Rose Macaulay: a Writer's Life Jane Emery, 1991 Modernist Women Writers and Spirituality Elizabeth Anderson, Andrew Radford, Heather Walton, 2016-12-22 Concentrating on female modernists specifically this volume examines spiritual issues and their connections to gender during the modernist period Scholarly inquiry surrounding women writers and their relation to what Wassily Kandinsky famously hoped would be an Epoch of the Great Spiritual has generated myriad contexts for closer analysis including feminist theology literary and religious history psychoanalysis queer and trauma theory This book considers canonical authors such as Virginia Woolf while also attending to critically overlooked or poorly understood figures such as H D Mary Butts Rose Macaulay Evelyn Underhill Christopher St John and Dion Fortune With wide ranging topics such as the formally innovative poetry of Stevie Smith and Hope Mirrlees to Evelyn Underhill s mystical treatises and correspondence this collection of essays aims to grant voices to the mostly forgotten female voices of the modernist period showing how spirituality played a vital role in their lives and writing Women Writers of the First World War: An Annotated Bibliography Sharon Ouditt, 2002-01-22 They also serve who only stand and wait The idea of there being a women s writing during the First World War is often dismissed The war the story goes was a masculine domain and as women did not fight it is also assumed that they were excluded from a war experience This bibliography challenges that view by listing and annotating hundreds of published books articles memoirs diaries and letters written by women during the First World War Included are Virginia Woolf Katherine Mansfield G B Stern Brenda Girvin known and unknown autobiographers and diarists writers of pro and anti war propaganda journal and magazine articles literary cultural and historical criticism

Reading the Ruins Leo Mellor, 2011-09-15 From fires to ghosts and from flowers to surrealist apparitions the bomb sites of London were both unsettling and inspiring terrains Yet throughout the years prior to the Second World War British culture was already filled with ruins and fragments They appeared as content with visions of tottering towers and scraps of paper and also as form in the shapes of broken poetics But from the outbreak of the Second World War what had been an aesthetic mode began to resemble a proleptic template During that conflict many modernist writers such as Graham Greene Louis MacNeice David Jones J F Hendry Elizabeth Bowen T S Eliot and Rose Macaulay engaged with devastated cityscapes and the altered lives of a nation at war To understand the potency of the bomb sites both in the Second World War and after **Reading the Ruins** brings together poetry novels and short stories as well as film and visual art Gerald O'Donovan: A Life John F. Ryan, 2022-11-17 This is the first full length study of the life and work of novelist Gerald O Donovan 1871 1942 a Catholic priest and social and cultural activist who having abandoned the priesthood became a writer and publisher As a priest in Loughrea Co Galway he was a very public figure in Irish life in several different areas He was friendly with W B Yeats Lady Gregory and George Moore and actively promoted the Celtic Revival He was also a friend of Douglas Hyde and Sir Horace Plunkett and for a number of years he was a national figure in their respective organizations the Gaelic League and the Co

operative Movement After his marriage to Beryl Verschoye he moved to England and subsequently published six novels the best known and most controversial of which was *Father Ralph* 1913 a portrait of the artist as a priest He also spent time working in the British Department of Propaganda under Lord Northcliffe where H G Wells was one of his colleagues This biography of an important and strangely neglected figure allows us new insights into a whole range of interesting cultural moments in twentieth century Irish life including the beginnings of literary modernism the flourishing of the Irish literary revival and the emergence of a dissident strand within the Catholic clergy Based on a rich and previously untapped array of archival material in Ireland Britain and the US the book provides both a much needed reassessment of O Donovan s work and also a history of Irish writing during those early decades of the twentieth century that saw the development of a new and powerful national literature

Modernism on Fleet Street Patrick Collier, 2016-12-05 British modernism came of age at a time of great cultural anxiety about the state of journalism The new newspapers with their brief flashy articles striking visuals hyperbolic headlines and sensational news stood at the center of debates about reading in the period seeming to threaten the viability of representative democracy the health and vitality of the language and the very future of literature itself Patrick Collier's study brings an impressive array of archival research to his exploration of modernism's relationship to the newspaper press People who sought to make their way as writers could neither remain neutral on this issue nor abandon journalism which offered an irreplaceable source of income and self advertisement Collier discusses five modern writers T S Eliot James Joyce Virginia Woolf Rebecca West and Rose Macaulay showing how their work takes part in contemporary debates about journalism and examining the role journalism played in establishing their careers In doing so he uncovers tensions and contradictions inherent in the identity of the serious artist who relied on the ephemeral forms of journalism for money and reputation

Fighting Forces, Writing Women Sharon Ouditt, 2020-09-23 In a period of high idealism and titanic illimitable death women often found themselves longing to play an active role alongside their male compatriots In this fascinating work Sharon Ouditt examines the traumatic nature of women's experiences during the Great War and the complex ideological structures they constructed in order to legitimate their position in the public world of work and politics Using a wealth of historical material contemporary propaganda journals magazines memoirs and fiction Sharon Ouditt challenges the notion that women achieved sudden and unproblematic independence and demonstrates the ways in which women mediated their attraction to a fixed female identity with their desire for radical social change

Semi-detached Idealists Martin Ceadel, 2000 Britain s semi detached geographical position has helped to give it the world s strongest peace movement Secure enough from invasions to be influenced by an idealistic approach to international relations unlike most of Europe yet too close to the continent for isolationism to be an option as it was in the United States the country has provided favourable conditions for those aspiring not merely to prevent war but to abolish it The period from the Crimean War to the Second World War marked the British peace movement s age of maturity In 1854 it was obliged for the first time to contest a decision and moreover a highly popular one to enter war It survived the resulting adversity and gradually rebuilt its position as an accepted voice in public life though by the end of the nineteenth century its leading associations such as the Peace Society were losing vitality as they gained respectability Stimulated by the First World War into radicalizing and reconstructing itself through the formation of such associations as the Union of Democratic Control the No Conscription Fellowship and the Fellowship of Reconciliation the movement endured another period of unpopularity before enjoying unprecedented influence during the inter war years the era of the League of Nations Union the Oxford Union s King and country debate the Peace Ballot and the Peace Pledge Union Finally however Hitler discredited much of the agenda it had been promoting the previous century or more This book is the first comprehensive and authoritative study of this subject It covers all significant peace associations and campaigns and is based on an extensive use of archival as well as printed sources Its subject matter is of relevance both to historians of nineteenth and twentieth century British politics and to specialists in international relations interested in the anti realist tradition

The Love-charm of Bombs Lara Feigel, 2013-07-09

The nightly routine of sirens barrage the probing raider the unmistakable engine the bomb bursts moving nearer and then

moving away hold one like a love charm Graham Greene When the first bombs fell on London in August 1940 the city was transformed overnight into a strange kind of battlefield For most Londoners the sirens guns planes and bombs brought sleepless nights fear and loss But for a group of writers the war became an incomparably vivid source of inspiration the blazing streets scenes of exhilaration in which fear could transmute into love In this powerful chronicle of literary life under the Blitz Lara Feigel vividly conjures the lives of five prominent writers Elizabeth Bowen Graham Greene Rose Macaulay Hilde Spiel and the novelist Henry Green Starting with a sparkingly detailed recreation of a single night of September 1940 the narrative traces the tempestuous experiences of these five figures through five years in London and Ireland followed by postwar Vienna and Berlin Volunteering to drive ambulances patrol the streets and fight fires the protagonists all exhibited a unified spirit of a nation under siege but as individuals their emotions were more volatile As the sky whistled and the ground shook nerves were tested loyalties examined and torrid affairs undertaken Literary historian and journalist Feigel brilliantly and beautifully interweaves the letters diaries journalism and fiction of her writers with official records to chart the history of a burning world experienced through the eyes of extraordinary individuals
