**The New Reform Judaism** Dana Evan Kaplan,2020-04-01 This is the book that American Jews and particularly American Reform Jews have been waiting for a clear and informed call for further reform in the Reform movement In light of profound demographic social and technological developments it has become increasingly clear that the Reform movement will need to make major changes to meet the needs of a quickly evolving American Jewish population Younger Americans in particular differ from previous generations in how they relate to organized religion often preferring to network through virtual groups or gather in informal settings of their own choosing Dana Evan Kaplan an American Reform Jew and pulpit rabbi argues that rather than focusing on the importance of loyalty to community Reform Judaism must determine how to engage the individual in a search for existential meaning It should move us toward a critical scholarly understanding of the Hebrew Bible that we may emerge with the perspectives required by a postmodern world Such a Reform Judaism can at once help us understand how the ancient world molded our most cherished religious traditions and guide us in addressing the increasingly complex social problems of our day

*Hesed and Tzedakah* Walter Jacob, Walter Homolka, 2006-07-18 From a Jewish perspective divine action in this world revolves around two poles Hesed and Tzedakah There is one fundamental difference between them Hesed describes those actions of God that arise not from obligation but instead are spurred by pure love for humankind by grace and mercy Tzedakah by contrast touches on God's righteous interaction within his covenant as well as justice observed by man seeking harmony with God's will Each of the terms applies to both God and man Hesed and Tzedakah emanate from God and eventually should transform a person into a Hasid and a Tzaddik The authors of this volume parse the subtlety of different meanings behind this pair of terms from Bible to modernity

From Christian Science to Jewish Science Ellen M. Umansky, 2005 During the late nineteenth and early twentieth centuries thousands of American Jews were drawn to the teachings of Christian Science Viewing such attraction with alarm American Reform Rabbis sought to counter Christian Science s appeal by formulating a Jewish vision of happiness and health Unlike Christian Science it acknowledged the benefits of modern medicine yet sharing the belief in God as the true source of healing similarly emphasized the power of visualization and affirmative prayer Though the numbers of those formally affiliated with Jewish would remain small its emphasis on the connection between mind and body influenced scores of rabbis and thousands if not hundreds of thousands of American Jews predating contemporary Jewish interest in spiritual healing by more than seventy years Examining an important and previously unwritten chapter in the story of American Judaism this book sheds light on religious and social

concerns of twentieth century American Jewry including ways in which adherence to Jewish Science helped thousands bridge the perceived gap between Judaism and modernity
