisis of the Negro Intellectual was one of the very few texts that treated Afro American intellectuals as intellectually significant The essays contained in Harold Cruse s The Crisis of the Negro Intellectual Reconsidered are collectively a testimony to the continuing significance of this polemical call to arms for black intellectuals Each scholar featured in this book has chosen to discuss specific arguments made by Cruse While some have utilized Cruse s arguments to launch broader discussions of various issues pertaining to Afro American intellectuals and others have contributed discussions on intellectual issues completely ignored by Cruse all hope to pay homage to a thinker worthy of continual reconsideration

The Divided Mind of the Black Church Raphael G Warnock,2023-11-21 An altar call to action from the U S senator and senior pastor at Atlanta s Ebenezer

Baptist Church Publishers Weekly What is the true nature and mission of the church Is its proper Christian purpose to save souls or to transform the social order This question is especially fraught when the church is one built by an enslaved people

and formed from its beginning at the center of an oppressed community's fight for personhood and freedom. Such is the central tension in the identity and mission of the Black church in the United States. For decades the Black church and Black theology have held each other at arm's length. Black theology has emphasized the role of Christian faith in addressing racism and other forms of oppression, arguing that Jesus urged his disciples to seek the freedom of all peoples. Meanwhile the Black church, even when focused on social concerns, has often emphasized personal piety rather than social protest. With the rising influence of white evangelicalism, biblical fundamentalism, and the prosperity gospel, the divide has become even more pronounced. This book traces the historical significance of the rise and development of Black theology as an important conversation partner for the Black church. Calling for honest dialogue between Black and womanist theologians and Black pastors, this fresh theological treatment demands a new look at the church's essential mission. An informative work for historians, theologians, and humanities scholars interested in debating what the Black Church needs to be doing in the 21st century. *Journal of African American History*. As a person who is not Black, reading this book provided a learning experience for me. I could also see this book serving as a way to spark discussion involving all ethnic groups as to how we can all as fellow Christians blend the goals of saving lost people and moving the culture toward equality for everyone. Ministry Well written and meticulously researched. *The Christian Century*. **Practical Theology for Black Churches** Dale P.

Andrews, 2002-01-01 Exploring the concept of church as refuge offers a way to bridge the gap between black theology with its social and political concerns and black churches with their emphases on pastoral care and piety. **Speculations on Black Life** Darrell Jones, Monifa Love, Anthony B. Pinn, 2023-05-18 Is God a white racist? Posed by William R. Jones in his ground-breaking book of the same name, this question disrupted the theological assumptions that marked Black religious thought from early writings of the 1800s to the formation of Black theology in the 1960s. This book compiles his key and essential writings related to over three decades of critical reflection on race, religion, secularism, and oppression in the United States. Over the course of 30 years, Jones pushed questions and considerations that refined Black theology and that gave greater shape to and understanding of Black philosophers' intervention into issues of racial and structural inequality. His philosophical work related to the grid of oppression fosters an approach to the nature and meaning of oppression in the United States, encouraging rational interrogation of structures of injustice and thought patterns supporting those structures. Still relevant today, the straightforward style of communication used by Jones makes these essays easily accessible to a popular audience while maintaining intellectual rigor, making the book also suitable for an academy-based audience.

Handbook on Postconservative Theological Interpretation Ronald T. Michener, Mark A. Lamport, 2024-10-24 Postconservative theology may be said to parallel with postliberal theology at its best: Orthodox biblical but open to new insights about how to interpret Scripture. But the new insights must be faithful as well as fresh. Postconservative theology is not the same as progressive theology, which tends to lean toward indeterminate faith expressions, whereas postconservative

allows for particular faith commitments and expressions but understands that the constructive task of theology is never finished Authors emphasize various interpretive theological lenses used for doing theology among various postconservative theologians rather than emphasizing the philosophical background to hermeneutical theory present in other works such as past influential thinkers including Gadamer Grondin Ricoeur Heidegger etc This resource could also function as a companion to Evangelical Theological Method Five Views 2018 This emphasis of the chapters will not be on the nuts and bolts of how to interpret but rather on the theological impulses that govern various lenses Bible cultural context etc for doing theology and the way Scripture functions with respect to the practice of interpretation

Queering Black Churches Brandon Thomas Crowley, 2024 Queering Black Churches explores how open and affirming ONA historically Black churches have queered their congregations Using the lenses of practical theology ecclesiology Queer theology and gender studies Brandon Thomas Crowley examines the heteronormative histories theologies morals values and structures of Black churches and how their longstanding assumptions can be challenged to dismantle homophobia within African American congregations and move beyond surface level allyship toward actual structural renovation
