# Quest For Total Bliss

**Srinivas Aravamudan**

## **Quest For Total Bliss:**

Osho Rajaneesh and His Disciples Harry Aveling, 1999 Osho Never Born Never Died Only visited this Planet Earth between December 11 1931 January 19 1990 As this final inscription suggests Osho Rajneesh was a paradox an individual with no claims to being an individual a Master with thousands of disciples who refused to be a Master He has variously been seen as the god that failed the most dangerous man since Jesus Christ and the Buddha for the future This book brings together some of the best short writings in English on Osho and neo Sannyasa Some of the pieces are celebratory some inquisitive but uncommitted some scholarly and some frankly sceptical The book is divided into four parts dealing with Osho himself his Community Meditation and Therapy and the Decline and Renewal of his movement with a postscript on the present commune Together the papers provide a full picture of a complex man and a vibrant if turbulent religious movement

**Quest** Mrs. J. C. Bates, 1864      **Psychobiographies and Godly Visions** Stephen A. Kent, 2025-08-06 This book argues that the religious visions and experiences of many religious founders were the result of mental health disorders or neurological conditions thereby calling into question supernatural origins about the faiths that they developed It constructs this argument by extensively utilizing psychiatric and other mental health and medical material that social scientists and religious studies scholars have underutilized in their analyses of religious experiences Using a multi disciplinary approach to examine psychobiographies of numerous major and minor religious figures in Judaism Christianity and Islam Ezekiel Sabbatai evi St Paul John Wesley and Muhammad along with leaders of many newer or alternative sects and cults Rajneesh Charles Manson L Ron Hubbard David Berg Marshall Applewhite Jim Jones Sun Myung Moon and Elizabeth Clare Prophet The book integrates material from religious studies psychiatry and psychology neurology and the social sciences to address issues related to religions origins Its extensive bibliography makes it an indispensable resource for scholars of psychiatry and religion new religious movements and religious narcissism      *Research in the Social Scientific Study of Religion* Joanne Marie Greer, David O. Moberg, Monty L. Lynn, 2001-04-01 Various articles are presented covering psychological sociological and cross cultural topics or relevance to religious spiritual researchers and academics      **Moon Sisters, Krishna Mothers, Rajneesh Lovers** Susan J. Palmer, 1994 Explores the role of women in seven unorthodox religious movements in Western culture Based on interviews and first hand data the study illustrates a range of roles celibate sister devoted Hindu wife sexually expressive lover veiled Nubian bride in polygamy and asexual shaman      Language and Nationality Pietro Bortone, 2021-09-23 What role does language play in the formation and perpetuation of our ideas about nationality and other social categories And what role does it play in the formation and perpetuation of nations themselves and of other human groups Language and Nationality considers these questions and examines the consequences of the notion that a language and a nationality are intrinsically connected Pietro Bortone illustrates how our use of language reveals more about us than we think is constantly judged and marks group insiders and group outsiders Casting doubt on several assumptions common

among academics and non academics alike he highlights how languages significantly differ among themselves in structure vocabulary and social use in ways that are often untranslatable and can imply a particular culture Nevertheless he argues this does not warrant the way language has been used for promoting a national outlook and for teaching us to identify with a nation Above all the common belief that languages indicate nationalities reflects our intellectual and political history and has had a tremendous social cost Bortone elucidates how the development of standardized national languages while having merits has fostered an unrealistic image of nations and has created new social inequalities He also shows how it has obscured the history of many languages artificially altered their fundamental features and distorted the public understanding of what a language is

**The Quest for Truth; On Finding the Grail ,      The Rajneesh Papers** Susan J. Palmer,Arvind Sharma,1993-01-01 Contributed articles      Research in the Social Scientific Study of Religion, Volume 7 ,2021-11-22 The purpose of this book is to provide an outlet for original research articles examining the role and value of religious and spiritual constructs across the social sciences The aim of the series is to include an international and interfaith voice to this research dialogue An effort is made to be interdisciplinary and academically eclectic The articles in each volume represent a wide array of perspectives and research projects Most of the articles report the findings of quantitative or qualitative investigations but some deal with methodology theory or applications of social science studies in the field of religion and some are applied demonstrating the relevance of the social sciences to religious organizations and their clergy The value of the volume is that it gives to researchers in this area a broad perspective on the issues and methods of religious research across a spectrum of academic disciplines The aim of the book is to stimulate a creative integrative dialogue that will enhance interdisciplinary research

**Across The Boundaries Of Belief** Morton Klass,2018-02-20 This book focuses on anthropological questions and methods and is offered as a supplement to textbooks on the anthropology of religion It is designed to help students collecting and interpreting their own fieldwork or archival data and relating their findings to the work of others

Jeff Walker, 2012-03-30

Despised by the intellectual establishment, Ayn Rand continues to attract many thousands of devoted followers. Her Objectivist movement preaches an uncompromising hard line on politics, art, sex, and psychological health. Though much has been written about Rand, *The Ayn Rand Cult* is the first book to explain the true origin of her ideas and to show how they were shaped into a new atheistic religion. Jeff Walker shatters many myths about Rand, exposing Objectivism as a classic cult, unusual because of its overt emphasis on self-interest, rationality, and atheism, but typical of cults in its guru worship, thought control, trial and excommunication of deviants, and hostility to existing society. —*The Quest for Meaning*

, 2009-01-01

*The Quest for Meaning: Teaching, Learning, and the Arts* presents a narrative arts-based approach to pedagogy and research in higher education. Through narratives of experience, the book offers revealing, poignant examples of the transformative power of the arts and of narrative inquiry in learners' lives and of the centrality of story in their ongoing quest for meaning. *The Quest for Meaning* will be valuable in a wide range of graduate and undergraduate settings. It provides a framework for the development of new pedagogies which integrate the theory and practice of narrative arts-based approaches to education. The work makes a contribution to the fields of narrative and arts-based inquiry and pedagogy, qualitative research methods, holistic and integrated studies, and self-directed inquiry. It will appeal to a range of audiences who are interested in this creative integrative approach to education and who want to gain insights into how students learn from their own unique perspectives. Grounded in Dr. Beattie's interconnected approach to research and pedagogy, the book begins with her own story of teaching, learning, research, and the arts. This provides the backdrop to an account of a collaborative pedagogy designed to enable students to conduct in-depth narrative inquiries into their lives and to learn how to do narrative arts-based research with others. The author provides insights into the practices and processes of solitary and collaborative inquiry and the interaction and integration that take place within the three kinds of dialogue she proposes: the dialogue with the self, the dialogue with others, and the dialogue between the dialogues. The book's other twelve narratives show from learners' unique perspectives how the creation and re-creation of their ways of knowing and being is a distinctively individual process involving all aspects of their humanity. Individually, these narratives provide valuable glimpses into the challenges, the joys, the frustrations, and emotionality and the important personal satisfactions involved in the processes of learning, unlearning, and re-learning. In their own voices, these learners tell of the diverse ways in which they became more responsive to their own inner lives, to the perspectives and understandings of others, and to the creation of more meaningful narratives for their current and future lives. Collectively, the narratives highlight the importance of recognizing personal experience in settings of higher education. They also present compelling evidence for acknowledging the significance of inquiry, creativity, imagination, dialogue, interaction, and integration in enabling learners to bring the whole

of their being to the learning process to the exploration of the stories by which they live and to the creation of new narratives for their future lives

**Guru English** Srinivas Aravamudan, 2006 *Guru English* is a bold reconceptualization of the scope and meaning of cosmopolitanism examining the language of South Asian religiosity as it has flourished both inside and outside of its original context for the past two hundred years The book surveys a specific set of religious vocabularies from South Asia that Aravamudan argues launches a different kind of cosmopolitanism into global use Using *Guru English* as a tagline for the globalizing idiom that has grown up around these religions Aravamudan traces the diffusion and transformation of South Asian religious discourses as they shuttled between East and West through English language use The book demonstrates that cosmopolitanism is not just a secular Western discourse that results from a disenchantment with religion but something that can also be refashioned from South Asian religion when these materials are put into dialogue with contemporary social movements and literary texts Aravamudan looks at religious forms of neoclassicism nationalism Romanticism postmodernism and nuclear millenarianism bringing together figures such as Swami Vivekananda Sri Aurobindo Mahatma Gandhi and Deepak Chopra with Rudyard Kipling James Joyce Robert Oppenheimer and Salman Rushdie *Guru English* analyzes writers and gurus literary texts and religious movements and the political uses of religion alongside the literary expressions of religious teachers showing the cosmopolitan interconnections between the Indian subcontinent the British Empire and the American New Age

*From Your Mat to Your Memoir* Rebecca Lyn Gold, 2024-02-11 When we encounter obstacles in our writing it's easy to assume the problem is all in our heads But yoga philosophy teaches us that nothing is all in our heads in part because our minds are just one layer through which we experience our world We must make space for the stories to reveal themselves before we write But how do we do that Rebecca Lyn Gold tackles that question by introducing the pancha kosha theory in yogic philosophy which highlights the five layers of awareness through which we experience life She explores how to balance the philosophy alongside practices that bring awareness to each layer in a way that reveals memories and stories She also leads readers on a twenty one day journey that includes yogic practices and writing prompts to find and write your life stories You will be introduced to yoga poses to open areas of the body where trauma or memories may be stored breath control practices to stimulate and balance the brain and meditations with mudras and mantras to gain insight and inspiration Discover how to write deep authentic life stories with the insights lessons and exercises in *From Your Mat to Your Memoir*

*Religion and Anthropology* Brian Morris, 2006 This important textbook provides a critical introduction to the social anthropology of religion focusing on more recent classical ethnographies Comprehensive free of scholastic jargon engaging and comparative in approach it covers all the major religious traditions that have been studied concretely by anthropologists Shamanism Buddhism Islam Hinduism Christianity and its relation to African and Melanesian religions and contemporary Neopaganism Eschewing a thematic approach and treating religion as a social institution and not simply as an ideology or symbolic system the book follows the dual heritage of social anthropology

in combining an interpretative understanding and sociological analysis The book will appeal to all students of anthropology whether established scholars or initiates to the discipline as well as to students of the social sciences and religious studies and for all those interested in comparative religion      GameAxis Unwired ,2006-05 GameAxis Unwired is a magazine dedicated to bring you the latest news previews reviews and events around the world and close to you Every month rain or shine our team of dedicated editors and hardcore gamers put themselves in the line of fire to bring you news previews and other things you will want to know      **In Search of the One Love** Pasquale De Marco,2025-07-16 Embark on an extraordinary odyssey to unravel the enigmatic essence of love a force that has captivated hearts and ignited souls since the dawn of time In Search of the One Love is a profound exploration of love s multifaceted nature revealing its universal language divine inspiration and eternal flame Within these pages you ll discover love s divine inspiration a celestial force that transcends the boundaries of time and space Love is the cosmic kiss the unseen hand that orchestrates the universe s intricate symphony It is the divine alchemy that transforms hearts and souls elevating them to a higher plane of existence Explore the symphony of hearts a harmonious dance of emotions that brings solace to our souls Love is the melody that resonates within our hearts filling us with joy and passion It is the language of vulnerability where we shed our armor and reveal our true selves Through love we discover the courage to embark on uncharted territories and forge connections that transcend the limitations of our own existence Unveil the essence of true love an enduring flame that defies the ravages of time True love weathers the storms of adversity growing stronger with each passing day It transcends the boundaries of life and death leaving an eternal imprint on our hearts In Search of the One Love is a tapestry of emotions a poignant exploration of love s enduring impact on humanity It is a journey of self discovery a quest to understand the complexities of our own hearts and the profound connections we share with others Through this exploration we discover the essence of true love a timeless treasure that enriches our lives and leaves an everlasting legacy Immerse yourself in the pages of In Search of the One Love and embark on a transformative journey into the heart of love Discover the divine inspiration the harmonious symphony and the eternal flame that define this enigmatic force Let love s celestial embrace awaken your soul and guide you towards a deeper understanding of life s greatest mystery If you like this book write a review      **The Prophecy of the New Age** Pasquale De Marco,2025-03-08 In an era of uncertainty and change a new prophecy emerges guiding us toward a future filled with both promise and peril The Prophecy of the New Age is a captivating journey through the realms of destiny unveiling the secrets of the cosmos and the hidden truths of our existence Prepare to embark on an odyssey that spans time and space where you will encounter enigmatic symbols cryptic messages and glimpses of a world beyond our ordinary perception Through the words of ancient oracles the dreams of mystics and the prophecies of modern day seers this book unravels the tapestry of fate and destiny As you navigate the labyrinth of prophecy you will confront challenges that test your faith and resolve Yet in the midst of adversity you will discover a hidden strength within yourself a spark of divinity that

guides you toward your true destiny Meet visionaries who dare to dream of a better world warriors who fight for justice and truth and healers who mend the wounds of a broken world Witness the unfolding of a grand tapestry woven with the threads of fate and destiny as these heroes shape the course of history and ignite the flames of a new age This book is an exploration of the power of prophecy a quest to uncover the hidden truths that shape our lives It is a call to action urging us to embrace the wisdom of the ages and align ourselves with the forces of light As you delve into the depths of prophecy you will discover that the power to shape your destiny lies not in the stars or in the hands of fate but within yourself The Prophecy of the New Age is a journey of self discovery a testament to the limitless potential of the human spirit If you like this book write a review

Indictment of Caste System through Indian fiction Dr. Mamta Bagria, Dr. Sangeeta Jhaharia, 2019-03-07 The authors within the fringes of this book have tried to bring in the salient features of the philosophical and sociological foundation of caste The objective of this book is to i Provide a brief historical survey of caste and the state of caste at the present time ii Outline the theoretical foundation of caste iii Illustrate different theoretical approaches through well known works of Indian English fictions of Mulk Raj Anand Bhabani Bhattacharya and Arundhati Roy It appears that the well read authors have their focus on the Indian background all through the book
