

Q_{uest} for Identity *America Since 1945*

Randall Bennett Woods

Quest For Identity The U S Since 1945

Chi-kwan Mark

Quest For Identity The U S Since 1945:

Quest for Identity Randall Bennett Woods, 2005-07 Quest for Identity is a survey of the American experience from the close of World War II through the Cold War and 9 11 to the present It helps students understand postwar American history through a seamless narrative punctuated with accessible analyses Randall Woods addresses and explains the major themes that punctuate the period the Cold War the Civil Rights and Women s Rights movements and other great changes that led to major realignments of American life The pageantry drama irony poignancy and humor of the American journey since World War II are all here *The US-Mexico Border in American Cold War Film* Stephanie Fuller, 2016-04-29 Through an analysis of Cold War Era films including *Border Incident* *Where Danger Lives* and *Touch of Evil* Stephanie Fuller illustrates how cinema across genres developed an understanding of what the U S Mexico border meant within the American cultural imaginary and the ways in which it worked to produce the border **Thailand in the Cold War** Matthew Phillips, 2015-09-16 Thailand s position during the Cold War was ambiguous the country s political leadership was very keen to maintain the country s independence on the world stage yet at the same time was anxious to establish the country s credentials as staunchly anti communist However as this book argues Thailand though never formally a client state of the United States was very closely embedded in the Western camp through the commitment of Thailand s cosmopolitan urban communities to developing a modern consumerist lifestyle Considering popular culture including film literature fashion tourism and attitudes towards Buddhism the book shows how an ideology of consumerism and integration into a free world culture centred in the United States gradually took hold and became firmly established and how this popular culture and ideology was fundamental in determining Thailand s international political alignment *Japan's Security Identity* Bhubhindar Singh, 2013 Since the end of the Cold War there has been a significant change in Japanese security policy as Japan s security identity has shifted from a peace state to an international state In this book Bhubhindar Singh argues that from the 1990s onwards the Japanese security policymaking elite recognized that its earlier approach to security policy which was influenced by the peace state security identity was no longer appropriate Rather as a member of the international community Japan had to carve out a responsible role in regional and international security affairs which required greater emphasis on the role of the military in Japan s security policy To explore the change in Japan s security identity and its associated security behaviour this book contrasts the three areas that define and shape Japanese security policy Japan s conception or definition of national security the country s contribution in military terms to regional and international affairs and the changes to the security policy regime responsible for the security policy formulation Further it seeks to challenge the dominant realist interpretation of Japanese security policy by adopting an identity based approach and showing how whilst realist accounts correctly capture the trajectory of Japanese post Cold War security policy they fail to explain the underlying causes of the change in Japanese security behaviour in the post Cold War period This book is an important addition to the current literature on Japanese

security policy and will be of great use to students and scholars interested in Japanese and Asian politics as well as security studies and international relations more broadly *Program of the Annual Meeting - American Historical Association*

American Historical Association,2006 Some programs include also the programs of societies meeting concurrently with the association *After the Empires* P. Preston,2014-08-26 The shift to the modern world in East Asia was accomplished in part via the experience of colonial rule in the late nineteenth century Following imperial crisis in the 1930s and 1940s

independent nation states formed from which the political structure of East Asia is based today **Shadow Warrior** Randall B. Woods,2013-04-09 World War II commando Cold War spy and CIA director under presidents Nixon and Ford William Egan Colby played a critical role in some of the most pivotal events of the twentieth century A quintessential member of the greatest generation Colby embodied the moral and strategic ambiguities of the postwar world and first confronted many of the dilemmas about power and secrecy that America still grapples with today In *Shadow Warrior* eminent historian Randall B Woods presents a riveting biography of Colby revealing that this crusader for global democracy was also drawn to the darker side of American power Aiming to help reverse the spread of totalitarianism in Europe and Asia Colby joined the U S Army in 1941 just as America entered World War II He served with distinction in France and Norway and at the end of the war transitioned into America s first peacetime intelligence agency the CIA Fresh from the fight against fascism Colby zealously redirected his efforts against international communism He insisted on the importance of fighting communism on the ground doggedly applying guerilla tactics for counterinsurgency sabotage surveillance and information gathering on the new battlefields of the Cold War Over time these strategies became increasingly ruthless as head of the CIA s Far East Division Colby oversaw an endless succession of assassination attempts coups secret wars in Laos and Cambodia and the Phoenix Program in which 20 000 civilian supporters of the Vietcong were killed Colby ultimately came clean about many of the CIA s illegal activities making public a set of internal reports known as the family jewels that haunt the agency to this day Ostracized from the intelligence community he died under suspicious circumstances a murky ending to a life lived in the shadows Drawing on multiple new sources including interviews with members of Colby s family Woods has crafted a gripping biography of one of the most fascinating and controversial figures of the twentieth century *The Everyday Cold War*

Chi-kwan Mark,2017-10-05 In 1950 the British government accorded diplomatic recognition to the newly founded People s Republic of China But it took 22 years for Britain to establish full diplomatic relations with China How far was Britain s China policy a failure until 1972 This book argues that Britain and China were involved in the everyday Cold War or a continuous process of contestation and cooperation that allowed them to normalize their confrontation in the absence of full diplomatic relations From Vietnam and Taiwan to the mainland and Hong Kong China s everyday Cold War against Britain was marked by diplomatic ritual propaganda rhetoric and symbolic gestures Rather than pursuing a failed policy of appeasement British decision makers and diplomats regarded engagement or negotiation with China as the best way of fighting the everyday Cold

War Based on extensive British and Chinese archival sources this book examines not only the high politics of Anglo Chinese relations but also how the British diplomats experienced the Cold War at the local level ***Building a European Identity*** Aurélie Élisabeth Gfeller, 2012-07-20 The Arab Israeli war of 1973 the first oil price shock and France's transition from Gaullist to centrist rule in 1974 coincided with the United States attempt to redefine transatlantic relations As the author argues this was an important moment in which the French political elite responded with an unprecedented effort to construct an internationally influential and internally cohesive European entity Based on extensive multi archival research this study combines analysis of French policy making with an inquiry into the evolution of political language highlighting the significance of the new concept of a political European identity ***Exodus From Empire*** Terrence E. Paupp, 2006-11-20 This book lays out a comprehensive vision for a new world order based on cooperation between the developing world and leading Left countries in Latin America Arguing that the ravages of corporate capitalism are unsustainable Terrence E Paupp presents an energetic critique of the problems of empire and looks ahead to a global countermovement against the IMF and US hegemony ***American National Identity, Policy Paradigms, and Higher Education*** Allison L. Palmadessa, 2017-06-14 This volume examines the role of higher education in producing and reproducing American cultural identity from 1862 to 2015 and considers whether changes in federal policy regarding higher education result in paradigm shifts that directly impact the purpose of higher education American institutions of higher education have served as a beacon of American idealism and identity since the foundation of the earliest universities As the nation developed higher education matured and maintained a position of importance in the future of the nation While the university has perpetuated American national cultural identity the nation state has resourced and legitimated the university inextricably linking national identity and higher education In this historical analysis the relationship between national identity federal legislation and higher education is established and an identity of superiority defined in economic terms reinforced by higher education is revealed ***Gates of Eden: American Culture in the Sixties*** Morris Dickstein, 2015-02-23 Widely admired as the definitive cultural history of the 1960s this groundbreaking work finally reappears in a new edition The turbulent 1960s almost from its outset produced a dizzying display of cultural images and ideas that were as colorful as the psychedelic T shirts that became part of its iconography It was not however until Morris Dickstein's landmark *Gates of Eden* first published in 1977 that we could fully grasp the impact of this raucous decade in American history as a momentous cultural epoch in its own right as much as Jazz Age America or Weimar Germany From Ginsberg and Dylan to Vonnegut and Heller this lasting work brilliantly re creates not only the intellectual and political ferment of the decade but also its disillusionment What results is an inestimable contribution to our understanding of twentieth century American culture ***Rethinking Anti-Americanism*** Max Paul Friedman, 2012-08-27 This book reveals how the concept of anti Americanism has been misused for over 200 years to stifle domestic dissent and dismiss foreign criticism ***Israeli Identity in Transition*** Anita Shapira, 2004-10-30 The last 15 years

have witnessed deep changes in Israeli society The naive solidarity of the early years of statehood has given way to more sophisticated approaches and the atmosphere of the 1990s was conducive towards critique and open discussion It was the age of the Oslo Accords of the large wave of immigrants from the Former Soviet Union economic growth and prosperity and a concurrent feeling of security and well being Israel was fast becoming a postcapitalist society a junior member of the global village This newly acquired self assurance led to openness towards unorthodox views on basic questions of Israeli identity The new mood found expression in the cultural climate and in the public debates The Zionist narrative in relation to the Palestinians the early troubled absorption of immigrants from Islamic countries the discrimination against the Arab Israeli minority the delay in the 1950s in incorporating the memory of the Holocaust into collective memory the Zionist attitude towards the Jewish Diaspora all these were issues on the cultural and intellectual agenda subjects of heated controversies This book attempts to come to grips with these themes The complex texture of Israeli society is drawn here by a number of hands presenting up to date approaches as viewed by experts

Sport and National Identity in the Post-War World

Dilwyn Porter, Adrian Smith, 2013-04-15 What is the relationship between sport and national identity What can sport tell us about changing perceptions of national identity Bringing together the work of established historians and younger commentators this illuminating text surveys the last half century giving due attention to the place of sport in our social and political history It Includes studies of English football and British decline Englishness and sport Ethnicity and nationalism in Scotland Social change and national pride in Wales Irish international football and Irishness Sport and identity in South Africa Cricket and identity crisis in the Caribbean Baseball exceptionalism and American Sport Popular mythology surrounding the sporting rivalry between New Zealand and Australia Sport and National Identity in the Post War World presents a wealth of original research into contemporary social history and provides illuminating material for historians and sociologists alike

Race and Arab Americans Before and After 9/11

Amaney Jamal, Nadine Naber, 2008-02-27 Bringing the rich terrain of Arab American histories to bear on conceptualizations of race in the United States this groundbreaking volume fills a critical gap in the field of U S racial and ethnic studies The articles collected here highlight emergent discourses on the distinct ways that race matters to the study of Arab American histories and experiences and asks essential questions What is the relationship between U S imperialism in Arab homelands and anti Arab racism in the United States In what ways have the axes of nation religion class and gender intersected with Arab American racial formations What is the significance of whiteness studies to Arab American studies Transcending multiculturalist discourses that have simply added on the category Arab American to the landscape of U S racial and ethnic studies after the attacks of September 11 2001 this volume locates September 11 as a turning point rather than as a beginning in Arab Americans

Oil and American Identity

Sebastian Herbstreuth, 2014-09-10 American dependence on foreign oil has long been described as a serious threat to U S national security and continues to be a political flashpoint even as domestic fracking eases the US reliance on imported

energy Oil and American Identity offers a fresh perspective on the subject by reframing energy dependency as a cultural discourse with intimate connections to American views on independence freedom consumption abundance progress and American exceptionalism Through a detailed reading of primary literature Sebastian Herbstreuth also shows how the dangers of foreign oil are linked to American descriptions of foreign oil producers as culturally different und thus undependable Herbstreuth shows how even reliable imports from the Middle East are portrayed as dangerous and undesirable because this region is particularly foreign from an American point of view while oil from friendly countries like Canada is cast as a benign form of energy trade Oil and American Identity rewrites the history of U S foreign oil dependence as a cultural history of the United States in the 20th century

Gender and French Identity after the Second World War, 1944-1954 Kelly Ricciardi Colvin,2017-09-07 The enfranchisement of women in Charles de Gaulle s France in 1944 is considered a potent element in the nation s self crafted triumphant World War Two narrative the French conquered by the Germans valiantly resisted until they rescued themselves and built a new democracy honoring France s longstanding liberal traditions Kelly Ricciardi Colvin s Gender and French Identity after the Second World War 1944 1954 calls that potent element into question By analyzing a range of sources including women s magazines trials memoirs and spy novels this book explores the ways in which culture was used to limit the power of the female vote It exposes a wide network of constructed behavioral norms that supported a conservative vision of French identity Taken together they depicted men as virile Resistors for French democracy and history and women as solely domestic support Indeed Colvin shows that women s access to the vote emerged alongside an explosion of cultural messages that encouraged them to retreat into the home to find mates to have millions of beautiful babies in the words of de Gaulle and not to challenge patriarchy in any way This is a vital study for understanding the nature of postwar France and women s history in 20th century Europe

The United States and Europe in the Twentieth Century David Ryan,2016-02-17 The relationship between the US and Europe in the 20th century is one of the key considerations in any understanding of international relations international history during this period David Ryan first sets the context by looking at the trends and traditions of America s foreign relations in the 19th century and then considers the changing nature of America s vision of Europe from 1900 to the present The book examines America s response to and involvement in the two World Wars including the structure of international power after the First World War and American reaction to the rise of Nazi Germany American European relations during the Cold War 1945 1970 are discussed and Ryan considers the contentious debate that America was trying to establish an empire by invitation Finally the book looks at the ever increasing unification of Europe and how this has affected America s role and influence
