Lambasa, Valija K. Ozolins, 1986-10-21 Among nineteenth century novelists there is probably none who speaks so directly to the modern reader as Fedor Dostoevski His visions of alienation and terror have not lost their power to shake our complacency even in this present age hardened as it is to violence and social decay In this stimulating collection of essays a distinguished group of specialists in comparative literature and the social sciences explores the themes and problems with which Dostoevski struggled as both a writer and as a man and assesses their continuing relevance to the modern world Encompassing a wide range of topics and perspectives this collection enriches our knowledge and appreciation of a writer whose prophetic visions of alienation and explorations of the dark side of the human psyche continue to fascinate readers and students of the human condition **Masterplots** Frank Northen Magill, 1996 Voices of the Storyteller Lorraine Roses, 1986-06-18 *Martin Andersen Nexø* Aldo Keel, 2004 *Leben und Werk des d nischen Arbeiterschriftstellers Martin Andersen Nex 1869 1954* Elmer Diktonius George C. Schoolfield, 1985-08-20 The poems of Elmer Diktonius place him in the forefront of literary expressionism His idylls and his novel give him high rank among Northern Europe s greatest literary innovators in the twentieth century He has an unusual drama because of his ambiguous involvement with the politics of the left and his hesitation between internationalism and a deep Finnish patriotism George C Schoolfield provides the uninitiated reader with a biographical and critical overview of Diktonius s life and work and calls attention to his artistic triumphs defeats and contradictions **Lessing and the Enlightenment** Alexej Ugrinsky, 1986-08-18 This essay collection grew out of a Hofstra University conference on the life works and influence of Gotthold Ephraim Lessing the eighteenth century German playwright critic and philosopher who essentially established a new national literature in Germany during the Enlightenment The volume is divided into two main sections in which various scholars confront and reevaluate two contrasting aspects of Lessing s character the irrational poet and the rational thinker In the first section Lessing s aesthetics are discussed His link to English literature as well as his influence upon the then emerging novel are the subject of special consideration here In the second section Lessing s philosophical connection to traditions such as utopianism classical republicanism and eighteenth century humanism is discussed Also considered are Lessing s intellectual connections with Rumanian literature feminist and other ideological interpretations of his works and his relation to some of his contemporaries An introductory article stresses current and future trends in Lessing scholarhip **The Cumulative Book Index** , 1985 A world list of books in the English language **Klaus Rifbjerg** Charl S. Rifbjerg's place both in the contemporary Danish literary scene and in modern letters. Century Hofstra University, 1987-06-16 Born in 1749 Johann Wolfgang von Goethe was one of the giants of world literature and the last European to embody the multi-faceted expertise of the Renaissance personality. Assembled to commemorate the 150th anniversary of his death the essays included here are appropriately written from a variety of perspectives literary humanistic and scientific. A genuinely interdisciplinary collection this volume is witness to the powerful influence Goethe's works have had on a wide range of subjects from fiction drama and art to physics psychology and psychiatry. The collection also demonstrates the extent to which his ideas have transcended national boundaries as well as historic ones. Auteurs européens du premier XXe siècle Jean-Claude Polet, 2002 La Deuxième Guerre mondiale a sonné le déclin politique des puissances d'Europe occidentale et le déplacement des pôles de l'axe historique du monde. Les facteurs d'empire dans le même temps sont passés à la faveur des triomphes technologiques des ordres politique et militaire et de la symbolique du sacré. L'ordre cynique des rapports de force politique économique et militaire. Dans le même mouvement la légitimité du sens de l'existence est passée sous le couvert de fausses fractures idéologiques de la sphère publique la sphère privée les évidences les références les connivences et les cohérences de la conscience universelle sont devenues précaires celles de la conscience individuelle de plus en plus virtuelles celles de la conscience collective fluctuantes. La conscience cependant quelles qu'en soient les instances fut toute soumise aux déstabilisations ou aux constructions du dire par le discours. La reconstruction de l'Europe et les promesses de l'Union européenne n'ont rien changé fondamentalement aux nouveautés inouïes perçues par les écrivains et au propos de leurs œuvres. Ainsi les littératures européennes ont durablement affectées en y réfléchissant quelquefois par les ruptures et les débandades des certitudes de tous ordres. Elles ont reflété le plus souvent dans leurs formes et leurs thématiques et cela parfois jusqu'à l'auto-mutilation les vertiges et les désarrois d'un univers où se prélassaient au hasard les idées aux mots les formes aux choses les réalités aux systèmes sans vérités établies. Elles ont proposé plus rarement de nouvelles profondeurs. Ce volume qui réunit 88 auteurs européens de 30 langues différentes morts de 1940-1958 et en donne en français des textes représentatifs entend faire découvrir ce que devinrent alors les lettres dans la crise de l'identité européenne.
