unionist communities in social realist dramas in 1980s British and Irish cinema to today through periods such as those focused on violent paramilitaries in the 1990s and irreverent comedy after the Northern Ireland peace process The book addresses the perception that the Irish nationalist community has been depicted more frequently and favourably than unionism in films about the period of conflict known as The Troubles Often argued to be the result of an Irish nationalist bias within Hollywood Gallagher argues that there are other inherent and systemic reasons for this cinematic deficit
