Native and National in Brazil Tracy Devine Guzmán, 2013-05-27 How do the lives of indigenous peoples relate to the romanticized role of Indians in Brazilian history politics and cultural production Native and National in Brazil charts this enigmatic relationship from the sixteenth century to the present focusing on the consolidation of the dominant national imaginary in the postindependence period and highlighting Native peoples ongoing work to decolonize it Engaging issues ranging from sovereignty citizenship and national security to the revolutionary potential of art sustainable development and the gendering of ethnic differences Tracy Devine Guzman argues that the tensions between popular renderings of Indianness and lived indigenous experience are critical to the unfolding of Brazilian nationalism on the one hand and the growth of the Brazilian indigenous movement on the other Devine Guzman suggests that the indigenous question now posed by Brazilian indigenous peoples themselves how to be Native and national at the same time can help us to rethink national belonging in accordance with the protection of human rights the promotion of social justice and the consolidation of democratic governance for indigenous and nonindigenous citizens alike

O Artesanato da

Produção Acadêmica Crenivaldo Regis Veloso Junior, 2024-08-16 Este livro O artesanato da Produção Acadêmica a trajetória da antropóloga Heloisa Fellen resultando de uma tese de mestrados valores originais na medida em que constrói uma trama articulando a vida privada da artista antropóloga e o conhecimento que ela produziu Crenivaldo Veloso faz uma belíssima história social da antropologia brasileira contando a história de uma mulher que corajosa partiu sozinha para o trabalho de campo. Heloisa Fellen era artista tornou-se antropóloga e saiu em busca da arte indígena especificamente a arte dos Karajás que faziam e fazem famosas e expressivas bonecas. Em campo constatou que as mulheres eram as artistas e com elas estabeleceu uma relação de reciprocidade tanto ensinando a sua arte como aprendendo com elas. Veloso descobriu uma forma original de fazer antropológico o trabalho de Fellen expressava a subjetividade na ciência quando todos buscavam a neutralidade. Longe de ser apenas uma biografia o livro exalta a vida dos Karajás e representa parte significativa da história do Museu Nacional e do seu Setor de Etnologia e Etnografia que Fellen dirigiu por longo tempo. Com ela as coleções etnográficas foram tratadas como patrimônio cultural. Um acervo que em 2018 foi atingido por chamas imponentes que chegaram a abalar o autor mas não o imobilizaram pois os registros da memória não desapareceram e permitiram a publicação deste livro que deve ser lido por todos.
