**(The Local Authorities (Executive Arrangements)  
(Access to Information) (England) Regulations 2000)  
(Regulation 16)**

THE LEADER OF THE COUNCIL SEEKS THE APPROVAL OF THE CHAIRMAN OF THE CORPORATE OVERVIEW AND SCRUTINY COMMITTEE (OR IF HE OR SHE IS UNWILLING OR UNABLE TO ACT, THE CHAIRMAN OR VICE-CHAIRMAN OF THE COUNTY COUNCIL) TO THE DECISION BEING EXEMPT FROM CALL-IN AS DELAY LIKELY TO BE CAUSED BY THE CALL-IN PROCESS WOULD MEAN THAT A CONTRACT VARIATION CANNOT TAKE PLACE PRIOR TO THE CONTRACTUAL BREAK NOTICE DATE

---

**SUBJECT:** Entrust Service Delivery Agreement

---

### **BACKGROUND:**

In February Cabinet agreed to the termination of services under the service delivery agreement because a sustainable financial arrangement could not be agreed between the Council and Capita for the arrangements to continue as proposed by Capita.

Subsequently negotiations have taken place that confirm some services to cease and return to Council direct delivery but also some services to remain under a varied service delivery agreement.

---

### **REASONS WHY THE MAKING OF THE DECISION IS URGENT AND CANNOT REASONABLY AWAIT THE NEXT SCHEDULED MEETING OF THE CABINET:**

The decision can be made at the next Cabinet meeting on 15<sup>th</sup> June but the decision would need to be implemented by the 30<sup>th</sup> June in accordance with the current contractual terms. This does not allow sufficient time for scrutiny and further consideration by Cabinet.

Elements of Economics of Industry Alfred Marshall, 1893      **Principles of Economics** Alfred Marshall, 1910      The Nature of Mathematical Knowledge Philip Kitcher, 1984 This book argues against the view that mathematical knowledge is a priori contending that mathematics is an empirical science and develops historically just as natural sciences do Kitcher presents a complete systematic and richly detailed account of the nature of mathematical knowledge and its historical development focusing on such neglected issues as how and why mathematical language changes why certain questions assume overriding importance and how standards of proof are modified      **Hansard's Parliamentary Debates** Great Britain. Parliament, 1881      **The Journal of the Assembly, During the ... Session of the Legislature of the State of California** California. Legislature. Assembly, 1901      **On the National Question** VI Lenin, 2025-01-28 Tsarist Russia was a prison house of nations A majority of the population belonged to national groups oppressed by the tsarist regime which suppressed their languages their religions and their cultures The national question was therefore crucial from the point of view of the workers movement It could only be solved with a revolutionary programme This was a complex question which required firmness in principle and extraordinary flexibility in tactics in combining two different aspects the unity of the working class in one party cutting across national barriers in the common struggle against autocracy and the defence of right of nations of to self determination including their right to form an independent country if they so wished Lenin s ideas and method shine as a remarkable example of this approach The struggle with the Jewish Workers Union the Bund and the polemic with the Polish Social Democrats clarified the revolutionary perspective on the national question Once in power Lenin and the Bolsheviks carried out their programme in practice in the extremely difficult conditions of the civil war and foreign military intervention It was precisely the national question which formed the battleground for Lenin s last struggle against the rising bureaucracy and its heavy handed Great Russian chauvinist approach The national question once again is coming to the fore in this epoch of crisis and instability Lenin s patience and his method of putting forward a class perspective on this question is a rich tradition for communists to learn from today      Resolutions and Recommendations Adopted by the Assembly During Its ...
