Love's Knowledge Martha C. Nussbaum, 1990 This volume brings together Nussbaum s published papers on the relationship between literature and philosophy especially moral philosophy The papers many of them previously inaccessible to non specialist readers deal with such fundamental issues as the relationship between style and content in the exploration of ethical issues the nature of ethical attention and ethical knowledge and their relationship to written forms and styles and the role of the emotions in deliberation and self knowledge Nussbaum investigates and defends a conception of ethical understanding which involves emotional as well as intellectual activity and which gives a certain type of priority to the perception of particular people and situations rather than to abstract rules She argues that this ethical conception cannot be completely and appropriately stated without turning to forms of writing usually considered literary rather than philosophical It is consequently necessary to broaden our conception of moral philosophy in order to include these forms Featuring two new essays and revised versions of several previously published essays this collection attempts to articulate the relationship within such a broader ethical inquiry between literary and more abstractly theoretical elements

The Romantic Love Question & Answer Book Nathaniel Branden, E. Devers Branden, 1982

Marion, Love, and Nihilism Matthew C. Kruger, 2024-11-19 The foundation of this book is the work of Jean Luc Marion who writes at length about the problems of vanity and nihilism and offers an answer in love specifically Christian love A complication that arises however is that Marion argues that love is absent in the respective responses to nihilism of Friedrich Nietzsche and Martin Heidegger two figures who play a key role in the development of his thought and who also have their own notions of love In *Marion Love and Nihilism* Matthew C Kruger explores this series of questions by providing first an overview of the responses to nihilism found in these figures then a close reading of Marion s thoughts on the matter before moving to accounts of the concept of love in Nietzsche and Heidegger The book then finishes with a further critique of Marion s work relying on the thought of Nishitani Keiji Kruger argues that while Marion correctly identifies an answer in love as did Heidegger Nietzsche and Nishitani in their own ways Marion s thought ends in world denial and thus
